STATISTICAL SUMMARY

Department of Statistics and Survey

TED W. WILLIAMS, *Secretary*

The year 1964 has been a good year for Southern Baptist work in North Carolina. There have been increases in most departments as reported in the following summary.

The eighty (80) associations in the state start having their annual meetings in August and the last one meets late in October. The statistics given here are for the associational year and therefore will not agree with records kept by the calendar year, or by year ending September 30 as recorded by other divisions and departments of the convention. We are indebted to the Associational Clerks for providing the data from each of the associations. Without their cooperation this state-wide statistical summary would not be possible.

AUDITOR'S REPORT

Auditor's Statement

EXECUTIVE COMMITTEE OF THE GENERAL BOARD
BAPTIST STATE CONVENTION OF NORTH CAROLINA
RALEIGH, NORTH CAROLINA

Gentlemen:

We have examined the balance sheet of the Baptist State Convention of North Carolina as of December 31, 1964, and the related statements of income and changes in fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. The statements, which are a part of this report, show the condition of the General, Education and Social Service Institutions Funds at December 31, 1964, and the results of the income and expenses for the year then ended. The statements of the North Carolina Baptist Assembly, the Fruitland Baptist Camp and the Fruitland Baptist Bible Institute cover the operations for the period of twelve months ended December 31, 1964, and, in addition, give a reconciliation of cash. The funds shown as sent direct are taken from reports received by the Convention and were not otherwise verified by us.

All cash receipts were found to be promptly deposited in the bank and disbursements were supported by cancelled checks, invoices or other evidence, with expenses properly classified. Our examination did not disclose any evidence of irregularities and we believe the funds have been carefully and honestly handled and accounted for.

In our opinion, the accompanying balance sheet and statements of income and expenses and fund balances present fairly the financial position of the Baptist State Convention of North Carolina at December 31, 1964, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to such organizations, applied on a basis consistent with that of the preceding year.

Respectfully submitted,
A. T. ALLEN & COMPANY

CHARLES NIXON ROYAL

1897-1965

Charles Nixon Royal was born September 4, 1897, in Salemburg, North Carolina, and after his ordination to the gospel ministry by the Salemburg Baptist Church on March 16, 1920, he served God and his fellow man for more than forty years as a pastor.

Nixon Royal was educated in the Salemburg schools, and then received the B.A. Degree from Wake Forest College in 1923, and in 1926 he earned a Th.G. from the Southern Baptist Theological Seminary.

He married Leah Ellen Stanley of Lumberton on June 23, 1926, and found in her a love and loyalty and understanding that was evident in the life and ministry they shared. Two children were born to them: the late Nixon Stanley Royal and a daughter, Ruth Stanley, who is married to Jerry P. Poovey.

After serving student pastorates in Kentucky and for five years as pastor in Paris, Arkansas, Nixon Royal came back to his home state. He served as Pastor of Calvary Baptist Church, Morganton (1931-1934), of the Green Street Baptist Church, High Point (1934-1940), First Baptist Church, Rutherfordton (1940-1944), and the Angier Avenue Baptist Church, Durham (1944-1964). During his pastorates, 5,204 people came into church membership; 2,681 of them for Baptism.

Mr. Royal served his denomination well and was President of the North Carolina Baptist Pastors' Conference, served three times on the General Board of the North Carolina Baptist State Convention, and at the time of his death, was a member of the Nominating Committee of the Baptist State Convention. He also served as moderator of the Mount Zion Association (before Yates Association was formed) and held various positions in the Yates Baptist Association. In Durham, he served as a director of the Lions Club.

He loved to serve God as a pastor and several churches are stronger because of his vision and dedicated leadership.

The theme of his ministry was "For I am determined not to know anything among you, save Jesus Christ and him crucified." His preaching was simple and readily understood and he sought to glorify God and not the messenger.

Nixon Royal meant much more than any record can declare. An editorial in the *Durham Herald* said: "Nixon Royal not only had the manner and the bearing of a minister, but to a remarkable degree he had the shepherd heart . . . he went about, in the spirit of his calling, doing good. . . ."

"His kindly manner, his sincere words, his genuine understanding have brought comfort to countless souls in bereavement, in trouble, in illness."

This servant of God was good for all who came to know him for he always had a word of encouragement and inevitably evoked a smile through his gentle humor.

C. N. Royal died with the name of the central figure of his life on his lips. He formed the name of Christ and then gave an outline describing Him. He said, "Christ is peace, Christ is love, Christ is Light, Christ is Life."

I ask no Heaven 'til Earth be thine,
No glory crown while work of mine remaineth here;
When Earth shall shine among the stars;
Her sins wiped out, her captives free,
Her voice a music unto thee;
For crowns, for more work, give these to me.
Lord, here am I.

8. The President then recognized those who had served formerly as Presidents of the Convention: William Harrison Williams, C. C. Warren, Nane Starnes, A. Leroy Parker, C. B. Deane, and I. G. Greer. Later J. C. Canipe was noted as being in attendance at the meeting.

9. General Secretary-Treasurer W. Perry Crouch welcomed new pastors who had come to the state during the year. These came to the rostrum to announce their names, the churches they serve, and the places from which they came.

10. Henry L. Turlington, chairman Committee on Trustees, Chapel Hill, reported that a Manual for Trustees had been prepared by Ben Fisher, Secretary Council on Christian Education, and that it was to be printed in 1966. He announced the next conference for trustees was set to meet in January at Durham and moved the adoption of the report. Same carried.

11. George J. Griffin, chairman Historical Committee, Winston-Salem, called attention to its report found in the Book of Reports of the General Board and moved its adoption. Carried. He introduced John R. Woodard, Director of the Baptist Collection at Wake Forest.

12. With the program running ahead of time, President Ford

called for miscellaneous business. Recording Secretary E. Norfleet Gardner, Henderson, read greetings from Kentucky and Georgia Baptists and moved the sending to state conventions meeting this week the following telegram: "North Carolina Baptists greet you in the spirit of Him who taught us, 'One is your Master, and all ye are brethren'." Carried. (Telegrams were sent to Baptist gatherings in Arkansas, Georgia, Louisiana, Maryland, Mississippi, New Mexico, South Carolina, and the District of Columbia.)

The secretary also recognized the Royal Ambassador Pages serving at the Convention: Joe Benson, Mooresville, President of the Royal Ambassador Congress, and Phil Squires, Kannapolis, Vice-President. Likewise he recognized Mrs. Frances Campbell, Wake Forest, who was assisting with the minutes.

The secretary was instructed to send appropriate telegrams to M. O. Owens, Jr., undergoing a serious operation this week in the hospital, and to Mrs. C. F. Sullivan, Hickory, whose husband, who long served as a faithful minister, died this morning.

13. George Tunstall, 80, High Point, was recognized as one who was celebrating fifty-seven years of service as a minister.

14. Bruce Whitaker, President, presented a request of Chowan College to borrow the sum of \$600,000 to erect a new library and fine arts building. Same was turned over to the Resolutions Committee.

Notice is hereby given that Chowan College proposes to borrow a sum not in excess of six hundred thousand dollars (\$600,000) to be used for the purpose of erecting a new library and fine arts building at said institution, subject, however, to the approval of the Baptist State Convention of North Carolina. The following resolution was adopted by the Board of Trustees of Chowan College in meeting on September 27, 1965:

Whereas, the Board of Trustees of Chowan College finds it advisable and necessary, in order that such institution should best carry on its work to serve a student body of approximately 1200-1500, to borrow the sum of six hundred thousand dollars (\$600,000) to be used for the purpose of constructing a new library and fine arts building for said college, and

Whereas, it is the opinion of the said Board of Trustees that it will have funds coming to it for capital purposes which will be sufficient to liquidate said loan over a period not in excess of forty (40) years, and

Whereas, it is anticipated by Chowan College that due to the construction schedule of said building and the repayment schedule of loans now outstanding that said College will not owe at any time, including self-liquidating loans, a sum in excess of two million dollars (\$2,000,000)

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of Chowan College:

1. That Chowan College borrow a sum not in excess of six

hundred thousand dollars (\$600,000) to be used for the purpose of constructing a new library and fine arts building at said institution.

2. That the sums actually borrowed, together with the interest thereon, shall be repaid over a period not in excess of forty (40) years, the payment of principal and interest to be made in annual, quarterly or monthly installments.

3. That the proper officers of Chowan College be and they are hereby authorized and empowered to execute, or cause to be executed, in the name of said college, a note or notes and/or bond or bonds evidencing an indebtedness incurred under the authority of this Resolution and also to execute or cause to be executed, in the name of said college, a mortgage or mortgages and/or deed of trust or deeds of trust upon the lands on which said new library and fine arts building shall be erected, together with the approaches thereto, provided, however, that such mortgage or deed of trust shall not in any way encumber any other property owned by Chowan College.

4. That no part of the indebtedness which may be incurred by Chowan College under the authority of this resolution shall in any respect be deemed or held to be an indebtedness or obligation of the Baptist State Convention of North Carolina, and neither the Baptist State Convention of North Carolina nor its General Board shall assume any responsibility whatever for the repayment of such loan or any interest thereon.

5. That the Baptist State Convention of North Carolina at its next regular session be requested to authorize Chowan College to borrow not in excess of the sum above mentioned upon the terms and for the purpose herein set out.

15. W. K. McGee, Winston-Salem, presented the request of the North Carolina Baptist Hospitals, Inc. to borrow a sum not to exceed \$1,500,000, for carrying out a large expansion program of approximately \$22,000,000, of which around \$17,000,000 was in sight. This, too, was referred to the Resolutions Committee.

Whereas, the trustees of the North Carolina Baptist Hospitals, Inc. in cooperation with the trustees of Wake Forest College have entered into a large expansion program in order to increase the student body of the medical school and facilities to increase the number of patients served, student nurses, technicians and other health personnel by the hospital and to provide urgently needed research teaching facilities, and

Whereas, the total cost of this construction program is approximately \$22,000,000 and

Whereas, a very successful campaign has been conducted in which nearly \$9,000,000 has been raised from foundations, corporations and individuals, which together with anticipated matching

funds will result in funds in sight amounting to over \$17,000,000 and

Whereas, it appears at this time that the increase in construction costs will make necessary the raising of additional funds, and

Whereas, it is necessary to give assurance at this time that total institutional funds required for matching will be provided in order to obtain the matching funds, and

Whereas, the balance of said required funds for matching is not immediately in hand, but that the trustees of the North Carolina Baptist Hospitals, Inc. have assurance that funds to be borrowed will be repaid out of the balance to be raised or from other sources available to the trustees.

NOW THEREFORE, BE IT RESOLVED by the Baptist State Convention of North Carolina in session in the city of Charlotte, November 16-17, 1965:

1. That the trustees of North Carolina Baptist Hospitals, Inc. be empowered to borrow a sum not to exceed \$1,500,000, this sum together with the interest to be repaid as rapidly as possible from funds received from the campaign or other sources:

2. That the said trustees of the North Carolina Baptist Hospitals, Inc. be authorized, empowered and directed to execute or cause to be executed in the name of the Hospital and on its behalf by its authorized officers a note or notes evidencing the indebtedness authorized by these resolutions; provided that the trustees of the North Carolina Baptist Hospitals, Inc. shall not encumber any of the property presently owned by the trustees of the North Carolina Baptist Hospitals, Inc.:

3. That the indebtedness incurred by the trustees of the North Carolina Baptist Hospitals, Inc. by reason of these resolutions shall not be deemed or held to be or construed to be as an indebtedness or obligation of the Baptist State Convention of North Carolina.

16. Harold Tribble, President, presented the request of Wake Forest College trustees to borrow for the enlargement program of the Bowman Gray School of Medicine a sum not to exceed \$725,000. This was likewise referred to the Resolutions Committee.

Whereas, the Trustees of Wake Forest College in cooperation with the Trustees of the North Carolina Baptist Hospital have entered into a large expansion program in order to increase the student body of the medical school, and facilities to increase the number of student nurses, technicians, and other health personnel by the hospital, and to provide urgently needed research and teaching facilities, and

Whereas, the total cost of this construction program is approximately \$22,000,000 and

Whereas, a very successful campaign has been conducted in

which nearly \$9,000,000 has been raised from foundations, corporations, and individuals, which together with anticipated matching funds will result in funds in sight amounting to over \$17,000,000, and

Whereas, it appears at this time that the increase in construction costs will make necessary the raising of additional funds, and

Whereas, it is necessary to give assurance at this time of total institutional funds required for matching will be provided in order to obtain the matching funds, and

Whereas, the balance of said required funds for matching is not immediately in hand, but that the Trustees of Wake Forest College have assurance that funds to be borrowed will be repaid out of the balance to be raised or from other sources available to the Trustees.

NOW, THEREFORE, BE IT RESOLVED, by the Baptist State Convention of North Carolina in session in the city of Charlotte, Nov. 16-18, 1965:

1. That the Trustees of Wake Forest College be empowered to borrow a sum not to exceed \$725,000, representing less than 4 per cent of the total cost of the enlargement program, this sum, together with the interest to be repaid as rapidly as possible from funds received from the campaign or other sources;

2. That the said Trustees of Wake Forest College be authorized, empowered and directed to execute or cause to be executed in the name of the College and on its behalf by its authorized officers a note or notes evidencing the indebtedness authorized by these resolutions; provided that the Trustees of Wake Forest College shall not encumber any of the property presently owned by the Trustees of Wake Forest College;

3. That the indebtedness incurred by the Trustees of Wake Forest College by reason of these resolutions shall not be deemed or held to be or construed to be as an indebtedness or obligation of the Baptist State Convention of North Carolina.

17. The first worship service introduced a pattern for this annual session by being inserted in the midst of the order of business. Theodore F. Adams, pastor First Baptist Church, Richmond, Virginia, and past president of the Baptist World Alliance, delivered the first of four messages on "Fundamentals of Our Faith and Fellowship." After the singing by the congregation of "Holy, Holy, Holy," Dr. Adams discussed Religious Culture or Culture Religion, posing the question as to whether a person let his culture or his religion determine his behavior, and in this connection he quoted Romans 12:1, 2. The speaker called attention to three dangers: that of religion being just another cultural asset; that of the social culture and the status quo becoming the faith of the people; and that of religion becoming just a tool of culture and of the state. He concluded with the following pointed suggestions: 1. When culture

and religion conflict, we can take our stand for the faith; 2. We can relate the truth as we understand it to the life and times in which we live; 3. We must seek to make our own lives truly Christian, each seeking the best for the other; and 4. We can continue to assert the supremacy of the living God.

18. Leslie H. Campbell, President, presented the request of the trustees of Campbell College to borrow a sum not to exceed \$1,000,000 to construct a dormitory for men, additional dining facilities, a dormitory for women, and eight additional duplex houses for faculty-student accommodations. This request was turned over to the Resolutions Committee.

Whereas, the Board of Trustees of Campbell College, in session on October 15, 1965, finds from statistical analysis that only 48 per cent of the institution's student body are housed on the campus in existing dormitories, and

Whereas, this session's shortage of dormitory facilities forces several hundred of the remaining 1,107 students to commute excessive distances from home or to live in off-campus housing, much of which is either substandard or more expensive, and

Whereas, off-campus housing in some instances complicates adequate college supervision, and

Whereas, the Board finds it advisable and necessary, in order for the college to carry on its work most effectively under the Convention's present financial policy, to borrow a sum not to exceed \$1,000,000, to be used in the following manner:

A. To construct one dormitory for approximately 200 men, to include dining facilities for a total of 350 students, to cost approximately \$600,000;

B. To construct one dormitory to house approximately 100 women, to cost approximately \$300,000;

C. To construct eight additional duplex houses, to cost not over \$100,000 for faculty-student accommodations; and

Whereas, the said Board of Trustees is convinced that the rental fees from said proposed projects, together with previously pledged revenues and anticipated unpledged revenues now in prospect, will be sufficient to liquidate said loans and interest thereon over a period not to exceed fifty years, and

Whereas, Campbell College has demonstrated its ability during the past ten years to profit financially and otherwise from the addition of such facilities and has consistently during this time produced overall balanced budgets annually:

NOW THEREFORE BE IT RESOLVED by the Baptist State Convention in session November 16 to 17 in Charlotte:

1. That the Trustees of Campbell College be allowed to borrow up to \$1,000,000, to be allowed for construction of the aforesaid

housing and dining facilities, all or in part, for the purposes heretofore listed.

2. That the sum actually borrowed, together with the interest thereon, shall be repaid over a period not to exceed fifty years, said payments of principal and interest to be paid in annual installments.

3. That the proper officers of Campbell College, Incorporated, be and are hereby authorized and empowered to execute or cause to be executed, in the name of Campbell College, Incorporated, and on its behalf, a mortgage upon the lands upon which these housing facilities are to be located, together with the approaches thereto, provided, however, that such mortgage shall not in any way encumber any other property owned by Campbell College, Incorporated.

4. That no part of any indebtedness which may be incurred by Campbell College, Incorporated, under the authority of this resolution shall in any respect be deemed or held to be the indebtedness or obligation of the Baptist State Convention, nor shall the General Board assume any responsibility whatever for the repayment of such loan or any interest thereon.

19. John Ryberg, Smithfield, presented the following, which was referred to the Resolutions Committee:

Whereas, the Baptist State Convention of North Carolina is meeting in annual session at Charlotte, North Carolina, on this 16th and 17th days of November, 1962;

Whereas the Baptist witness in the vital fields of world missions and evangelism is directly based on uncompromising witness at the point of Christian morality;

Whereas the Baptist message is true to the biblical truth which stands for the inherent worth of every individual and every man's need for Christian community that is born of creative good will (i.e., the teachings of Jesus in the parables of the Prodigal Son and the Good Samaritan);

Whereas the recent crisis in social justice has been widely aggravated by the Ku Klux Klan, which presumes to preach racial prejudice and ill will under the guise of the Cross of our Lord Christ Jesus;

Whereas many of our own people are in serious need of encouragement to stand and be counted among those who would represent the Christian law of love in the total community of life;

BE IT RESOLVED that we, the messengers to this 135th Annual Session of the Baptist State Convention of North Carolina, meeting in Charlotte on November 16 and 17, 1965, do hereby affirm our sincere convictions as follows:

(1) That we decry the bigotry, prejudice, intolerance, and ill will which characterizes the Ku Klux Klan in its treatment of social and economic problems, and that we protest the KKK's perverted use of the Christian Cross from a symbol of love to one of hate.

(2) That we give all encouragement to the idea of love and creative good will which our Christian heritage would teach us to practice in our churches and communities; that we salute Dr. W. R. Grigg and the Department of Interracial Cooperation for their outstanding labor to effect and maintain a line of communication among all Baptists of North Carolina; that we salute Editor Marse Grant and the *Biblical Recorder* for their courageous service in keeping us wisely informed;

(3) That we commend the influence of state government which, under the direction of Governor Dan K. Moore, has continued the meaningful program of Good Neighbor Councils, thereby providing a climate of understanding and good will in social and economic problems;

(4) That we renew our firm allegiance to the Gospel of our Lord Christ Jesus, with deep conviction and crystalline clarity, so that with reasonable men it will be intellectually respectable, with considerate men it will be socially responsible, and with God-fearing men it will be spiritually redemptive, for time and eternity.

20. E. W. Price, Jr., President of the General Board, was recognized. In turn, before bringing the Report of the General Board to the attention of the Convention, he called on the General Secretary for a report on the work of the year. Dr. Crouch called it a good year, in which special emphasis had been placed on preparation for the Five-Year Spiritual Advance Program. At present the offering for state missions stood at \$182,500, of which all above \$175,000 was to be designated for Fruitland Bible Institute. An increase of 6 per cent over last year is being noted in Cooperative Program gifts. These encouraging features stand out: Youth Corps results during the summer are good; improvements have been made at Fruitland Bible Institute; a record enrollment is reported for the colleges this fall, with success marking their individual financial campaigns; a Trustee Manual has been compiled by Ben Fisher; a guide for self-study for the colleges has been prepared; Ministers' Workshops have been held; the three social service institutions are in enlargement programs; and, as he looked toward the future, the General Secretary called attention to the greatest need being renewal and spiritual progress.

21. With John E. Lawrence, second vice-president, in the chair, Price continued by presenting portions of the Report of the General Board.

I. FOREWORD

1964 ended the three years Christian Education Advance in our North Carolina Convention. Our people seemed to be asking, "What shall our program be now?" To this problem an answer was presented to the General Board in our January meeting in the form of a "Five Year Spiritual Growth Program" to begin in 1966. The program had been endorsed by the Associational Missionaries, the staff and the Executive Committee. 1965 was to be a year of preparation. The program would center on the local churches, urging the pastor and church leaders to set goals in five areas of Christian living. The goals would cover a five year period and would involve all of our work. The program was enthusiastically adopted by the General Board in its January meeting, and you will hear more about the plans at this Convention.

The financial report for all of 1964 was most encouraging, with a gain of 9.96 per cent in Cooperative Program receipts, or \$5,083,-688.06 for the year. Our total gifts (including special offerings) amounted to \$8,186,225.16 or an increase of \$839,474.10 over 1963.

It is my sincere belief that the work of our Convention is moving up in quality, in Cooperative Program receipts and in the amount of mission work we are doing in North Carolina, and around the world.

I am grateful for the privilege of serving our Lord with North Carolina Baptists. I am grateful for the dedicated leadership of our Convention President, Dr. Howard Ford, and all of the other officers of the Convention. It has been a joy to work with Dr. E. W. Price, President of our General Board and all of the members of the Executive Committee and the General Board.

W. PERRY CROUCH
General Secretary-Treasurer

II. GENERAL BOARD REPORT AND RECOMMENDATIONS

MEETING OF GENERAL BOARD

January 18-19, 1965

In the January meeting of the General Board new committee assignments were made, the size of committees being determined by the work to be directed. Each committee held a separate meeting to study thoroughly their part of the General Board program.

The "Tithe . . . Now" emphasis was explained to the General Board, and promotion began immediately. During this year North Carolina has led the Southern Convention in the promotion and results of this "Tithe . . . Now" emphasis. Perhaps the greatest results will not be realized until 1966.

One of the most significant actions of the General Board was to receive and approve a report of a committee that had been studying the work of Fruitland Baptist Bible Institute. The recommendations of this committee involved a long-range plan, and some of the items

have already been carried out. Later in this report we will list these actions.

Our General Board seemed anxious to find some way to help our colleges face their great problem of meeting current accrediting standards and secure capital funds for needed buildings. Thus they welcomed a suggestion that the officers of the General Board and of the Convention serve as a committee to nominate an advisory committee composed of 28 members, to study the pressing and urgent financial needs of our colleges, and suggest ways to help the colleges meet these needs. This committee was to report back to the General Board when their report was finalized.

During the period between the January and July meetings of the General Board, Mr. Gary Harthcock was elected Director of Fruitland Baptist Bible Institute. He had been serving as acting Director since October, 1964. During this period a lease agreement was signed with the First Baptist Church of Boone for a student center to be erected on the property of the First Baptist Church, but operated by the Student Department of the Convention. That building is now nearing completion. Property was also purchased at Greenville, near the campus of East Carolina College. Our present student center there is very inferior, but the lot is not large enough to allow new construction. The old property can now be sold and the amount received applied toward the new center.

During February and March, our General Secretary, and other staff members, led in a series of ministerial workshops across the state. Reports indicate this was very helpful to the pastors of our state.

GENERAL BOARD MEETING

July 12-13, 1965

Miss Ruth Williams was introduced as the new secretary to the General Secretary-Treasurer, succeeding Mrs. Ann Warren who had resigned. Other personnel changes are listed in this report.

The Fruitland Sub-committee of the General Board and the Executive Committee brought recommendations to implement the upgrading of Fruitland Baptist Bible Institute. These recommendations are listed below:

I. Recommendations Concerning Fruitland Baptist Bible Institute

A. That \$3,000 be taken from the Heck-Jones funds and appropriated to Fruitland Bible Institute to pay increased costs of operating the school an extra month this fall.

B. That The Reverend Alex Booth be elected as permanent dean of the faculty, subject to his examination by the Executive Committee in its July meeting, beginning August 1, 1965, at the salary basis of a department associate (\$6,800 to \$7,800) including house allowance (\$900) if he lives in the house belonging to the Convention.

C. That additional costs for new faculty members needed to upgrade the school (up to \$3,000) be charged to the overage of state missions, or savings in the general fund.

D. That \$13,000 be allotted for the immediate maintenance improvements and repairs of Fruitland buildings, including a new dishwasher (\$5,000), new furnace (\$6,000) and other repairs. This amount to be absorbed in the general fund.

E. That \$3,000 be allotted for scholarships this fall, and that this amount be charged against the general fund surplus.

In Summary

Heck-Jones, for extra month.....	\$ 3,000
New faculty and equipment.....	3,000
Repairs and maintenance.....	13,000
New scholarships	3,000
Total	<hr/> \$22,000

F. That Dr. Spivey, Mr. Harthcock and Mr. Booth prepare a proposed budget for next year, including funds for additional faculty and 32 weeks of school, and present their proposal to the budget committee of the Executive Committee as soon as possible.

G. That some publicity be given to the need for scholarships at Fruitland and individuals and churches be invited to provide \$224 for one or more scholarships.

H. That the members of the General Board use every possible opportunity to promote the State Missions offering in September, with the understanding that all above \$175,000 go for the work of Fruitland Baptist Bible Institute.

I. That the staff policy as recorded on page 2, No. 9 of "Policies Governing Employees of the General Board" in reference to employment of members of a family of permanent employees be continued with the addition of:

(5) Wives of the Administrator, dean or faculty members of Fruitland Baptist Bible Institute may be employed on a part-time basis, with hourly compensation, when needed.

II. Long Range

A. That the dean and Fruitland business manager begin a long range program for upgrading the library as a part of their yearly budget.

B. That we proceed toward the construction of a modest administration-library building as soon as funds can be made available. That the General Secretary, Missions Director, and Business Manager be instructed to proceed with preliminary plans that will be presented back to the Executive Committee and General Board for final approval.

C. That walkways connecting the auditorium, Sullinger Dormitory and new administration building be included in the plans for the new administration building.

D. That plans be made to refurnish and refinish Sullinger Dormitory and parking lots be paved after the administration building is completed.

The General Board agreed that all above \$175,000 of the State Mission Offering in 1965 should go to Fruitland to help construct a modest Administration-Library building. It is hoped that enough will be received to allow us to proceed toward this much needed building in the near future.

The General Board heard reports from all of the committees concerning their various phases of the General Board Program. Notice was taken that some people seemed to be confused as to the items included in State Missions. It was pointed out that all of the work promoted by the General Board staff was State Missions. It was suggested that in the future we use the term "State Missions" instead of "General Board Programs." Reports were also received from the Social Service Institutions and the Council on Christian Education.

The General Board approved a recommendation from the Executive Committee that a committee of laymen be appointed to study pastors' salaries and the salaries of other employed church workers. It was recognized that their committee would only have the function of studying these salaries and compare them with those of other denominations, other professions, and other states, and make their findings available to the churches of our Convention. The study was requested by the Executive Committee of one of our associations.

The General Board took notice of the good work being done by the "Youth Corps," the Baptist Student "Listen" group, the Student Union Evangelistic Teams, the young people helping in Vacation Bible Schools and other mission projects. In addition, many young people were serving on the staff of the N. C. Assembly at Caswell, Fruitland, CaRAway and Ridgecrest.

GENERAL BOARD MEETING

October 11-12, 1965

With regret, the General Board took notice of the resignation of Dr. W. R. Grigg, for eight years Secretary of the Department of Interracial Cooperation of the Missions Division, to accept Interracial work with the Home Mission Board. Dr. Grigg's service has been outstanding in this field.

The Rev. W. C. Lamb was presented to the Board as Associate Secretary of Evangelism, and Director of the Five-Year Spiritual Growth Program. During the next two years he will give most of his time to this program.

The General Board approved a recommendation from the Executive Committee that we join the Home Mission Board in cooperating with the Tribal Council of the Eastern Band of Cherokee Indians in directing a child care program for Indian children, not now attending our child-care program. It was pointed out that this is purely a question of "service rendered," since no government funds will

ever be handled by the Convention, nor will we profit in any way either by buildings or equipment in the operation.

The General Board also approved a request for an oil and gas lease on the N. C. Assembly property at Caswell. This is a company that is prospecting for gas and oil in many different places in North Carolina. It is not believed the lease will in any way affect the regular operation of the Assembly at Caswell.

Earlier we mentioned the appointment of a Committee of 28 to study the problems of the colleges and report back to the General Board. Dr. James Cammack of Fayetteville was chairman of this committee. Their report was received at the October Board meeting and is included for your information.

REPORT OF COMMITTEE OF TWENTY-EIGHT

During the January, 1965, meeting of the General Board of the Baptist State Convention, Dr. Perry Crouch asked that a Convention Committee of Twenty-eight be appointed to study the immediate financial needs that would "keep our colleges on an acceptable educational level." The original request which Dr. Crouch made to the Board suggested that money for the colleges was needed "for immediate capital needs, particularly for non-income producing buildings."

The Committee of Twenty-eight met for their original meeting on April 22, 1965. Subsequent meetings have included a detailed study of the statistical information provided the Committee by each of the seven Baptist colleges. In addition, the Committee has met with each of the college presidents discussing with them at length their financial problems, and counseling with them regarding the type of campaign best suited for their needs—and in the best interest of the total Baptist program.

When the Committee began its work there was some feeling throughout the Convention that a capital campaign for the colleges was urgently needed. Each of our colleges had been feeling both financial and academic pressures toward accreditation, and the crowded conditions of all seven of our colleges made additional buildings necessary.

In the course of its study and discussion with the college presidents, the Committee and the presidents came to feel that a Convention-wide capital campaign for our colleges would not be as helpful at this time as a strong continuing support for current needs.

As a result of this detailed study, and believing that we have correctly interpreted the sentiments of the college presidents, the Committee would like to make the following observations:

1. We have been made acutely aware of the very urgent needs of all seven of our Baptist colleges. Because of state-supported schools and the flood of students clamoring to be enrolled, our Baptist colleges are in desperate need of immediate financial support from our Baptist people.

2. Our Committee has been greatly impressed with the task these

presidents and their faculties have been able to accomplish with such limited resources. We commend them for their conscientious desire to offer a well-rounded education in the orientation of the Christian faith. We have been encouraged by the support which the individual colleges have received from friends of the colleges through individual financial campaigns, and commend those responsible for the promotion of these successful drives.

3. We have also been made aware of the financial support which our Convention has given to the colleges over the past few years. We note from 1955 the Baptist State Convention has given a total of \$11,703,729.00 to the colleges. We are in unanimous harmony with the Budget Committee's recommendation that an \$82,000 increase be included in the 1966 Convention budget for Christian Education. This amount is doubly significant in light of the Convention's allocation of \$118,000 for capital needs for the Student Department (2.19 per cent of the total budget of \$5,400,000).

There is a strong possibility that the 1966 budget overage could bring the total Convention support of the colleges to \$1,442,000, or \$60,000 over the base budget, \$1,382,000.00. We therefore endorse increased and continuing support of the colleges, and a type of budget that will allow continued increase in the future.

It is not now possible nor was it ever intended that the Baptist State Convention could underwrite the total financial needs of our Christian colleges. It is both the opinion of the Committee and the college Presidents that budget money given from the Convention to the colleges is their most dependable and useful source of *continuing* income. These monies have an endowment-like significance, and the \$11,703,729.00 given to the colleges in the past ten years would be the equivalent of approximately \$27 and $\frac{3}{4}$ million in endowment money, and, we believe, is accepted as such by the accrediting agencies.

The Committee strongly suggests with the unanimous concurrence of the college Presidents that the Baptists of North Carolina continue to support the Cooperative Program and that the budget division allocated to the colleges continue to be commensurate with the critical current needs which the colleges face.

4. The Committee of Twenty-eight, even though it has been acutely aware of the great needs of our Baptist Colleges, is also aware of the need for support for all Kingdom enterprises. Although it was the Committee's desire to more nearly meet the request of our colleges, our total pressing needs would not allow us to do so. We note happily that the 1966 budget gives increases in most of the major areas of our work, and that approximately 43 per cent of all offerings given by N. C. Baptists (including designated gifts) go to south-wide causes.

5. We note that the 1966 performance budget has been balanced proportionately to meet the needs of all the causes we support, and feel that the \$82,000 increase to the colleges in the base budget is a demonstration of the Convention's concern for the colleges. The

30-30-30-10 division of the budget overage offers both additional monetary support and a challenge to the Baptists of North Carolina to give sacrificially for the support of every cause we foster.

The biggest item of consideration was the budget for 1966. Our 1965 reports have gradually grown more favorable during the year. We are now receiving above 5 per cent over 1964. However, the Budget Committee faced the problem of amortizing the loans for the student centers at North Carolina State, Raleigh; Western North Carolina at Cullowhee; and our lease payments at Boone. In addition we must provide payments for property purchased for student centers at Chapel Hill and Greenville. \$118,000 per year was required to amortize these loans. The Budget Committee was forced to face these facts.

It is well to note that the Convention has always operated to meet needs. The Cooperative Program went into operation in 1925. Since that time the Convention has decided the amount to be used for state objects and amount to be used for Southwide objects year by year. The percentage for Southwide objects has changed 28 times in 38 years. In the special session of the Convention in 1961 a basic budget was established for a three year period with all above this amount to go to the colleges. The result of this decision meant that the following percentages of the total Cooperative Program went to Southwide objects during this period:

1962—	32.89 %
1963—	33.65 %
1964—	32.08 %

The largest percentage and dollar amount to go to Southwide objects in recent years is the current 1965 schedule, which sends 34 per cent to Southwide objects and 50 per cent of overage above budget to Southwide objects.

Because of the Student Centers and other pressing needs, this same percentage cannot be maintained in 1966, but there will still be a dollar increase for these objects.

We are indebted to the Budget Committee composed of Dr. English Jones, chairman, Rev. William Snyder, Rev. Harold Killian, Mr. S. C. Ray, and Mr. W. B. Harrill for their excellent work.

6. That the Convention approve the report of the Committee of 28 concerning our colleges, noticing the following recommendations:

1. In the light of the critical needs of our colleges for both current and capital support, the Committee would call on N. C. Baptists to rally to the support of their own colleges *now.*

2. We recommend in place of a costly state-wide "capital campaign" to raise funds for our seven colleges, that the churches of our Convention join enthusiastically in the "Five Year Program of Spiritual Growth," which begins January 1, 1966.

This program, in addition to deepening and maturing the spiritual lives of our churches, calls upon each church to increase its gifts through the Cooperative Program by 2 per cent each year (1966-71) bringing the Cooperative Program gifts to approximately 10 million dollars by 1971. The colleges feel that the support they receive

through the Cooperative Program would be adequate and more dependable than campaign-raised funds. Each college is being encouraged to intensify its own program or campaign for capital funds.

3. We recommend that each church in the Convention give special emphasis to the "Christian Education Day" offering, having the choice of designating their offering to one or more of the seven colleges or letting their total offering be divided among the seven colleges, letting the total offering be divided according to the convention adopted formula.

In the past five years, offerings from Christian Education Day have amounted to \$606,562.00. Because of a renewed interest and enlarged support in recent years it has been estimated that these offerings from 1966 to 1971 will amount to approximately \$725,000.00.

4. We recommend that all Convention agencies involved should unite in promoting the "Five Year Program of Spiritual Growth," which will help all of the work including the colleges.

5. We suggest, in addition to the published report of the Committee of 28, that the Stewardship Department, the Council on Christian Education, the *Biblical Recorder*, and each of the seven Baptist colleges join hands in this task. We especially encourage the publication of a brochure by the Council on Christian Education depicting the particular needs of individual colleges and giving some interpretation of their Christian ministries.

CONVENTION DEBT

The balance due on the debt of \$400,000 incurred to purchase a site for a Student Center at the University of North Carolina and to construct Student Centers at North Carolina State University and at Western Carolina College, is now \$377,500.

2. Church Loan Fund

Five years ago the Convention established a Loan Fund to be used by new missions and churches that find it difficult to secure commercial loans. A total of \$41,500 was loaned to churches during the year. These loans are to be paid back on an established basis agreed upon by the borrowing churches and the General Board's Executive Committee. Repayments plus annual budget appropria-

tions will go into the corpus of this fund. It is expected that in this way the loan fund will eventually be capable of handling large church loans where suitable commercial loans are unobtainable.

3. Associational Missions

The associational program is vital to the promotion and strengthening of our total Baptist work in the State and Southern Baptist Conventions. This program is the basic unit of cooperative endeavor among Baptists.

There are 80 associational units in our state. Seventy of these are served by sixty-eight missionaries. The Convention invests approximately \$66,000 in this phase of denominational work annually.

The Superintendents of Associational Missions have an excellent functioning organization under the leadership of experienced and progressive officers. These dedicated missionaries are just as much a part of our world mission program as any other missionaries anywhere. They serve in mutual helpfulness with the staff of our Convention and the agencies and institutions of the State and Southern Conventions.

We welcome four new missionaries to the associational ministry, namely: Rev. J. Henry Simpson, Jr., Eastern Association; Rev. Malvin C. Swicegood, Elkin Association; Rev. William H. Spradlin, Jr., Wilmington Association; and Rev. Sam Teesateskie, Cherokee Association. Rev. Eugene Hager transferred from the Eastern to the Neuse Association. Rev. E. C. Watson of the Cabarrus Association was called as an Associate in the Sunday School Department of the Convention. Rev. J. H. Mauney of the Wilmington Association retired from associational missions but is available for the pastoral ministry.

The missionaries conduct annually a five-days' conference. During the conference, areas of mutual concern are explored, new programs and plans are discussed, and a closer bond is established between associational missionaries and Convention personnel. The work of the superintendent of missions is of vital and growing significance.

4. Schools of Missions

Four weeks of Schools of Missions were promoted in 1965. They were associationalwide in scope. There were 62 missionaries serving in these Schools. They came from all over the world and represented all phases of stewardship and missions: City, Associational, State, Home and Foreign.

A total of 58 churches participated in the Schools in the following associations: Beulah, Elkin, Green River and Surry. There were 135 mission classes for age groups, and approximately 27,569 people attended these missions revivals.

The purpose of Schools of Missions is to stimulate soul-winning, encourage every church to organize a mission, or missions, to inspire definite and concerted prayer for missions, to increase financial support of missions, and to secure decisions for life commitment.

5. Supt. of Area Missions' Report (North Dakota)**Aug. 26, 1964 to Aug. 25, 1965**

Without a doubt, last year was the busiest year of my entire ministry. It is rather difficult to find proper words to describe it. How would you go about describing or accounting for hundreds of questions and letters from individuals, Churches, Boards, Agencies, and Institutions seeking answers and information about so many different things? Many questions and stories apparently do not carry or have answers. There is one in the Bible, for an example, which has no answer—The Good Samaritan story. I wish that I knew what finally happened to the friendship made between the two men involved in that story—The helpless man and the helper.

Speaking of HELPERS and HELPLESS, we have many such situations existing here in this state involving both people and Churches and/or Missions. Churches, in addition to carrying their own heavy burdens, are undergirding and aiding helpless Missions who otherwise could not last very long. Most of our Churches receive outside help in order to carry on, and we thank God for it. Several of our pastors receive help from the Home Mission Board, from the North Carolina Convention, from out of state Churches, and from individuals who are sharing beyond the tithe through their own home Churches. There are evidences on every hand that the Cooperative Program is truly God's Lifeline through which Missions and Churches are born and kept alive!

I am happy to report that where many of our Churches and Missions are unable to pay all or part of the salaries of their pastors, these same Churches and Missions contribute regularly and cheerfully to world-wide ministries through the channel of our MISSION LIFELINE—The COOPERATIVE PROGRAM!

We have constituted two new Churches during the past year, and three pastors have joined our ranks, thus giving us a total of 12 Churches, 2 Missions, 11 pastors and 1 Mission pastor. These new pastors are: Robert L. Richardson at Bismarck, John L. Rogers at Hallock, and Jim Cunningham at Mayville where he serves as Mission pastor.

Words are inadequate to describe the burdens and heartaches carried in connection with finding pastors and financial support to carry on the work which was started here just about eleven years ago. There is a brighter side, however, which I must give: the work is stronger than ever, fellowship and cooperation among pastors and people, including this missionary, is at a very high level, signs of hope are written all across our state and convention, and we believe that VICTORY will soon come!

The records which I kept last year reveal part of my stewardship of time and service as follows: traveled 49,162 miles, visited 214 Churches and Missions, supplying the pastorless Churches, made 124 religious and soul-winning visits, conducted and/or attended 411 conferences—(296 with individuals, and 115 with groups and committees), assisted in constituting two new Churches, attended Colo-

rado, North Carolina, and the Southern Baptist Conventions, Evangelism and several other conferences held in connection with our work, made a trip to Georgia and North Carolina by request in order to report on the work here which was being financed by Churches in those states, attended H. M. Conference at Glorieta plus other meetings and activities both in and out of North Dakota. I was off the field only three days in an attempt to take a vacation, but was unable to finish it because of an eye ailment which required immediate medical attention.

I am this month beginning my fourth year in North Dakota with thanksgiving in my heart for the opportunity of serving as Area Missionary, and I have a feeling that this year will show much progress in every Church and Mission, and open new doors of Christian Witnessing. Won't you pray with us that these things will be accomplished?

Respectfully submitted,
A. S. LAMM

6. Institutional Ministries

a. MCCAIN TUBERCULOSIS SANATORIUM

REV. C. R. EDWARDS, *Baptist Visitor*

The work at McCain continues to serve a real spiritual need. The patients look forward to my visits with eagerness because members of their families visit them seldom, if at all.

I visit them once and sometimes twice per week, spending from one to four hours on the job. This service consists of Bible reading, prayer and counseling as the need arises, sometimes tracts and periodicals are distributed.

The patients wish me to express to the Baptist State Convention appreciation for this service.

a. PRISON DIVISION—MCCAIN SANATORIUM

H. L. SUMERFORD, *Baptist Visitor*

There are about 80 or 90 inmates in this prison unit and they welcome spiritual concern in the form of special services, personal contacts and counseling. These are men and women who are sick. Time passes slowly and the visiting Minister brightens the hour for them. They have problems and they want to be wanted.

North Carolina Baptists bear their witness and concern to these inmates by enabling me to serve as a Baptist Visitor.

Each Sunday morning at nine o'clock Sunday School is offered. On Thursday evening there is a hymn sing and a Bible study conducted. Bed to bed visitation is a regular practice along with the distribution of Christian literature.

I am thankful that North Carolina Baptists are committed to a regularly supported ministry in this Institution.

b. SAMARCAND MANOR INDUSTRIAL SCHOOL FOR GIRLS

REV. ERNEST POSTON, *Baptist Chaplain*

There are more than 250 girls with problems at Samarcand Manor who are greatly in need of the person-centered ministry which Baptists of North Carolina are able to provide through their Co-operative Program.

Through the ministry of preaching every third Sunday, I seek to bring to the girls the Christian message of the forgiving and redeeming love of the Lord Jesus Christ, and, through personal counseling, to give them proper moral and spiritual guidance.

During the past year, I have held personal counseling sessions with twenty-one girls, three of whom have been baptized upon their profession of faith in Jesus Christ.

I am thankful to all who make this ministry possible through their gifts and their prayers.

c. LEONARD TRAINING SCHOOL

REV. RICHARD HOPKINS, *Baptist Visitor and Counselor*

The work of the minister at Leonard Training School is largely to provide an opportunity for the boys to try out their feelings and attitudes in a Christian setting. Many of these boys are reaching out of a background of hostility and confusion to formulate an approach to life which will give them a dignity they have never experienced.

The only way this dignity can be imparted to these boys is for a stable Christian atmosphere to be set up where they may share their feelings openly. When this is done, in the presence of a "representative of God," and they find acceptance they gather the rudimentary tools for the development of personal worth.

"Come unto Me, all ye that labor and are heavy laden, and I will give you rest."

d. MORRISON TRAINING SCHOOL, HOFFMAN, N. C.

MICHAEL RAY, *Baptist Chaplain*

Our Baptist Ministry started at Morrison Training School, September 6, 1964, and during the year many doors of opportunity have been opened for me to minister to the spiritual needs of more than 360 boys and young men of this institution.

Vesper Services are conducted by the chaplain the first Sunday of each month, and during the past year 111 boys have come forward at the end of these services to talk with the chaplain about some spiritual problem or for committing their life to Christ.

Once during the month the chaplain visits Morrison for counselling with those boys who came forward at the close of the Vesper service. Twice during each month the chaplain teaches a Bible Study group. The attendance at Bible Study is voluntary and for the month of September the average attendance was 66. During the year 125 Bibles have been given to those boys who have shown interest in

Bible study. These Bibles were given by members of the Beulah Hill Baptist Church.

In June 1965, the Sandhills Baptist Association sponsored a Vacation Bible School at Morrison with 56 boys attending (voluntarily) for 5 days. Twenty-two boys committed their lives to Christ and were baptized, and 34 rededicated their lives to Christ.

The spirit of Cooperation by the staff members of Morrison is unsurpassed. They feel, as does the chaplain, that meeting the spiritual needs of the boys is of first importance. I am grateful to the staff and to North Carolina Baptists for this opportunity of service and solicit your prayers as we seek to share Christ at Morrison.

7. Report of the Department of Interracial Cooperation

W. R. GRIGG, Secretary

This is the ninth, and probably the last, report that I shall give for this department to this Convention. Mixed emotions, as would be expected, possess me as I write it. Both sorrow and joy are present—sorrow because of the severing of ties with so many friends made and cherished during these years—joy at the challenges and opportunities for a wider service and the making of more friends.

The past year has seen a culmination of the results of combined efforts of the leadership of both Conventions and their staffs. There is concrete evidence on every hand of our arriving at the point in our cooperative efforts of our now being able to work together in spite of racial hindrances on all levels from that of individual believers through the churches and the conventions with their various organizations. This is evidence of real Christian development.

Gratitude at its highest is hereby expressed to each Christian, each church, each pastor, each associational leader, each leader and employee of the State Conventions, and all persons who have contributed to making the nine years of existence of this department glorious and happy years for the secretary. His prayers will continue for the work that will be done by his successor and those who will work with him.

The highlights signifying progress during the past year are: 1. The Fellowship Meeting of the two Conventions; 2. The United Evangelistic Conferences; 3. The Inclusive Human Relations Conference; 4. District Ministers' Workshops; 5. Area Clinics on Human Relations; 6. Integrated Schools of Christian Studies and Fellowship at Mars Hill and Meredith colleges; 7. Integrated R. A. and G. A. Camps; 8. Complete cooperation in attendance and program personnel of W.M.U. and Women's Home and Foreign Mission Convention; 9. Observance of Race Relations Sunday by many churches; 10. Exchange of pulpits and united worship services in local churches; 11. Participation in the Statewide Churchmen's Conference on Civil Rights.

Indeed, North Carolina Baptists are bringing about a more Christlike understanding on the part of all people and are growing

more and better churches which is the aim of this department of work.

The following statistical summary of the seven (7) full-time workers and about 15 part-time (summer) employees reveals something of the nature and extent of the work done through the department.

Institutes—51; Enrolment—6,315
 Shaw Extension Centers—2; Enrolment—116
 Ministers in Training (Centers—21; Institutes—302)—323
 Vacation Bible Schools—67; Enrolment—6,116
 Associational & State Meetings Attended—26
 Churches Visited 435; Miles Traveled—90,172
 Revivals Conducted—4; Sermons and Addresses—3,501
 Professions of Faith—628 (Bible Schools—304; Other—324)
 Additions by Baptism to the churches—196
 Other additions to the churches—20

As another has said, "In the area of Christian race relations it is now up to the churches." The legal battles are over. Government has had its say. The test of the real moral fiber of Christian people is in what they do in and through their churches.

8. Department of Deaf Missions

JERRY F. POTTER, *Missionary*

NEAL L. PEYTON, *Associate*

This has been a year of continuation. Many of the programs started in the last few years have shown themselves to be steps in the right direction toward fulfillment of the goal of winning more deaf people to Christ.

The program of training hearing people as interpreters in local Baptist churches has proven to be the fruitful part of this ministry. These local missionaries are helping the deaf become "full-time" church members—something they have not been able to do before. We shall continue to go into the churches and teach sign language in the coming year.

Summer camp was held at Caswell Assembly this year. We have started a move among other state missionaries to have one or two area camps for deaf young people next year. Deaf young people from several states would attend camp together.

Your missionaries have preached to more deaf people this year than any two missionaries have ever preached to in a comparable length of time in the history of the world. This was made possible by the ever expanding television ministry. The program is now shown on eighteen stations in seven states, including Texas. We would hesitate to estimate the number of deaf people who see the program each week, but we can be sure that it has never been equalled in history. Your missionaries ask your prayers that this tremendous opportunity might be utilized to the fullest.

We continue to counsel the deaf, marry them, help them find jobs, preach their funerals, speak in Schools of Missions and in-

dividual churches, interpret in court and other places—and the remainder of our time we devote to our families!

We sincerely thank the churches of N. C. for making it possible for us to continue this ministry. To God be the glory!

9. Church Development Missions Department—Introduction

ERNEST C. UPCHURCH, *Secretary*

The Church Development Department with its accent in church-centered missions has been in the midst of the changing scene in North Carolina lending a helping hand to new or old churches in rural or city environments to make adjustments and to meet change with progressive programs of growth and development.

In the declining rural areas of our state the emphasis has been placed on consolidation and undergirding the work. In some rural areas it would be a progressive step for receding churches to move from a full-time program to a half-time pastoral program. This would enable a living wage for the minister and open avenues for world mission outreach.

In the inner city church community the Department has placed emphasis on the mission center ministry with weekday activities and on the juvenile rehabilitation ministry. At this writing a conference on juvenile rehabilitation is being planned and promoted to be held November 23, 1965, Tabernacle Baptist Church, Raleigh, North Carolina. We have found these avenues of service very rewarding in meeting the challenge of the changing community. Also, it is an effective means of the proclamation of the gospel in new wineskins. This is making meaningful the witness of the congregation in directing its whole life in an outward witness to the community.

The work at Patterson Avenue and Dan Valley Mission Centers gave evidence of this community outreach this past year. (See the additional reports of this work which follow.)

A number of metropolitan institutes are being planned for our larger cities during 1966. The Jewish work and Catholic information service continue to challenge us in the cities. New approaches through conferences are being planned at this time for 1966.

The church expansion and development through missions and new churches is still before us. While some areas of our state are receding, other areas are expanding at a rapid rate. Church Development is working with these expanding areas in church centered mission ministries of development. Counsel and guidance are being given to mother churches in their mission work. Special studies related to this phase of the work have been made and reports written for the missions committee of the mother church.

The pastoral aid ministries have been used by 145 churches. The regret of this mission work is the requests that cannot be honored due to the lack of mission pastoral aid funds. The encouraging part of this work has been the remarkable growth and development of many of these new churches. To God be the glory for great things He hath done.

The Church Achievement Ministry continues to be useful to many

of our churches. This has provided a suggested guide for growth and development with many measurable goals evident. Pastors and others have praised its worthiness.

The completion of an associational development ministry, in co-operation with a committee of superintendents of associational missions, has been achieved. Many inquiries are now being made about its use in the associational work. All associational moderators and other associational officers are invited to write for a copy of this manual.

The Secretary of the Department has served in Schools of Missions, special state missions activities and has participated in two summer assemblies directed by the Home Mission Board of the Southern Baptist Convention—Glorieta and Ridgecrest.

Our co-operative ministries between the Home Mission Board and this Department continue to grow in usefulness for this phase of our ministry of missions in North Carolina.

The Department Secretary recognizes the faithfulness of the other personnel of this Department. Their reports follow.

A record of my stewardship of service in field activities for the past year is listed below:

1. 182 days spent on the field
2. 28,656 miles traveled
3. 120 churches visited
4. 80 sermons and addresses delivered
5. 297 conferences with individuals
6. 79 conferences with groups and/or committees

We count it a privilege to share with North Carolina Baptists in this ministry for our Lord.

a. DAN VALLEY MISSION CENTER

Spray, North Carolina

Dan Valley Mission Center continues to add spiritual strength to its community and to extend a hand of assurance and encouragement to those to whom it ministers. The services rendered were varied—distribution of Bibles and tracts, kindergarten program, club activities for school age boys and girls, special study groups, Vacation Bible School, Y.W.A. banquet, youth-led revival and providing assistance for local families in need.

During the year approximately 300 persons were enrolled in the Center and 13 made professions of faith in Christ as personal Savior and Lord. There were 70 Bibles and tracts distributed and 31 families assisted.

Miss Dorothy Milam served as director until March 30, 1965. At that time she accepted a similar position in a new mission center in Kansas. During the summer Miss Melva Hailman, a college student, served as interim director assisted by volunteer workers from the First Baptist Church of Leaksville, North Carolina. At the present time the Center is without a director, but we are in the

process of enlisting a new one. Your prayers for this work will be appreciated.

b. PATTERSON AVENUE MISSION CENTER
Winston-Salem, North Carolina

MRS. WILSON NORWOOD, *Director of Weekday Activities*

How good God has been to us this year! We can not begin to count His many blessings to us and to the work at Patterson Avenue Mission Center located in Winston-Salem, North Carolina. Our enrolment for this past year has been around 120. During the year there were 3 professions of faith in Christ, one addition by letter and one decision for special service.

We had a good year in our camping program as several of our boys and girls went to the Pilot Mountain Baptist Association's Camp Retreat for one week. For three different weeks we had campers taken to camp. One boy reported that it was the best week he had had in camp.

In the fall of 1964 we began a Bible club for children outside the immediate area of the Mission Center. This group has been meeting at First Baptist Church. This work has prospered throughout the year. For this we are thankful.

We had a joint Bible school with the Union Baptist Church this year. The pupils and school faculty were integrated. There were 85 enrolled with an average attendance of 57. It was a great experience for all who participated.

As many of you know, the work of a mission center is to reach people for Christ and to help them grow in the Christian faith. In the inner city are unreached multitudes. The mission center through its activities for the various age groups plus Sunday school, prayer meeting and worship services seeks to minister to these multitudes that surround it. During the week we have Bible clubs, recreation, crafts, special interest groups, etc. Sometimes we help an individual or family with some of their physical needs. With the exception of the Mission pastor, Rev. Ronald Rice, and myself, the work is done by the volunteer workers from the churches in the Pilot Mountain Baptist Association. We also use some Wake Forest students. Again, God has blessed us with good workers.

We are thankful for what has and is being done, but we do have the need of more volunteer workers who would be willing to give of themselves in the work at the Mission Center.

The work is co-operatively sponsored by the First Baptist Church of Winston-Salem, North Carolina; the Pilot Mountain Baptist Association; the Church Development Department of the Baptist State Convention of North Carolina and the Home Mission Board of the Southern Baptist Convention.

c. MISSIONARY PASTORAL ASSISTANCE

The Convention budgeted \$90,000 for missionary pastoral assistance during 1965; however, the requests amounted to \$136,942. During the year we assisted 145 churches and missions, but addi-

tional ones could have been aided if funds had been available.

Pastoral aid assists sponsoring churches in paying the salary of the mission pastor until the mission is strong enough with the help of the sponsoring church to take care of it. Pastoral aid also helps new churches in paying the salary of a resident, full-time pastor until the church is able to assume full responsibility for the salary. The missionary pastoral assistance is the life-line for aiding in the establishment of independent, self supporting churches in new fields where the witness of such a church is needed.

The guiding principles that the General Board's Missions Committee follow in granting aid are:

1. The General Board upon recommendation of its Missions Committee allocates aid upon the following bases: (1) present need (2) potential for future growth (3) willingness of the church to promote the entire denominational program. The maximum amount to be allocated in any situation shall not exceed one-third of the annual salary except that in those cases of unusual missionary opportunity this amount may be adjusted upward upon the recommendation of the Missions Committee.

Note: In all cases it is the intent of the General Board to meet *actual need* rather than the maximum salary scale. The maximum salary scale is (excluding the pastor's home or rent in lieu thereof): Single—\$2700, Married—\$3600, Institutional or Special—\$5200.

2. A detailed budget must be included in each application before it can be considered.

3. Any decrease of financial support by the church on the pastor's salary will be matched by a similar decrease on the part of the General Board.

4. The amount of aid shall be reduced 20% each year in the case of each church unless otherwise determined by the Missions Committee.

5. No aid is to be given where the total resident membership of the field is over 250 except in institutional cases.

6. Pastors must live on the field and give full time to the work of the ministry unless special circumstances prohibit it (such as seminary student) and churches using indefinite call to pastors will be given preference in extending aid.

7. Monthly report of the pastor should reach the Church Development Department office by the fifth of each month. Salary checks will be paid around the tenth of each month if reports are received on time.

8. Applications for assistance must be mailed to Secretary, Church Development Department, 301 Hillsboro Street, Raleigh, North Carolina, not later than December 15 and June 15 in order to be processed for distribution to the General Board members before the January and July Board meetings. Applications coming in after December 15 and June 15 will be carried over to the following July

and January Board meeting. The General Board grants pastoral aid in these two months only.

9. The General Board expects the church receiving aid (either pastoral, lot or both) to use the services of the Church Development Department of the Convention in discovering its own potential for support and planning an effective ministry. A church planning additional buildings should consult the Church Building-Planning Department of the Convention.

Missionary pastoral assistance has been the means of many revivals, conversions, baptisms, other additions, Bible teaching, training classes and world mission giving. This assistance has also provided pastoral ministries at many of our institutions such as Samar-cand, Leonard Training School, McCain Sanatorium, Odum prison, etc. Additional mission ministries are rendered through this assistance to new and struggling churches in North Dakota.

The missionary pastoral assistance is not only a means of helping needed mission situations today but also planting seed corn for more support for missions tomorrow. This is indeed an avenue of proclamation and witness that Baptists want to continue until our Lord returns.

10. Fruitland Baptist Bible Institute

E. GARY HARTHCOCK, *Director*

God's grace has poured out upon Fruitland in exceptional ways during the period of October 1964 through September 1965. The 1964-65 school year was mainly a year of transition while studies were made and the State Convention prayerfully sought to select a Director to succeed Fritz D. Hemphill, who resigned at the end of September 1964.

The first indication of blessings on a large scale came in January of 1965 when a large representative study committee submitted to the General Board a clear, well-thought-out report and a comprehensive list of recommendations. These recommendations were passed unanimously by the General Board and implementation was begun immediately. Because so many North Carolina Baptists have not read the report and because there are so many changes and improvements in the making, the report is published below:

REPORT OF THE COMMITTEE OF THE GENERAL BOARD TO STUDY THE PROGRAM OF FRUITLAND BIBLE INSTITUTE

Due to the very significant action taken by the General Board of the Baptist State Convention of North Carolina on January 19, 1965, in session in Raleigh, North Carolina, the following report is reproduced in its entirety. The report along with its recommendations was passed unanimously.

At the request of the General Board of the Baptist State Convention, a committee of the General Board was appointed to study the Bible Institute Program of our denomination in the state.

The Committee has made an extensive study of this program and

has tried to consider the general welfare of all persons who might desire the help of such a program. We present our report in the following manner:

A. The Purpose

The Committee feels that some special and particular attention should be given to the group of persons who received the call to a church related vocation late in life. It also feels that the Baptists of North Carolina should make some definite provision for these persons so that they might receive as much preparation for this work as possible.

B. General Statements

1. Any program of this type should be a definite part of the Division of Missions of our State Convention. It should be under the supervision of our General Secretary and the Director of the Division of Missions.
2. The Committee feels that it is not feasible to establish another Bible Institute in our State at this time.
3. Baptists of North Carolina should look with favor upon the idea of setting up a Seminary Extension Program in the eastern part of the State similar to the one in Region 10, when funds are available.
4. Persons desiring the benefits of this program, and who live near the Southeastern Baptist Seminary, should be encouraged to go there for certificate work.
5. The Committee suggests that the Division of State Missions provide a brochure containing information about the policy of our colleges concerning the auditing of courses. This information should be mailed to all pastors and associational missionaries.

C. Fruitland Bible Institute has rendered a great service to many people in the past. It is felt by this Committee that it can continue to do a great service. With this in mind, we submit the following with the idea of strengthening Fruitland.

We therefore recommend:

1. That the school term at Fruitland be extended to four quarters of eight weeks each.
2. That a careful screening process for students be inaugurated. That all high school graduates who apply and have a scholastic rating adequate to enter college be strongly encouraged to take that direction. That those under 25 years of age who are qualified for college work be received in the tutoring section to prepare them for college or further study.
3. That counseling or tutoring service for high school students who are not ready for college be begun in the fall of 1965 to prepare them for entering college later.

4. That student groups be so arranged according to their educational level that each group will not be a hindrance to the other and that different certificates of recognition be granted when work is concluded.
5. That a better balance of subjects be offered (additional courses) and an easing of faculty load be arranged (additional faculty). No faculty member should teach in more than two fields—preferably one.
6. That the total library service be upgraded—(extra help, additional books, classification of books and guidance in use of library).
7. That registration fee for out of state students be \$35* per quarter beginning in the fall of 1965. That the amount for North Carolina students be \$15 per quarter.
8. That administration at Fruitland be under a General Director-Business Manager, and an Academic Dean.
9. That physical improvements, as suggested by both faculty and students be studied carefully by the Director of Fruitland, Director of Division of Missions and General Secretary and recommendations be presented to the Executive Committee and General Board.
10. That the Executive Committee consider requesting the N. C. State Highway Department to hard surface the state road running through the campus.
11. That the Director of Fruitland be instructed to arrange for a local doctor to be on call for emergencies and other serious illnesses. Provide an infirmary room. Require small medical fee of students to cover costs.
12. That the Executive Committee study the advisability of constructing a modest, but efficient and attractive administration building when funds can be provided for this purpose.
13. That in any future building program at Fruitland, whether for Camp or Institute, we consult the Sunday School Board's Planning and Building Department. This could be done through our own Church Planning Department.
14. That the catalogue of Fruitland Bible Institute be revised to include the items in these recommendations that affect students.

In keeping with the recommendations, the State Convention elected a Director and a Dean during the year. Mr. Gary Harthcock, who had, since January 1961, been an associate in the Division of Evangelism was elected Director. Rev. Alex Booth, pastor of Round Hill Baptist Church and teacher at the Institute, was elected Dean.

Concerning the proposed Administration Building, studies have already begun in accordance with the recommendations.

Preceding the opening of the current school year the first annual faculty retreat was held on the campus. Dr. W. A. McDowell conducted special study sessions with the faculty.

* Revised to \$30.00 per quarter

The current school year began with Orientation Day for new students on August 30. In the first 32 week school year for Fruitland there are 135 students enrolled, 106 from North Carolina and 29 representing five other states.

11. Seminary Extension Work, Region 10

ROY J. SMITH, *Director*

Seminary Extension, a missionary venture jointly sponsored by the Baptist State Convention of N. C., the Home Mission Board, and the Seminary Extension Department of the Southern Baptist Convention, is beginning the seventh year of operation in Region 10. The purpose of this work is to enlist pastoral and lay leadership in the churches in a learning experience designed to stimulate growth and make more effective their ministry in the churches. Upon completion of sixteen prescribed courses of study pastors are granted a certificate in Pastoral Training and lay people are granted a certificate in Christian Training. Local ministers and educators who hold the B.D. degree or the M.A. degree serve as teachers. The Convention underwrites the cost of enrollment, making the courses available to the students at a nominal fee.

Three hundred and ten people were enrolled this past year in fifteen centers strategically located in eight towns in Region 10. Negro leaders attended six of the centers, and one center was located on the Cherokee Indian Reservation.

Sixteen centers are organized for work this year. Highlands, a new center, will begin operation this year.

A Seminary Extension Workshop was held September 23, at the Cherokee Baptist Church. Teachers, Directors, and Registrars from each center were present. Rev. Larry Bryson, Rev. Cline Borders, Rev. Walter Middleton, Rev. William Thompson, Rev. and Mrs. L. C. Pinnix and the Director had part on the program.

A summary of the Director's reports show the following statistics Participated in 4 revivals (2 within the Region), 1 School of Missions, 6 Extension Workshops, 1 Mountain Missions Conference, 10 Annual Associational meetings, visited 86 churches, preached 149 sermons, and taught in two Seminary Extension centers.

We are grateful for the sustained interest which makes this ministry possible, and for the privilege of being a part of this effort.

12. Truett Camp

ROY J. SMITH, *Camp Supervisor*

Truett Baptist Camp, jointly sponsored by the associations in Region 10 and the Baptist State Convention of N. C., provides a program of missionary education, Bible study and recreation for the youth of this area. The Baptist State Convention owns the property and provides direction and leadership for the program. The staff

provided by the Convention includes a director, a cook, and two college students who serve as counselors each week of camp.

The associations are responsible for developing the property and the construction of buildings. The facilities have been modernized and expanded during the past year and additional construction is planned for the coming year.

Attendance at the camp this year included: 140 R.A. boys and G.A. girls, 125 Sunbeams who attended Day Camp, 20 young people who attended the youth retreat and 21 pastors who attended the pastors retreat.

13. North Carolina Week of Christian Study and Fellowship, Mars Hill College

ROY J. SMITH, *Director*

The annual week of Christian Study and Fellowship at Mars Hill College, provides a program of Bible study, worship, fellowship and recreation for pastors and their families. Separate conferences are provided for ministers, for the ladies, and for the children, Nursery through Junior age.

The College makes rooms available at no cost. The Division of Missions of the Baptist State Convention provides the program. Meals are the only expense to anyone attending.

Program personalities this past year included: Dr. Henry Turlington, Bible teacher, Dr. John P. Newport, pastor-preacher, Mrs. John P. Newport, lecturer, Mr. Furney Baker, music director, and Mrs. Kathleen Andrews, accompanist. Dr. W. Perry Crouch, Rev. C. W. Ward and Rev. R. L. Patterson brought special messages to the conference.

More than three hundred and fifty ministers, wives and children were in attendance this year.

14. Cherokee Indian Ministry

LARRY BRYSON, *Director*

The Cherokee Indian Ministry is a cooperative ministry of the Baptist State Convention and the Home Mission Board of the Southern Baptist Convention. Since 1961 the work on the Cherokee Indian Reservation has been directly administered by the Baptist State Convention. The Home Mission Board participates on a percentage basis financially and serves in an advisory capacity for the various areas of our work.

Without a doubt 1965 has been one of the most outstanding years in the history of Baptist work on the Reservation. Progress was noted in every area of our ministry. Our churches gave more to missions, experienced a greater unity, a larger Sunday School and Vacation Bible School enrollment and had more baptisms. The following summary will indicate some of our work for the past year.

a. CHEROKEE CHILD CARE

LUCY McLAUGHLIN, *Director*

The Cherokee Day Care Center is sponsored by the Baptist State Convention of North Carolina, the Home Mission Board, and the Cherokee Baptist Church. Support for the children comes from an anonymous donation and fees paid by the children, the Baptist State Convention and the Home Mission Board.

During its second year of operation the Day Care program has ministered to 81 children from 50 families. The staff for this program includes a director, four teachers, one dietitian-cook, and one custodian. A committee composed of representatives from the Baptist churches on the Reservation form the Advisory Board for our Child Care Center.

The day Care program consists of providing a Christian atmosphere of love in which children can learn and grow. Included in the program are areas for desirable spiritual, emotional, physical, mental, and social development. Through home visitation and parents' night programs this ministry can have a witness to the parents also. Thus we meet the present needs of caring for children and reaching parents, and we also plan for the future in helping "train up a child in the way he should go. . . ."

There are 36 children enrolled at the present time. Since 1963 we have reached over 100 children from 81 families on the Reservation.

b. CHEROKEE BAPTIST CHURCH

The Cherokee Baptist Church has completed and now using the new 7,300 sq. ft. educational plant. Renovation of the parsonage has begun and the kindergarten program began November 1, 1965. The new educational plant will be used for Mission Center Activities. Total cost was over \$100,000, of which the church provided \$70,000.

c. MISSION CENTER MINISTRY

The Mission Center Program enrolled over 550 people in its areas of work last year. Through Child Care (pre-school), recreation, scouting, mission activities, woodwork, woodcarving, etc., we were able to reach people who otherwise would not be ministered to. In the coming weeks an expansion of our woodworking program will allow us to reach more adults in our activities.

d. CHEROKEE INDIAN ASSOCIATION

On October 2, 1965, the Cherokee Indian Association called Rev. Sam Tessateskie to serve the Indian Association as missionary. He is a student at Fruitland and will serve during the summer months and weekends. He will serve the 17 churches and seek to lead them to up grade their total programs.

e. SUMMER MISSIONS—LISTEN

1965 will be known as the year for building at Cherokee. We not only saw buildings erected but we saw Christian lives, young and old, "built."

Seventeen students and four faculty advisors, sponsored by the Baptist Student Union, Division of Missions, and the Home Mission Board, labored for 9 weeks on the Reservation. They constructed an 1800 sq. ft. educational plant at Big Cove Baptist Church; renovated the Echato Baptist Church; and renovated and repaired Yellow Hill Baptist Church. A group of eight high school students joined them for a week and painted Straight Fork and landscaped Big Cove. Three Indian men served as foremen, Oliver Smith, Israel Parris, Buck West.

In addition to the construction work, they held seven Vacation Bible Schools, taught Sunday School classes each Sunday at a mission point, sang and played instruments at various church services and preached every Wednesday and Sunday in one of our churches. In addition they held recreation night each week at the Big Cove School.

The summer can be summed up by one of the students, "For the first time, my Christianity became relevant." *They came*, to minister; *they built*, churches and friends; *they departed*, leaving their Christian influence with the people and a deeper dedication within their own hearts.

f. ASSISTANCE TO CHURCHES

The Baptist State Convention of North Carolina provided financial assistance to churches on the Reservation totaling \$7,300 last year. This provided supplies for building, pastors salaries, lot assistance and salary for missionary.

15. Military Personnel Ministries

J. NED BEATTY, *Secretary*

The Military Personnel Ministries—now in its fourth year of existence—is a joint endeavor of the Home Mission Board and the Baptist State Convention of North Carolina. It has two phases of work: First, work with the Japanese people; and second, work with the military personnel in seeking to relate them to the churches.

a. WORK WITH THE JAPANESE

This past year has been a significant one in the development and expansion of the work. The Japanese Ministry has received a tremendous boost through the ministry of Rev. and Mrs. Takashi Yoshizu, students at Southeastern Seminary, as they visit, preach, and teach Bible classes among the Japanese wives and families of military men. A highlight for them came on July 6, 1965, when they were privileged to share with those to whom they minister

a luncheon in the Fort Bragg Religious Center and have speak to them in their native tongue Reverend Yoshikazu Nakajima, Executive Secretary of the Japan Baptist Convention and Mrs. Yoshie Kaneko, former Executive Secretary of the Japan Woman's Missionary Union. Through the labors of Mr. and Mrs. Yoshizu, there have been 17 Japanese women to make professions of faith, 16 have united with our churches by baptism, and 2 by letter.

b. WORK WITH THE MILITARY PERSONNEL

On January 1, 1965, the New South River Association named Mr. James W. Sasser as associate to the associational missionary to work full time in the Military Ministry. This made it possible for the Secretary to give more time and effort to the other military areas of the state.

In response to a request by the New River associational leaders, pastors and others, the transfer of the office of Military Personnel Ministries from Fayetteville to Jacksonville was unanimously approved on May 11, 1965, by the General Board's Executive Committee and subsequently by the Chaplains Committee of the Home Mission Board. On June 1, the office was actually relocated in the Jacksonville-Camp Lejeune area. At this time, Mrs. Billy T. Mobley became associated with Military Ministries as Office Secretary.

A conference on Military Personnel Ministries was held on September 9 and 10 at the Baptist Children's Homes Beach Cottage, Emerald Isle. This first meeting of such nature was well attended by Pastors and Missionaries from the four associations where our military personnel is concentrated—namely, the Jacksonville-Camp Lejeune area, the Goldsboro-Seymour Johnson area, the Havelock-Cherry Point area, and the Fayetteville-Fort Bragg area. Those who attended were:

Tom Caulkins, Pastor, Madison Avenue Baptist Church, Goldsboro, N. C.

This conference brought many favorable comments and much enthusiasm. "Let's do it again" seemed to be the attitude of those present.

Some of the needs and hopes related to the ministry as we look to the future include: (1) A more adequate means of transportation for Rev. and Mrs. Yoshizu, our workers among the Japanese; (2) That we continue to work toward full-time workers or associates in

each of the major military areas; (3) That we may do something about meeting the need for Baptist Military Centers to provide significant means for involving all the military men in Christian growth. These could serve to assist the local churches in meeting the needs of our military men and families as a center of information, recreation, counsel, and instruction.

This has been a fruitful year as the result of the labors of many people. A special word of appreciation is due the Superintendents of Missions and the Pastors in these four associations, Mr. James Sasser, Dr. E. L. Spivey and other Convention staff members, and to all who have shared in any way in this ministry. To God be the glory for what He has done. May He continue to use this ministry to glorify His name.

Respectfully submitted,
J. NED BEATTY

C. DIVISION OF EVANGELISM

JULIAN S. HOPKINS, *Director*
WILLIAM C. LAMB, *Associate*

This has been an encouraging year for the Division of Evangelism. The evident blessing of God has been upon the work of our Convention and Evangelism has shared in it. It is too early (October 15, 1965) to know what our record in baptisms is but things have happened this year that cause us to believe that Baptists are now moving definitely toward a program of total evangelism both in our Southern and North Carolina Conventions.

SOUL-WINNING COMMITMENT DAY

Reports indicate that the churches had the best response ever on Soul-Winning Commitment Day, January 3, 1965. Most pastors followed Soul-Winning Commitment Day with training in witnessing unto Christ. Some of them used the Sunday Schools to implement soul-winning visitation. To all this the Division of Evangelism gives emphasis each year.

STATE WIDE CONFERENCE ON EVANGELISM

Judged in the light of the response of pastors and others across the state, our State-Wide Conference on Evangelism this year was the most helpful we have ever had. Many pastors reported good revivals in their churches last spring which, they said, was an outgrowth of the Conference. Others report that the Conference was used of the Holy Spirit to bring them into deeper experiences with our Lord and Saviour Jesus Christ. This the nineteenth annual Conference was held in the building of the First Baptist Church, Durham. The speakers and other leaders participating in the Conference were:

Davis, Clyde L.—Secretary, Brotherhood Department, Baptist State Convention, Raleigh

Harthcock, Gary—Associate Director, Division of Evangelism, Baptist State Convention, Raleigh
 Havlik, John—Associate Director, Division of Evangelism, Home Mission Board
 Havner, Vance—Evangelist, Greensboro
 Hockaday, Dennis—Pastor, First Baptist Church, Durham
 Hopkins, Julian S.—Director, Division of Evangelism, Baptist State Convention, Raleigh
 Hull, William E.—Professor, New Testament Interpretation, Southern Baptist Theological Seminary, Louisville, Kentucky
 Ihley, Herman—Secretary, Sunday School Department, Baptist State Convention, Raleigh
 Lamb, William C.—Pastor, Sunset Park Baptist Church, Wilmington, Chairman, General Board's Committee on Evangelism
 Laverty, John—Organist, First Baptist Church, Durham

 Smith, William C., Jr.—Secretary, Department Student Work, Baptist State Convention, Raleigh
 Stroud, Joseph—Secretary, Church Music Department, Baptist State Convention, Raleigh
 Wilder, Jack—Pastor, Florida Street Baptist Church, Greensboro

ASSOCIATIONAL CLINICS

Sixty-one of the eighty associations in the state conducted clinics during the year. The associational chairmen of evangelism and missionaries set-up the clinics with the Division of Evangelism of the Convention assisting and participating in most of the programs. The following associations had clinics during the year:

Alexander	Columbus	New South River
Alleghany	Eastern	North Roanoke
Ashe	Elkin	Pee Dee
Atlantic	Flat River	Piedmont
Avery	French Broad	Raleigh
Beulah	Gaston	Randolph
Bladen	Green River	Robeson
Blue Ridge	Haywood	Rocky Face
Brunswick	Johnston	Rowan
Brushy Mountain	Kings Mountain	Sandy Creek
Buncombe	Liberty	Sandy Run
Burnt Swamp	Little River	South Fork
Cabarrus	Macon	South Mountain
Caldwell	Montgomery	South Roanoke
Catawba River	Mount Zion	South Yadkin
Central	Neuse	Stanly
Chowan	New River	Stone Mountain

Surry	Transylvania	Wilmington
Theron Rankin	Tuckaseigee	Yadkin
Three Forks	West Liberty	Yancey
	Western N. Carolina	

SIMULTANEOUS REVIVALS

Several simultaneous revivals on associational-wide basis were conducted in 1965 but not so many as in 1964 when Baptists of seven conventions in America endeavored to get all the churches on the North American continent to participate in Baptist Jubilee Revivals. Baptists in North Carolina gained 9% in baptisms in 1964 over 1963. Thus again, as in past years, when there is large participation in simultaneous revivals across the Convention territory more people are won to faith in Christ and church membership. This is a fact we must remember and make known to all our Baptist people.

LEADERSHIP CLINICS

Leadership Clinics were held this year in Goldsboro, Greensboro, Hickory, and Asheville. Associational leaders in evangelism were invited to these clinics and 270 of them came from all parts of the state. Rev. Jack Stanton, Associate Director of the Division of Evangelism of the Home Mission Board, was with us and was used mightily in these meetings. Mr. Stanton has served as Chairman of the Southern Baptist Convention's committee on correlation and planning for 1966 with emphasis on the theme, *Proclamation and Witness*. He shared most effectively with our leaders the program and plans of our Convention for next year. The presence of the Holy Spirit in His mighty power was in evidence in all the clinics. It was easy to see that our leaders were greatly encouraged and challenged with the correlated program in evangelism that is now becoming a reality in our Southern Baptist Convention. Those who attended these Leadership Clinics will be conducting clinics on evangelism in their respective associations and thus alerting the leaders in the churches to opportunities now at hand in the emerging correlated program.

PERSONNEL CHANGES

On January 1, 1965 Gary Harthcock, Associate in the Division of Evangelism for the past four years, began his work as Business Manager of Fruitland Bible Institute, Hendersonville, North Carolina. Mr. Harthcock, a layman, served faithfully and effectively teaching and promoting in the churches personal witnessing unto Christ.

Rev. William C. Lamb was called from his pastorate at Sunset Park Baptist Church, Wilmington, North Carolina to begin his work with the Convention as Associate Director of the Division of Evangelism on September 15, 1965. However, Mr. Lamb will devote most of his time for several months to promoting the Five Year Spiritual Growth Program serving as Director of the Program. We believe this Five Year Spiritual Growth Program offers the greatest challenge in total evangelism we have faced in North Carolina in many years.

William C. Lamb, a graduate of Wake Forest College and the Southern Baptist Theological Seminary, served for about sixteen years as pastor of Baptist churches and in all his pastorates his work in evangelism has been outstanding. I believe he will be greatly used of the Holy Spirit in evangelism throughout the Convention in the days ahead.

D. DIVISION OF CHURCH PROGRAMS

1. Sunday School Department

HERMAN IHLEY, *Secretary*

Dr. Robert Murdock, famous preacher of Scotland, said several years ago: "It is to be remembered that Christianity comes to men, and is kept alive in their memories and hearts, only through the Bible—through the possession, translation, diffusion, and devout reading, preaching, study, and teaching of the written Word. It is not, therefore, an exaggeration to say that it is the Bible which has preserved Christianity to the world."

The heart of Sunday school work is the teaching of the Bible. We endeavor to help the churches achieve a more effective Bible teaching ministry. Buildings, facilities, organization, training, visitation, curriculum materials, clinics, assemblies, conventions, and all the many things we do are designed to help make the Scriptures real.

The Bible gives meaning to the church functions of worship, proclamation, education, and ministry. The Sunday school helps the church fulfill its mission through teaching the Biblical revelation, reaching prospects for the church, leading church members to worship, witness, learn, and minister daily, providing workers for various projects, and interpreting the program of the church and denomination.

We rejoice in the enrolment increase of almost 5,000 last year. Yet we are challenged by the many people not yet reached. We are to pray for spiritual power to restore the glory of the teaching ministry of the Bible as we reach, teach, win, and develop people for Christ.

This has been a year of radical changes in staff members. Richard Smith, Associate Director of Training and Standards, was promoted to secretary of the Church Planning and Building Department on July 15. Staff members have participated as conference leaders and speakers in several states, schools of missions, related projects promoted by other phases of convention work, Ridgecrest Sunday School weeks, and pulpit supplies for many churches. We have traveled approximately 75,000 miles and have reached more than 23,000 leaders in clinics, conventions, assemblies, enlargement campaigns, workshops, training schools, pastors' conferences, and associational meetings.

PROGRAM FOR 1965-1966

The many projects for this new church year will emphasize the theme—Helping the Church Fulfill Its Mission Through Proclamation and Witness.

Priority will be given the Five-Year Program of Spiritual Growth. We will seek to enlist all churches in the assigned associations in this tremendous endeavor of cooperative witness.

We will also participate in the Christian Family Life Conference, February 22-24, at the First Baptist Church, Greensboro.

Each Sunday school will be challenged to have a 3% net increase in enrolment during the year. We are committed to the growth program of Southern Baptist Sunday schools as we seek to have an enrolment of 1,000,000 by the end of 1970.

A week of interpretation clinics for the Life and Work Curriculum

is scheduled for March 28-April 1 in various churches of the state.

Other projects planned include: 3 Associational director-led enlargement campaigns, 6 teaching improvement clinics, 8 associational central training schools, 8 workshops in age group emphases, 4 area conventions, promotion of associational Vacation Bible School clinics, Bible conferences at Caswell, Associational visitation and growth workshops.

a. TEACHER TRAINING AND STANDARDS

E. C. WATSON, JR. (October 15, 1965)

The possibilities of teacher-training programs have created great interest. Many churches are participating in on-the-job training for prospective teachers and workers. New materials will soon be available to help the churches in this area.

Improvements are being made in the Church Study Course. The Christian Training Diploma is now granted upon the completion of the ten required survey books and any additional ten books. Records of training awards will be sent to all churches. The churches will then be requested to keep the awards and send them to the Awards Section of the Sunday School Board for the various diplomas and seals.

More and more Sunday schools are participating in these studies which will train the workers in their various responsibilities. Opportunities for training should be made available. These are: January Bible Study Week, Operation Home Study, Teaching Improvement Clinics, Leadership Preparation Week, Associational Central Training Schools, the assemblies, and conventions.

The number of standard units exceeds that of last year. We must anchor all of our work on the standards of excellence. When we do this, we get a balanced approach to Sunday school work—church control, enrolment, visitation, grading, use of the Bible, Bible based and church orientated literature, preaching services, evangelism, stewardship, and missions.

b. ELEMENTARY WORK

MISS HILDA MAYO, *Director*

Each season brings its special emphasis in the elementary area. It is during the autumn and early spring months that assistance is given through associational elementary workshops and conferences. Both Pastor-led and Director-led Enlargement campaigns offer opportunities for this type of service. During 1964-65, special conferences on Nursery, Beginner and Primary work were held in eight associations participating in enlargement campaigns. At these conferences 80 churches were represented by 410 people.

Two other associations planned for a concentrated study of children's work. One of these associations scheduled a series of conferences in local churches with eight area conferences, and the other association planned an Elementary Workshop over a period of three

evenings. The faculty in each association was provided by the State Sunday School Department.

Churches entering new buildings and planning for expansion of physical facilities have unusual needs in the elementary area. In some churches, state workers have been able to give two or more evenings, conducting workshop-type programs; while in other churches a conference type of assistance has been given. At the request of numerous churches a full week of teaching has been based on the study course approach.

During the Sunday School Leadership Conference at North Carolina Baptist Assembly, 55 boys and girls were enrolled, with 11 adults directing activities in the Children's Building. For each age group a unit of study was used.

Kindergarten work continues to grow as people become aware of this special ministry. For the first time a conference on the kindergarten program was planned as a part of the Sunday School Area Conventions. Dr. James Barry, consultant in kindergarten work for the Sunday School Board, conducted the conferences with 49 persons attending. The present listing of kindergartens shows 57 churches providing this type of service for their people. The publication by the Sunday School Board of the *Kindergarten Resource Book* for use in church schools has been of help to directors and teachers. The kindergarten program will receive further attention during the year 1965-66 as a visitation program is scheduled and other conferences in this area are planned.

C. ASSOCIATIONAL WORK

PAUL KESTERSON, *Director*

A continuing emphasis upon enlargement has been a major concern in our work with the associations this year. In order that more people may be reached for Bible study we have sought to challenge associational Sunday school workers to lead the churches to major on this vital matter. All areas of church life will be set forward with the reaching of additional people through the Sunday School.

Associations are urged to select and elect associational Sunday school officers early. These should be ready, too, for planning and training in September.

On August 27, 1965, a State Briefing Meeting was conducted at First Baptist Church, Winston-Salem for associational Sunday school superintendents and the leaders of Training Union, Church Music, and Brotherhood from each association. There were 67 associations represented at the Briefing Meeting.

In September, 1965, eight Area Training Conferences were held across the state for training associational officers.

We have continued to promote the use of increasing enlargement goals. North Carolina Baptists can, under God, move forward in these years until we come in 1970 with a million people enrolled in our Sunday schools for Bible study. This can be done by working

toward and achieving the following enlargement goals. Note that the goal is in the form of a percentage gain each year:

1965	1966	1967	1968	1969	1970
2%	3%	4%	5%	6%	7%

In January a State Visitation Clinic was conducted at Wingate College. Out of this has come a renewed emphasis upon going out after people for Christ. We were able to conduct Associational Visitation Clinics in the following associations: Anson, Cabarrus, Flat River, Mount Zion, Yates.

Growth Workshops were conducted in the following associations: Atlantic, Avery, Buncombe, Brunswick, and Mecklenburg.

Director-Led Sunday School Enlargement Campaigns were conducted in the following associations: Carolina and Columbus.

Pastor-Led Sunday School Enlargement Campaigns were conducted in these associations: Caldwell, Catawba River, Elkin, Stone Mountain, and Yadkin.

Also the writer had the privilege of directing enlargement campaigns in four churches during the year: Grace, Wilson—Highland, Hickory—Spencer, Spindale—Valdese, First.

We served on the faculty for three associational central training schools: Rocky Face, South Mountain, and Yates.

Two additional men have been enlisted to serve as Regional Sunday School Superintendent. They are Reverend George Cooke, Route 1, Tyner, in Region 1 and Reverend Rexford Campbell, West Jefferson, in Region 7.

d. VACATION BIBLE SCHOOL WORK

MRS. MYRA S. MOTLEY, *Director*

The records for 1965 are not complete, but all indications are that this will be a good year with the quality of Vacation Bible School work improving in several areas. In 1964 our summary for the state showed 3,074 schools with 305,248 enrolled; 6,092 professions of faith; and \$56,268 mission offerings. We are hopeful that the 1965 record will be even better. So far this year we have recorded 197 standard schools as over 188 in 1964. At least 294 ten-day schools have been held other than the standard schools. Always we are grateful that such points to an improvement in the quality of schools.

The state clinic to which invited associational leaders came was held at Wingate College, January 27-29, 1965. Seventy-three associations were represented by 437 clinicians. These leaders joined our staff in conducting 107 clinics in 78 associations. Statistics show that more than 1800 churches were represented by approximately 12,000 workers in these associational clinics.

Mr. Sibley C. Burnett of Nashville, Tennessee conducted conferences during the state clinic. Other leaders in addition to the State Sunday School department staff included: Mrs. William Spradlin, Jr., Wilmington; Miss Jeannette Wheatley, Greensboro; Mrs. John

Glenn, Raeford; Mrs. E. S. Morgan, Boone; Ray Childers, Brevard; and Charles Storey, Kannapolis. Dr. James S. Potter was a featured speaker.

Our department assisted 20 associations in providing summer workers during June, July and August. These 24 students were trained at Gardner-Webb College by our department staff with Dr. Charles Treadway of Nashville, assisting. They reported work in 157 schools. Several students working through the Department of Interracial Work were also trained at Gardner-Webb.

Our department joined again with the Missions Division in providing student help and funds for the promotion of mission schools in the New South River and New River Associations in the heavily populated military areas. Thirty-one mission schools were conducted in these two associations.

The state clinic for 1966 is scheduled for the dates of January 10-12, at Wingate College.

2. Training Union Department

JAMES P. MORGAN, *Secretary*

New concepts, techniques, and materials continue to characterize the organization called Training Union. So many and varied are these changes until it is imperative that every Pastor, Educational Director, Training Union Director, and all others involved in training utilize every possible opportunity to stay abreast of the happenings.

During 1965, the following programs, techniques, or materials were released:

New Member Orientation

Young People's Alternate Organization

Intermediate Alternate Organization

Junior Alternate Organization

New Curriculum for Young People

A comprehensive plan for using the Church Study Course involving the Training Union in the lead role.

And much more is to come! It is hoped that the program for Leadership Training for Potential Church Leaders will be released during 1966. By June of 1966, new manuals, Adult through Juniors, and a new General Manual will be released. These are described generally as "concept" books and deal with the "what" and "why" more than the "how." However, the "how" has not been ignored and is adequately covered in other publications.

The most important source of regular help to church leaders in this area of service is to be found through the monthly pages of *The Training Union Magazine*. This publication is invaluable. Read it regularly!

Staff members of this department will be happy to confer with any interested individual at any time. Call on us.

PERSONNEL

The field staff of the department consists of the Secretary and three Associates: Rev. Sam O'Neal, Director of Associational Promotion and Young People's Work; Miss Katy Ruth Grayson, Director of Junior and Intermediate Work; and Miss Doris Morgan, Director of Nursery, Beginner, and Primary Work. Each staff member is also assigned other activities directly and indirectly related to his or her primary responsibility. Mrs. Sallie Jones is our Office Secretary and is most ably assisted by Mrs. Mary Conn, Assistant Office Secretary.

Our staff of Approved Workers includes: Mrs. J. R. Everett, Rocky Mount, Junior Work; Mrs. Smoot Baker, Lancaster, South Carolina, General Administration and Age-Group Work; Mrs. I. V. Couch, Asheville, Young People's Work; Mrs. Walter Nash, Signal Mountain, Tennessee, Elementary Work; and Mrs. Sam H. O'Neal, Garner, Elementary Work.

In addition, special training in interpreting the evolving Training Union program has been given to several individuals who will be available for assisting associations and churches as their schedules will allow: Robert L. Clegg, Sylva; W. H. Ledbetter, Fayetteville; Rev. Paul C. Nix, Jacksonville; Rev. O. B. Reel, Mount Holly; and Rev. Luell Smith, Winston-Salem.

1965 ACTIVITIES

Some activities are basic, continuing projects. Among these are:

1. Ten Regional Convention Planning Meetings.
 2. Ten Regional Conventions.
 3. Four weeks of state assembly programs—three at Fort Caswell and one at Fruitland.
 4. The Training Union Youth Convention.
 5. The Briefing Meeting for Associational Officers.
 6. Eight Area Training Meetings for Associational Officers.
- Numbers 5 and 6 above are promoted jointly with Sunday School, Brotherhood, and Church Music Department.

There are always many contacts with Pastors and other leaders in personal conferences and group meetings. Our staff members contribute to the Southwide Leadership Conferences at Ridgecrest as faculty members. During 1965 our Approved Workers were made available to 15 associations and churches, in addition to other scheduled activities in which all department personnel participated. Our department assisted 21 associations and churches in leadership training efforts and promoted and conducted 4 associational Pastor-Led Enlargement Campaigns in addition. Pastors in 43 associations were kind enough to allow a staff member to appear on a program dealing with Training Union.

Every member of our Field Staff has contributed articles to Training Union publications during 1965. .

Perhaps the most far-reaching project of the year was that of interpreting the new Training Union program and materials. Eight Interpretation Clinics were held in the state and conference groups provided for every age-group in Training Union. The response was great!

To strengthen associational Training Union work, Mr. O'Neal conducted a series of meetings to which Associational Directors and Superintendents of Missions were invited for the purpose of discussing associational work. Sixty-two associations and 110 individuals were involved in these far-reaching discussions.

STATISTICALLY SPEAKING

Regional Conventions enrolled 2,976 people from 361 churches in 66 associations.

Our four assembly weeks enrolled 2,470 people from 50 associations and 207 churches. There were 18 professions of faith and 72 life commitments.

The Training Union Youth Convention enrolled 935 individuals from 42 associations and 117 churches.

The Briefing Meeting for Associational Officers reached 42 associations. Others were contacted subsequently.

The Area Training Meetings for Associational Officers enrolled 179 associational Training Union Officers from 50 associations. Plans are made to contact the remaining individually.

115 churches reported Youth Week.

Baptist Youth Night was observed by 52 associations with an attendance of 8,287 people.

"M" Night, 1964 was held in 71 associations with 28,474 people present. 1,296 Pastors attended and 1,683 churches were represented.

There were 711 Juniors participating in the four state Memory Work Tournaments and there were 65 four-year winners.

State Winners in the other tournaments were:

Adult Scripture Reading Tournament—Mrs. J. C. Cochrane, Charlotte.

Young People's Speakers' Tournament—Miss Brenda Anne Walsh, Asheville.

Intermediate Sword Drill Tournament—Miss Peggy Caldwell, Charlotte.

THE LESSON COURSE STUDY PLAN

Of particular interest to individuals working on Church Study Course awards is the Lesson Course Study Plan which gives study course credit for using the regular units of study in Adult and Young People's Training Union materials. This plan is explained on page 6 in the Adult quarterlies (Page 7 in Young People's quarterlies) and has been used most effectively by many churches in training Sunday School teachers and officers, as well as other church leaders. Promotion of this feature should enable us to show an increase annually in the number of awards.

HOW TO HELP A CHURCH ESTABLISH A TRAINING PROGRAM

The above is the title of a new publication released by the Training Union Department of the Sunday School Board and available to churches without Training Unions which desire to organize a training program. This is a "Do-It-Yourself" project and gives a step-by-step process and teaching outline by which a Pastor or other individual can lead a church to organize a Training Union. It has an approach which differs from anything we have had in the past and any Pastor desiring to organize a Training Union may secure a copy from the Training Union Department, Baptist Building, Raleigh.

HELP US TO HELP YOU

Our staff is available for help in many forms. Write us if you have questions or need help. We will do our best to help you meet your needs.

3. Department of Student Work

WILLIAM C. SMITH, JR., *Secretary*

The objective of the Baptist student ministry is to assist each student in becoming a mature Christian who is committed to God in faith, who nurtures his faith and life in the Church, and who manifests the Christian life in all his attitudes and actions. The Baptist student program is fundamentally related to local Baptist churches. Sunday School, Training Union, worship, and other church activities are provided for the students by the churches. The Baptist Student Union provides week-day activities on campus. All of these are efforts to develop future religious leadership for Christ.

I. *Ministry on Campus:* Worship and study, service and fellowship are facets of the sustained on-campus ministry of the BSU. Included are periods of Bible study, devotional periods, mission study and activity, forums, discussions, retreats, focus weeks, personal evangelism, service opportunities, and wholesome recreation. Personal counselling is an integral part of the on-campus ministry.

Baptist Student Centers are a significant means for enlisting and involving students. Buildings designed and constructed for this function are well used at Duke, UNC-Greensboro, N. C. State University and Western Carolina College. Work is progressing rapidly on construction of a center at Appalachian and a lot at East Carolina has recently been acquired. Renovation of new property at UNC-Chapel Hill has given impetus and encouragement for the work there.

II. *Ministry on the State Level:* The activities of the statewide organization provide further opportunities for reaching the stated objectives and supplementing the campus programs. It is maintained and undergirded through the cooperative efforts of the local Baptist Student Unions.

1. *The Annual Student Directors' Seminar* was held in Raleigh in January with Dr. John Dixon, Jr., Associate Professor of Religion

and Art at UNC-Chapel Hill, delivering four lectures on the relation of religion and art. Mr. David K. Alexander, Secretary of the Department of Student Work of the Baptist Sunday School Board in Nashville, also addressed the group. Having the meeting in Raleigh concurrently with the General Board afforded an opportunity for the student directors to attend some of the General Board sessions and to have a luncheon meeting with the presidents of the N. C. Baptist colleges and with Mr. Ben C. Fisher, Executive Secretary of the Council on Christian Education. Mutual problems and concerns were discussed.

2. *The New York Seminar on Christian Social Concerns* was held in January. This was the first effort of its kind in which an attempt was made to broaden the students' scope and understanding of the nature of the world in which the Christian message must be proclaimed. Approximately thirty-three students and leaders attended. Visits to the United Nations, East Harlem Protestant Parish, and the Church Center at the UN were highlights of the trip.

3. *The Spring Tour of Colleges* featured Mr. William L. Dyal, Jr., of the Christian Life Commission of the Southern Baptist Convention. He spoke to students in eleven institutions during his 5-day tour. His subject was, "The Christian Student and Ethical Frontiers."

The Fall Tour of Colleges features Mr. Nathan C. Porter, Associate Secretary for the Department of Missionary Personnel of the Home Mission Board. His topic for discussion is "The Mission of the Church in Today's World." Ten student groups will hear him during his November tour.

4. *The Leadership Training Conference* for newly elected officers of local Baptist Student Unions was held at Wingate College, April 23-25. The theme of the conference was "The Kingdom Beyond Caste." Principal speakers were: Dr. G. McLeod Bryan, Professor of Religion, Wake Forest College; Dr. W. R. Grigg, Secretary, Department of Interracial Cooperation; and the Reverend J. Dewey Hobbs, Jr., Pastor First Baptist Church, Marion. A revised constitution was adopted and the new statewide officers for 1965-66 are: Elbert Felton, East Carolina College, president; Chris Canipe, Appalachian State Teachers College, vice-president; and Pat Pond, Wake Forest College, secretary. Susan Grant, Meredith College, is the *Reveille* Editor and Bill Rotan, Mars Hill College, is the Music Leader. Approximately 334 students and leaders attended this event.

5. *The Missions Program* sponsored by North Carolina students provided a Work Camp Team of sixteen students and two chaplains who renovated churches on the Cherokee Indian Reservation in Western North Carolina during ten weeks last summer. Big Cove, Echota, Straightfork and Yellow Hill were the churches on which the team worked. In addition to this main task, the team worked in a child-care ministry, taught Sunday school classes, conducted six Vacation Bible Schools and led recreational activities. This project was

financed jointly by contributions from students, the Home Mission Board, the Division of Missions of the State Convention and the Cherokees . . . the churches, pastors and people. A special highlight of the summer was the Project Cherokee High School Team which joined their efforts to those of the established group for one week.

6. *Summer Service Activity* had two facets this year: The Youth Evangelism Team, composed of four students, served in ten churches. The Youth Corps was a joint project of the Training Union and Student Departments whereby outstanding young people were assigned to churches requesting workers for the summer months. Twenty-one churches participated in this program which was beneficial for both the churches and the students. The climax was reached when members of the Youth Corps and young people from the local churches with which they had worked attended a special Youth Week at the North Carolina Baptist Assembly in August.

7. *The Ministry in Schools of Nursing* includes assisting student religious groups and having the Student Nurses' Retreat in June. The 14th annual retreat was held at Little Switzerland and had an attendance of approximately 35 student nurses.

8. *The State Officers' Retreat* was held at the North Carolina Baptist Assembly in August and was attended by approximately ninety-five people. The presidents of all the local organizations compose the State Officers' Council and meet to plan the over-all program for the coming school year. In addition to the college students, the chaplains and general staff of the BSU attend the meeting. Reverend Warren Carr, pastor of the Wake Forest Baptist Church, Winston-Salem, was the special lecturer for the week.

9. *The Thirty-Sixth Annual Baptist Student Convention* met in Charlotte at Myers Park Baptist Church, November 5-7, to explore the theme, "Called To Proclaim." The central speakers for the occasion were Dr. Charles E. Boddie, President of the American Baptist Theological Seminary in Nashville, Tennessee; Dr. Carlyle Marney, pastor of the host church; and Mr. Arthur Driscoll, Special Consultant to the Student Department of the Baptist Sunday School Board in Nashville. There were two special features of this year's convention: the presentation of "Parable," a movie made for a special showing at the Protestant Pavilion at the New York World's Fair, and discussion groups composed according to vocational preferences, led by Christian lay-people active in these fields.

10. *The Ninth Annual International Student Retreat* is scheduled during the Thanksgiving Holidays, November 24-27, and will be held at the Betsy-Jeff Penn 4-H Center at Reidsville, North Carolina. The purpose of this conference will be to introduce the students to the Christian faith. Speakers for the occasion will be Dr. V. E. Devadutt, Professor of World Christianity at Colgate Rochester Divinity School, and Dr. E. Luther Copeland, Professor of Missions at Southeastern Baptist Theological Seminary. It is

expected that approximately 125 American and International students from North Carolina colleges will attend the event. The Woman's Missionary Union of North Carolina contributes to the cost of the conference, which is sponsored jointly by the Student Departments of North Carolina and the Baptist Sunday School Board.

11. *Publications and Publicity: The Reveille* is published twice yearly by the department as a journal of Christian concern. In addition, brochures and pamphlets are printed to give information about special phases of the student ministry from time to time. The Department of Program Services recently prepared a full color 35mm filmstrip depicting the ministry, facilities, and personnel of the North Carolina Baptist Student Union. This is available to churches for use upon request.

III. *Cooperative Activities:* The department cooperates with the Student Department of the Sunday School Board in promoting Student Week at Ridgecrest and Glorieta, the International Student Retreat, and other special meetings from time to time. Student Night at Christmas is promoted to give local churches an opportunity to learn of religious activities in which students are involved. On-To-College is promoted to give the departing students the firm assurance of the interest and support of his home church. The Missions Conference sponsored by Southeastern Seminary is promoted, also, as is the Medical Missions Conference initiated by the Foreign Mission Board.

IV. *Personnel:* The Department of Student Work is grateful for the following people who help carry on the ministry for Baptist students in North Carolina for the school year 1965-66: Reverend Monroe M. Ashley, UNC-G; Reverend James Z. Alexander, Shaw; Mr. W. Worth Bridges, Gardner-Webb (part-time); Reverend Alton Y. Buzbee, Campbell; Reverend James O. Cansler, UNC-CH; Reverend Edgar D. Christman, Wake Forest; Reverend Henry G. Elkins, North Carolina College at Durham; Mr. Thomas Faulkenbury, Wingate (part-time); Reverend Dwight R. Fickling, East Carolina; Reverend Colon L. Baptist Medical Center; Dr. R. Hargus Taylor, Chowan; Reverend R. A. L. Walker, Meredith; and Reverend Charles Webster, N. C. State University (interim).

V. *The Student Department Looks Forward* to the time when the possibilities of ministering to students in the name of Christ are approached with an adequate staff to meet the challenge. Workers for new areas and associates for established situations are needed now in the face of the increasing enrollment.

On behalf of more than 26,000 Baptist students enrolled in North Carolina and the workers of the Department, we hope that Baptists

in this state will keep informed about the ministry for students and will pray that God will guide and lead in this important work.

4. Church Music Department

April 1, 1966 will mark the tenth anniversary of the Church Music Department of the Baptist State Convention of North Carolina. These ten years have been filled with challenge, and the enthusiastic response from the churches has been most gratifying. A solid foundation has been laid on which the department can build an even stronger ministry to the churches. As we look to the next decade of service to the churches, we are more excited with an enlarged opportunity to make music a more significant part of worship and Christian education in the churches. For the next year ten programs will claim the attention of the department. The department Secretary will use selected Regional Music Directors to assist in these programs.

1. *The New Associational Organization.* For a number of years, church music leaders in the associations have conferred with pastors, associational missionaries, and church leaders in evaluating the music program of their association. Out of hundreds of conferences, committee meetings, studies, and pilot experiences, has come a new program for the associational Music Ministry. It is simple in its design, yet comprehensive in its scope. It places responsibility on each association to determine the music needs of the churches and to make adequate provision for meeting those needs. Already forty-nine associations in the convention have elected music officers and the department is well on its way in providing materials and assistance to these in establishing, conducting, enlarging, and improving their music program.

2. *Music Schools.* These schools planned for one week in duration are a part of the Church Study Course, with textbooks listed in Category 19. The department will be directing twelve or fifteen such schools next year in associations, regions, and individual churches as well as at Fruitland Baptist Bible Institute.

3. *Choir Clinics and Workshops.* One important phase of the Church Music Ministry is the Graded Choir Program. Churches everywhere of every size and location need help with their choirs. These clinics are designed to meet that need by providing helps and materials in organizational promotion, rehearsal procedures, music, and leadership training.

4. *Festivals.* Several changes have been made in the plans for 1966 with the hope that more of the smaller churches will participate in this program. The festival materials were mailed to all the churches the first of September with the hope that they may be included in the regular work of the year's program. In addition to the regional festivals, the number of statewide Junior festivals has been increased from three to six. Also the statewide Youth Choir Festival has been divided into two sections meeting on the same

day: one at Wake Forest College in Winston-Salem and the other at Southeastern Seminary at Wake Forest. A goal of 400 choirs participating has been set.

5. *Summer Assemblies.* Three weeks are provided for again next year. The Church Music Conference for Intermediates, Young People, and Adults will be held at the North Carolina Baptist Assembly July 11-16. A Junior Music Week will be conducted on the same campus the week of August 1-6. The Church Music Conference for Juniors, Intermediates, Young People, and Adults will be held at Fruitland Baptist Camp August 8-13. Attendance at these conferences has increased each year, and even bigger plans are being made for next year.

6. *Work With Other Departments.* This provides one of the most fruitful opportunities of service. We are called upon each year by the Sunday School Department, Training Union, Woman's Missionary Union, Brotherhood, Vacation Bible School, Student Department, Division of Evangelism, and the Annual Convention to plan and direct the music for the worship periods. This provides not only an opportunity to use music in worship, but also to teach by way of demonstration how music should be used in the experience of worship.

7. *Annual Carol Sing in the Churches.* The date for this convention-wide activity is the Wednesday night before Christmas. Materials are being distributed to all the churches promoting this event which will provide for many of the churches their only opportunity for a service of Christmas music.

8. *Hymn of the Month.* There is much ignorance among our people of our rich heritage in Christian hymnody. This program is designed to teach Christian Hymnody and to inspire a greater and more intelligent participation in hymn singing.

9. *Assist Churches in Securing Minister of Music.* Even though the department is not a placement bureau for staff personnel, many opportunities are provided to help churches locate qualified persons to fill these vacancies and to put ministers of music in touch with churches needing their services. Never in the ten years of service has the department had so many requests.

10. *Pamphlet Distribution.* Approximately fifty pamphlets and posters dealing with the church and associational music ministry are available free of charge through the department upon request. These pamphlets are provided by the Music Department of the Baptist Sunday School Board and are being used extensively by the churches.

5. Department of Church Building and Planning

RICHARD SMITH, *Secretary*

"Building to the Glory of God" is a tremendous challenge. A challenge that involves cooperation and understanding on the part of every organization in the church. Each area of our work presents

a particular need. We hope to assist any church that would like to meet these needs by providing space for every age group and organization.

The main emphasis for this year will be "A Space Probe." Materials are available to help churches study ways of better using the space it now has. This could mean rearranging the present space, remodeling the existing space, or building additional space. With the "Adult Thrust—Phase Two" in operation, we hope additional space will be needed.

There is a growing interest on the part of a large number of Baptist Churches to take the long look into the future. This means the prospects of obtaining additional property, providing additional educational space and a more adequate auditorium, to meet the needs of a changing community, and locating future buildings so as to have beautiful and functional facilities.

In order to be of greatest assistance the following information is needed to help our office understand your needs.

1. A plot of your property—giving the outside dimensions of all property lines.
2. Blueprints or sketches of your present building or buildings, indicating the dimensions of each room, and who is using that room.
3. Photos—at least four, giving a clear view of each side of your building and property.
4. Organizational information—this information can be furnished on forms that this office will be happy to furnish.

Each year this Department seeks to provide two state-wide Building Conferences. The first conference in 1966 will be April 12, at the Baptist Building in Raleigh; and the second, at the Parkway Baptist Church in Greensboro on October 11.

Churches interested in providing additional space, church building financing, preparation of a long-range building program, or other areas of building needs are encouraged to form a Planning and Survey Committee, and study to meet these needs.

It is hoped that every experience in the church's building program will indeed be a "Spiritual Experience."

6. Brotherhood Department

CLYDE L. DAVIS, *Secretary*

The Brotherhood Department continues to move forward in its efforts to introduce the new dimension in Brotherhood work. Since the adoption of the Brotherhood Program Statement by the Southern Baptist Convention at its meeting in Dallas, Texas, May, 1965, it has become very evident that Brotherhood will play a significant role in the churches fulfilling their mission. Based on the Southern Baptist Convention assignment to Brotherhood, the following description of tasks have been made for Brotherhood:

Task I. Teach missions to all men, young men, and boys.

Task II. Lead all men, young men, and boys to participate in mission activities.

Task III. Provide organization and leadership for special projects of the church.

Task IV. Provide and interpret information regarding the work of the church and the denomination.

In 1965 the Brotherhood Department provided training for 205 associational officers and an undetermined number, which would probably be in the thousands, of church officers. Forty-five men received specialized training in leading training conferences in Brotherhood-Royal Ambassador work.

NEW PERSONNEL

Rev. J. Edwin Bullock came to the department on February 1. Mr. Bullock is well qualified to serve as an associate. He came from successful pastorates where he also served as associational Royal Ambassador leader, associational Royal Ambassador camp director, and associational Brotherhood president. This background of experience and his dedication to the task has already proven to be a great asset to Brotherhood and Royal Ambassador work.

ASSOCIATIONAL PROMOTION

J. EDWIN BULLOCK, *Associate*

Brotherhood Department services to the associations in 1965 have been more numerous than ever. This has been made possible, not only by a new worker in this area, but by a large number of Brotherhood-Royal Ambassador specialists who have been trained to serve in the associations.

These services have consisted of helping the associations with Brotherhood Workshops, providing Royal Ambassador leadership training in the associations for counselors, presenting the missions dimension of Brotherhood at Associational Men's rallies, and personal visitation of associational missionaries, pastors, and Brotherhood leadership.

A larger number of and a finer quality of training programs in the associations make it appear that Brotherhood will see its greatest growth in North Carolina during 1966.

ROYAL AMBASSADORS AND CAMP CARAWAY

B. W. JACKSON

The coming of new personnel to the department, making a division of work responsibilities possible, is of real value to our work. To give proper emphasis to the missionary task of Royal Ambassadors in a church requires a dual approach—that of promotion and leadership training among men on the one hand, and that of providing and promoting a program for boys on the other hand. The department is seeking to provide services to help churches meet both of these needs through leadership training opportunities for men, and

meetings for boys. These include special meetings such as Camp Directors' Workshops, Family Camping Clinic, "See College Days," Congresses for Pioneers and Ambassadors, and camps attended by hundreds of boys and men.

Camp CaRAway experienced continued interest during its second complete season of operation. Ten weeks of camp were held with campers from all areas of the state. Many groups made off-season use of the facilities. Progress continues on the "new" Camp CaRAway. Roads, lakes, power, and water facilities are completed. An adequate winterized office and staff lodge is in use for special leadership meetings. A dining hall, cabins, unit lodges, outdoor chapel, a tent camp, and other facilities are under construction.

The schedule calls for the new facilities accommodating 144 campers to be ready for the 1966 camping season. These facilities are planned for maximum use in providing the very best in camping for boys and leadership training opportunities for men. Missionary education for boys is the prime motive for Camp CaRAway. It is dedicated to the helping of churches strengthen their efforts of making real the challenge of missions to boys.

7. North Carolina Baptist Assembly

FRED J. SMITH, *Manager*

The year of 1965 was indeed a very successful and wonderful year for the purpose of the North Carolina Baptist Assembly. The Assembly by the Sea is like a tree branching out with its roots far and wide, bringing forth each season a harvest of souls for Christ and His kingdom. Needless to say, the atmosphere and well planned programs, take the credit for our registration of 5,372. They found the Baptist Assembly a place of dedication and serenity.

I would like to express my sincere appreciation and thanks to the different departments in Raleigh for their loyalty and cooperation to the Assembly.

As usual, we had a most adequate staff of eighty-five members, who tried at all times, to make our guests feel that the Assembly was their home away from home. The staff is composed of Christian adults and young people representing our State.

Our Pre and Post-Season had 2,165 registered guests. We always look forward to the youth, B.S.U., Choir Retreats, and individual families on vacation, who come before and after the summer programs. Our people are becoming more and more aware each year of this opportunity.

The Baptist Assembly continues to make progress in improving the facilities. The Oceania Motel has ten units that are used for family apartments. We always have more requests than we can grant for these units. We have other family group apartments that will accommodate small and large families. Our Church Group Apartments are made nicer each year. Most of them now have larger kitchens, more baths, and are well equipped. This year our guests found a more comfortable dining room which had been expanded

to accommodate a greater seating capacity. This included the addition of attractive block design walls. Water coolers have been placed in many of the buildings to add to the comfort of our guests. The grounds are beginning to show the results of offerings taken each week during the various conferences. Our recreation program is one of the best. We have swimming, fishing, softball, basketball and horseback riding.

Future plans call for a desperately needed auditorium with ample seating capacity, equipment for the children's building and playground, an ice machine for the dining room, and furniture and venetian blinds for our Resident Buildings. The girls' and boys' barracks are to be refashioned for more purposeful living.

We take the pleasure of requesting each and everyone of you to start making your plans early for reservations in 1966. For information write the North Carolina Baptist Assembly, Southport, North Carolina.

8. Fruitland Baptist Camp

E. GARY HARTHCOCK, *Director*

The summer camp period which extends from mid-June to late August proved to be a blessing to the several hundred who attended. The Fruitland Camp, which is set up for our church organizations had the following groups as guests: Training Union, Royal Ambassadors, Girls' Auxiliary, Superintendents of Missions and Church Music. Out of a ten-week schedule two weeks were cancelled, one R.A. week and Preaching Week.

Highlighting the recreational facilities is the beautiful swimming pool on the campus. This proved again to be extremely popular with children as well as Adults.

About 1,600 attended one of the conferences or camps during the 1965 summer period.

9. Department of Statistics and Survey

TED W. WILLIAMS, *Secretary*

On December 31 this department will have completed its first year of service. The purpose of the department is set forth on page 47 of the Manual of the Baptist State Convention. Among the responsibilities, is the keeping of up-to-date mailing lists of all active Baptist pastors and other full-time church staff members. During the year more than a thousand changes or corrections have been made in the address files.

Another major responsibility is in sending the church letter forms used by the church clerks in preparing the annual letters to the association. A digest of these letters is made by the Associational Clerks and returned to this office and is then processed and prepared for publication in the Annual of the Baptist State Convention. These appear in the Annual under the heading, "Statistical Reports—Associational and Convention Activities." It requires about three months of intensive work to prepare these statistical reports.

We are deeply appreciative of the work of church and associational clerks over the state. Without their fine cooperation, this phase of the work would be impossible.

There have been many requests during the year from churches, associations, and city-wide ministerial groups for assistance in planning local church community or city-wide surveys (census). The department has worked with eighteen different groups in this connection.

Mrs. Carl Lusk is the very efficient office secretary. Much of the effectiveness of the department is due to her efforts.

It is a privilege to serve in this area of the work of the Baptist State Convention.

E. DIVISION OF STEWARDSHIP PROMOTION

O. J. HAGLER, *Director*

Nineteen sixty-five for the Division of Stewardship Promotion and its departments has been one of the best years in our experience. The spirit in the churches has been excellent and this is reflected by cooperation and participation on a wide scale in all that we have been doing to help the churches develop a scriptural plan of Christian stewardship to meet the ever increasing needs of the local church, state, home and foreign missions.

Reports from the various departmental secretaries show that we have all been kept busy in special conferences, stewardship workshops, seminars, and clinics.

The director has given a large share of his time to the Tithe . . . Now! emphasis. More than twelve hundred churches have set tithing goals and are busy in tither enlistment. North Carolina leads the Southern Baptist Convention in this procedure! As the tithing programs become operative in the churches we should see greatly increased giving through the Cooperative Program.

It is our recommendation that the Tithe . . . Now! emphasis be continued through 1966 and that it be merged into the south-wide program, "Six Steps in Sixty-Six—Tithe . . . Now!"

All members of our staff are available for service to the associations and churches. Pastors and deacons schools, stewardship workshops, conferences with church leaders, the production and distribution of effective tracts, and stewardship programs are offered as a service to the churches.

Appreciation for faithful and loyal service by all members of our staff, field workers, and office personnel alike, is here expressed.

The Cooperative Program looks good at this time. The total as of October 15, 1965, is \$4,168,164, or an increase of 5.19 per cent over 1964.

Two changes in office staff are noted: Mrs. W. I. Powell, Division Office Secretary, after ten years of efficient service has retired and has been succeeded by Mrs. Wilma Auman, formerly Office Secretary in the Sunday School Department. Mrs. Esther Kidd is the new

Office Secretary in the Department of Program Services (Audio-Visuals).

As Director I have shared in the planning and work in all departments.

Reports of the four department secretaries follow.

1. Department of Stewardship Development

R. TOM GREENE, *Secretary*

The development of materials for promotion of scriptural stewardship and Cooperative Program enlistment on the part of individuals and the churches of the Baptist State Convention of North Carolina is the basic function of this department. The work during the past year may be divided as follows:

I. LEAFLETS AND PROGRAMS

In cooperation with Mr. O. J. Hagler and the others of this division, we have developed and distributed leaflets and programs as follows:

1. Leaflets

267,500 Basic Cooperative Program leaflets and posters.
92,900 State Mission leaflets and posters.
198,900 Other leaflets and booklets on Stewardship and Missions.

2. Stewardship programs for use in the churches.

We have developed and distributed three new stages for Stewardship development in the churches. They are: "A Simple Stewardship Development Program," "A Planned Weekend Stewardship Revival," and "A Planned Program of Stewardship Study and Preaching."

II. SEMINARS

We had Development Seminars for the Stewardship-Cooperative Program Representative and for other leaders from each association. During the seminars we:

1. Distributed and explained the latest materials for Biblical stewardship and Cooperative Program enlistment.
2. Received wise suggestions from the Associational Superintendent of Missions, Moderator, and Stewardship-Cooperative Program Representatives.

III. WORKSHOPS

Workshops in Stewardship Development were held for the pastor and treasurer of each church in about one-fourth of the associations. The purpose was:

1. Give these church leaders a bird's eye view of Stewardship material available to help them develop scriptural stewards.

2. Answer any questions concerning the Stewardship programs and the Cooperative Program.
3. Encourage the leaders to use one or more of these programs for the benefit of their own churches in carrying out the commands of our Lord.

IV. REPORTS, ART, AND ARTICLES

We published in the August 21 issue of the *Biblical Recorder* the Cooperative Program giving of each church for the first six months of 1965, and made this report available in each annual associational meeting.

We developed art and produced articles on Cooperative Program and State Missions for the *Biblical Recorder* in cooperation with Mr. Marse Grant, Editor.

V. OTHER AREAS OF WORK

We have answered the request of many individual churches needing special help in developing Biblical stewardship and Cooperative Program enlistment.

During the past twelve months, in doing this work for you in Christ's name, I have spoken 246 times, and there were 29 added to the churches for which I preached—21 by baptism, 8 by letter.

Dr. W. Perry Crouch, General Secretary-Treasurer of our Convention, Mr. O. J. Hagler, Director of the Division of Stewardship Promotion, and the other personnel in this division have given wise counsel and help in all the work of this department. Mrs. Edith Barbour, office secretary, has given valuable help in our common task.

To those above, plus each pastor, associational leader, and our entire Convention staff, we express our thanks for their genuine cooperation.

2. Department of Stewardship Promotion

HAROLD M. WHITE, *Secretary*

This report is submitted with appreciation for the privilege of serving North Carolina Baptists and with gratitude to the Director and staff of the Division of Stewardship Promotion for their cooperation and assistance.

The Department of Stewardship Promotion serves churches and associations by scheduling and conducting workshops and training sessions in the latest stewardship and church finance techniques, methods and materials. Use of these methods and materials enables churches and associations to increase their budgets, find larger financial resources to meet local and world missions needs, and to deepen the spiritual lives of people. The spiritual growth of the individual into stewardship maturity is a primary objective.

In response to increasing requests for help in developing faithful stewards, the following stewardship programs are suggested:

1. THE FORWARD PROGRAM OF CHRISTIAN STEWARD-

SHIP is the best and most complete program for planning, promoting and pledging the annual church budget.

2. GROWTH IN CHRISTIAN STEWARDSHIP is an adaptation of the Forward Program for use in churches with smaller memberships.

3. A STEWARDSHIP DEVELOPMENT PROGRAM FOR BAPTIST ASSOCIATIONS helps increase support for associational missions and the Cooperative Program by enlisting and encouraging local churches in stewardship promotion.

4. YEAR-ROUND STEWARDSHIP DEVELOPMENT outlines procedures for continuous stewardship training and development.

The Tithe . . . Now! campaign in North Carolina for 1965-66 has been very successful due to the efforts of O. J. Hagler, Director of the Division. The department secretary has given full cooperation to Mr. Hagler in promoting this campaign.

Other major activities include: Deacons' Schools, Stewardship Revivals, Schools of Missions, tract distribution and cooperation with all divisions and departments in promoting the total program of the Baptist State Convention of North Carolina.

This Department is ably assisted by E. Cleve Wilkie, Kinston, Associate in Field Promotion.

Our work is effective only as churches, associations, agencies and institutions are willing to take advantage of the services offered.

Mrs. Evelyn Norman serves efficiently as office secretary.

3. Field Promotion

E. C. WILKIE

2006 Carey Road, Kinston, N. C.

Sermons, addresses, conferences, clinics, study courses, deacons schools, mission camps, visitation, Tithe . . . Now! kits, tracts, and literature have been some of the vehicles I have used this past year to promote and teach stewardship and missions in eastern North Carolina.

I am humbled and grateful for the privilege of serving the Baptist people of North Carolina. I have been blessed and enriched in my own life, and have in some measure, I trust, furthered the cause of Christ and the Kingdom in our state.

A brief statistical review of the year's work shows 92 sermons delivered in Stewardship Emphasis Weeks and revivals; 22 sermons in general pulpit supply and promotion; 11 addresses on special occasions; 3 addresses to church or associational stewardship suppers; 10 sessions in stewardship clinics; 12 sessions in study courses; 4 sessions in deacons schools; 1 tithing testimony given; 1 wedding performed; 2 institutional homecomings attended; 3 mission camp addresses; 4 pastors conferences; and 14 Convention-related meetings attended, such as the State Convention, Evangelistic Conference, Ministers Workshops, regular staff meetings, and all General Board meetings.

When not engaged in specific meetings, much time and mileage have been expended in general field work, with emphasis on the Tithe . . . Now! program.

I express my heartfelt appreciation for Rev. O. J. Hagler, head of our Division, and Rev. Harold White of the Department of Stewardship Promotion, as well as the other fellow workers in the Division.

4. Department of Program Services

JIMMY MORRISS, *Secretary*

The Department of Program Services promotes the total Baptist program through the associations and local churches. It is a department that is primarily public relations; and it is incorporated in the Division of Stewardship Promotion. The work of the department may be divided as follows:

I. AUDIO VISUAL AIDS

A. *Film Library*

During the past year the department has booked more than 11,000 free rental films. The general trend in the churches of the Convention is that they are making consistent use of audio-visual materials. The department seeks to encourage the planning for a basic essential audio-visual library at both church and associational levels, with supplementary services provided by the department library. At present, the department library has more than 2,500 35 mm filmstrip and 16 mm motion picture titles which are available to the churches on a free rental basis.

B. *Film Production*

The department produced the following films during the year:

AN OPEN DOOR TO OPPORTUNITY, a 56 frame full color filmstrip depicting the areas of State Mission work in North Carolina;

THE EXTRA DIMENSION, a 16 mm sound and color motion picture on Christian higher education as interpreted through the program at Gardner-Webb College;

Film clips, slides and transparencies were produced as requested.

The department is at present completing for release in early 1966 a new 16mm sound and color motion picture on the North Carolina assemblies and camps, and another on R. A. work featuring Camp CaRAway.

C. *Communication Demonstration Conferences*

At the request of various associations and church groups, a number of "one night stand" demonstration conferences were scheduled during the year. Counseling with the churches regarding audio-visual equipment, program planning, and sight and sound installations has become a major service of the department. Services include: enforced sound, closed circuit TV, broadcast equipment,

chime systems, visual installations, projection equipment, background projection, recording facilities, lighting effects, radio loops, and screen installations. We also work closely with the Church Building Planning Department aiding churches in sight and sound programming. More than 100 churches were aided during the past year.

D. Audio Aids

Each year the total number of audio aids provided for church and associational use increases. More than 1,200 audio tapes were produced this year, a 400% gain over last year. Special radio presentations on missions for the associations use were also produced.

II. GRAPHIC ARTS

Some 200 individual lay-outs were designed during the year. The department also produced the third edition of the *Baptist Manual* as well as special designs for displays at the annual Convention. Other Convention departments and agencies are helped with posters and other non-projected aids.

III. NEWS SERVICE

We provide news coverage of Baptist work in North Carolina to more than 350 outlets including newspapers, and radio and television stations in the state. More than 50 special articles were written and used extensively by all the news outlets of our state. The department has helped with much pictorial coverage and research materials used by the *Biblical Recorder* in support of the special State Missions offering. We here express our appreciation to every news channel for splendid cooperation in providing time and space for Baptist news.

IV. TELEVISION AND RADIO

The department continues to produce the Baptist network series of television programs titled, *A Light Unto My Path*. This program is a mission work of the Convention designed to reach minority groups, the deaf, the aging and the unchurched. The program is presented over a state-wide network of six stations—WRAL-TV, Raleigh; WECT-TV, Wilmington; WLOS-TV, Asheville; WFMY-TV, Greensboro; WBTV, Charlotte; and WNCT-TV, Greenville; also, WTVC-TV, Chattanooga, Tennessee, and WIS-TV, Columbia, South Carolina. This series of programs is also carried by ten stations outside of North Carolina and is sponsored by a Baptist Convention or group of that state. We also produce *Bible Story Time*, a weekly program for pre-school children, and *Church of Our Fathers*, a weekly 30 minute news telecast on WRAL-TV, Raleigh. Our newest venture is a television series seeking to meet the needs of youth today. Titled *Youth Faces Life*, the program is designed to challenge young people to make their faith relevant to the needs of today. Each year, in cooperation with the Church Music Department, we

broadcast by radio, the annual Choir Festival from Wake Forest College. We are most grateful for the splendid cooperation of the administration and staff of the radio and television stations in making available their facilities for the Baptist message.

V. OTHER AREAS

The department has two approved workers for the summer sessions at the North Carolina Baptist Assembly and at Fruitland Camp. Some 500 film presentations were included in the programs of these summer sessions. Please continue to pray for our ministry as we try to serve the people and the churches of our Convention and state.

5. Annuity Department

GUY S. CAIN, *Secretary*

The work of this department for the last twelve months has been a year of intense activity. A brief review of the schedule of the department secretary shows:

1. Twenty-eight annual associational meetings
2. Twenty-five pastors meetings
3. Twelve visits to college and seminary campuses
4. Preached in four revivals
5. Preached 22 times in other churches

With the introduction of the LIFE BENEFIT PLAN last year and the HEALTH BENEFIT PLAN this year the Annuity Board now has a program of service for the pastor and his family in sickness, in death, and in retirement. This three-fold program is available in total or in part to all the people who serve in Baptist life in churches, institutions, or agencies.

1. THE PROTECTION PLAN is still our major concern. About 1,550 churches in our state are participating, but several hundred others should enter the program. Our Convention will deposit one-third of the money for these men from our Cooperative Program receipts, when the church agrees to deposit ten per cent of the salary up to the ceiling of \$4,000.

Many churches in THE PROTECTION PLAN need to move on up to depositing ten per cent of the total salary for retirement. This additional money can be put in THE AGE SECURITY PLAN or VARIABLE ANNUITY PLAN. The income tax laws will permit twenty per cent of salary to be put in retirement program tax free. Actuaries have determined that it takes fifteen per cent of the salary during the productive life to provide fifty per cent of average salary in annuity.

2. THE LIFE BENEFIT PLAN has been well received. There are now more than 12,000 certificates with more than 1,000 from North Carolina. This is life insurance protection for one per cent of elected salary base between \$4,000 and \$12,000. The amount of insurance is 2.5 times the elected base until age 46, reducing one-

tenth each year thereafter until age 65. This program is available to ministerial students for half the normal cost, providing \$10,000 life insurance for \$20 a year.

3. THE HEALTH BENEFIT PLAN went into effect October 1, 1965, with approximately 7,000 certificates. The enrolment period has been extended to December 1.

Employment in Baptist life is the one condition for eligibility in the program. There are no age limitations, no pre-existing health condition exclusions and the protection is available after retirement at the group rate. A widow can stay in the group program at the individual cost. The MAJOR MEDICAL provision is a very broad one.

Churches are encouraged to put all this three-fold program of protection in the budget as a fringe benefit for the staff members.

During the last year we have had 138 applications for new certificates in the SOUTHERN BAPTIST PROTECTION PLAN. We have 48 transfers from other states. We have received agreement cards from 137 new churches.

North Carolina has had a total of 390 annuitants. There are currently 318 people receiving monthly checks.

F. DIVISION OF CHRISTIAN HIGHER EDUCATION

These members replaced W. H. Davis, C. Arthur Francis, Willard Graham, Mark Owens, T. O. Hickman, Mrs. John R. Link, L. D. Munn, and S. C. Ray.

Departmental Faculty Meetings

The Departmental Faculty Meetings continue to be one of the most important works of the Council. Once every two years all of the teachers in the North Carolina Baptist colleges who are teaching in the same discipline are brought together for study and fellowship. During the past year the following meetings were held: Foreign Languages—Wake Forest; English—Wingate; Business Education—Wake Forest; and Social Sciences—Mars Hill.

Cooperative Program Advance

The Cooperative Program Advance was brought to a close in December of last year. The total amount of monies raised over the three-year period and divided among the colleges was \$394,023.54. The following table shows the exact amount which each college received, the exact amount allocated to the Student Department, and a summary of campaign expenses:

Christian Education Day, Father's Day

The theme for the past year for Christian Education Day was "The contribution of Baptist colleges to lay-leadership." A series of ads in the *Biblical Recorder* featured testimonies from outstand-

ing Baptist laymen, both men and women, who attributed their experience on a Christian campus to their present interest in the church and sense of responsibility in community affairs.

The emphasis for 1966 will be on "The contribution of North Carolina Baptist colleges to Christian vocational leadership." The Council last year again was fortunate in having the endorsement of the Baptist Brotherhood in promoting Christian Education Day throughout the state.

Elsewhere in this annual there will appear the report of the Committee of 28, but the Council is especially grateful that they have chosen in this report to re-emphasize the importance of Christian Education Day in our churches and what this day would mean to our colleges if properly emphasized and properly observed.

The Council Self-Study

The Council Self-Study, which was proposed two years ago, has now been completed. It is hoped by the time this report is read to the Convention that copies will be available for distribution.

Following a final review of the Council Study, the Council voted unanimously to recommend that this study be adopted by the boards of trustees of each college as future guidelines.

Part I of the study is concerned with the Theological Basis for Christian Higher Education and is divided into three sections: All Truth is of God, The Covenant Relationship, and College as Christian Community.

Section II of the study addresses itself to the General Educational Program and deals with the following subjects: Distinctive Roles of the Christian Teacher, Pluralism in Faculty, Academic Freedom and Academic Responsibility, Admissions, Curriculum, The Function of the Chapel Service on the Christian Campus, The Place of Guidance and Counseling in the Christian College—Honors Program, and The Philosophies and Objectives of the Program of Student Work.

Section III deals with Faculty Salaries and Benefits. On the basis of a careful study, projections are made on the future instructional costs which will have to be faced by our Baptist colleges. In addition to salaries, this section of the report studies retirement; insurance; sabbatical leaves; expenses for professional meetings; secretarial and clerical assistants; tuition grants and other assistance for children of faculty members; housing assistance through institutional owned rental housing; special considerations for faculty members and their families and use of recreational, cultural, and other campus facilities; and benefits for retired faculty members and their spouses. (The original plan to deal with the section on Capital Needs was dropped in order to let this important matter be handled by the Committee of 28, whose report on the Capital Needs Program will be published in a separate brochure.)

Section IV—Trustees. Although the Council has produced this past year a separate Manual on Trustees, the Council felt that a

summary section should also be included in this report since the trustee manual for the most part will go only to college administrators, trustees, and convention officials.

Section IV of the Council Study introduces a study concerning the Christian vocational worker. Because of the complexity of the study, which has been conducted under the chairmanship of Dr. John Bunn of Campbell College, it was decided to continue this study and at this time make only a summary report.

The Trustee Manual

Upon the recommendation of the Council, the executive secretary has completed a *Manual for the Trustees of Baptist Colleges*. The manual is now at the press and it is hoped that it will be available by the first of December. The manual consists of twelve chapters, dealing with the following subjects: Chapter 1, *Introduction*; Chapter 2, *The Trustee and the Denomination*; Chapter 3, *The Broad Responsibilities of the Trustee*; Chapter 4, *The Trustee and the Administration*; Chapter 5, *The Trustee—Finances and Promotion*; Chapter 6, *The Trustee and the Board Meeting*; Chapter 7, *The Trustee and the Faculty*; Chapter 8, *Academic Freedom, Academic Responsibility and the Trustee*; Chapter 9, *The Trustee and Accreditation*; Chapter 10, *Guidelines in Choosing a President*; Chapter 11, *The Trustee Getting Acquainted with His College*; and Chapter 12, *The Trustee and the Student*.

In addition to this, an Appendix includes a glossary of terms relating to the budget, audit, and other financial reports, how to make a will, regional accrediting agencies and organizations, and a bibliography.

The Council also voted unanimously in its October meeting to recommend that each board of trustee adopt this manual as a guideline.

Neither the Council Study nor the Trustee Manual could have been produced without the splendid cooperation of the faculties and administrations of our seven Baptist colleges. In the preparation of the Council Self-Study, it should be noted that each college assigned members of the faculty to write on the various subjects which have been treated in the study. Following lengthy discussions and conferences, these studies were put together, co-ordinated, and edited to produce the final result.

B. E. S. T.

The Education Commission of the Southern Baptist Convention in cooperation with the Executive Committee has voted to conduct a study of Christian higher education in the Southern Baptist Convention during the years 1966 and 1967. This study is known as the *Baptist Education Study Task*.

In order to accumulate and evaluate the basic information needed for a general study of Christian higher education, seminars will be conducted in each state. The seminar chairmen for North Carolina are Dr. John Bunn, head of the Religion Department, Campbell Col-

lege, and Mr. Maurice Hill, chairman of the Board of Trustees, Wake Forest College.

A national study conference has been scheduled for June 1966. The objectives are to inform Baptist leaders of issues in Southern Baptist Convention higher education, to involve Baptist leaders in the discussion of these issues, and to prepare summary papers which will later be used by discussion groups.

In June 1967 there will be a national seminar with the hopes of setting forth a reasonable basis on which Southern Baptist Convention higher education may rest its case in the future.

The Council on Christian Education plans to participate fully in this study.

2. Reports From Colleges

a. CAMPBELL COLLEGE

I. B. JULIAN, *President, Board of Trustees*

LESLIE H. CAMPBELL, *President*

Campbell College opened its seventy-eighth session in September with a total enrollment to date of 2,192, of whom 2,125 were registered for fulltime work. This compares with a total of 2,029 registered in the fall of 1964, of whom 1967 carried a full load of studies. The following statistical breakdown of this year's enrollment is interesting: states represented—17; foreign countries represented—9; number of students from North Carolina—1724; per cent of students from North Carolina—80.9%; number of counties from this state represented—85; number of Baptist students—1195; per cent of Baptist students—56%; present total assets of college (June) \$7,539,919.

Our seventy-eighth year has opened under very favorable conditions and with excellent prospects for a great year. In preparation for such a year, the Board of Trustees authorized construction of a sizable addition to the library and work began on April 1. With this beautiful addition, now in use, the usable space provided, which is two and one-half times that in the old section, meets Southern Association standards for a student body of at least 2,500. Under the direction of Messrs. Lonnie Small and Berles Johnson the most ambitious summer program of campus-wide renovation ever undertaken was planned.

Perhaps the big news story of the year thus far pertains to this Million Dollar Campaign for funds to bolster the College in its efforts to expand educational opportunity. Under the leadership of Mr. Henderson Belk, a dedicated Christian layman from Charlotte, North Carolina, and fifteen other distinguished business and civic leaders, a state-wide campaign actively launched in late August, has already passed the half-way mark, according to Mr. Belk. Procurement of this sum would liquidate the present indebtedness on the science building and pay for the new addition to the library, with some to spare.

But this report would lack realism without an admission that Campbell College faces many serious problems in future planning.

This institution faces frustrating decisions and peculiar problems incident to establishing itself and its field of service, including the following:

1. Pressures resulting from mounting student enrollments on a nation-wide scale. Turning away eager applicants who present themselves with at least minimum academic qualifications, supplemented with urgent personal recommendations and appeals from school officials, alumni, pastors, and other influential friends presents a difficult decision as to what constitutes the greater good.

2. *Financial Needs.* This is not a problem peculiar to this institution, because the wealthiest universities in the country are sending out distress signals to alumni, foundations and governments for subsidies. On the basis of its present enrollment it will receive barely over \$100 per student from the Convention this year for buildings and current operation as against perhaps \$800 to \$1,000 received in publicly supported institutions. Moreover, Baptist colleges unlike most other church-related colleges, do not participate in the grants under the Higher Education Facilities Act of 1963. These are problems for long-range planning of vital concern, not only to the Trustees and Administration but to North Carolina Baptists to whom Campbell College belongs.

3. Inadequacy in our Christian programs of worship and study currently available to both faculty and students. It is most obvious to even a casual observer that the extraordinary expansion and upgrading of Campbell College in the past very few years would inevitably create tremendous demands upon the local church constituencies of Buies Creek. This problem, not altogether new, has claimed the serious attention of faculty and student groups since the spring of 1963. Just recently, a committee has been appointed to work at least a tentative measure of relief.

The following statement of plant indebtedness as of October 1, 1965, is submitted by Business Manager, Lonnie D. Small:

b. CHOWAN COLLEGE

J. FELIX ARNOLD, *Chairman, Board of Trustees*BRUCE E. WHITAKER, *President*

The 1965-66 academic session marks the 117th year in the history of Chowan College, the second oldest (1848) of North Carolina's seven Baptist colleges. A total of 1,179 students are enrolled for the fall session.

Although a new record, this was not a great increase over the 1,155 enrolled for the 1964-65 session. A breakdown of this figure indicates 1,030 regular boarding students, 125 regular commuting students, 22 in day and evening classes for credit in the special student category. Not included is a number of students in a special non-credit course in Creative Writing taught by a well-known author and teacher of Seaboard, North Carolina, Dr. Bernice Kelly Harris. Others, enrolled in regular courses and evening classes as special students, are taking less than the minimum load required for regular student status. Chowan students are registered primarily in the field of liberal arts, but some are in terminal programs for both one and two years.

Approximately 55 students are enrolled in the college's famed School of Graphic Arts, which has both one and two-year programs, and there are 45 in the recently accredited thirty-three month Nursing Program which uses facilities at the Roanoke-Chowan Hospital and Duke Medical Center. Chowan's student body is made up of students from virtually every county in North Carolina, several foreign countries, and about twenty states.

Chowan's physical plant is continually growing as a result of the support of North Carolina Baptists, alumni, and other special friends of the college. The Penny Infirmary, a new two-story medical facility, is the most recent addition. Named for Mrs. Lola Freeman Penny of Raleigh, a former member of the Board of Trustees and a Chowan alumna, the new infirmary has staff offices, two examination rooms, two efficiency apartments, private rooms as well as wards, and is fully air-conditioned. Also, the "Columns" building, erected in 1851 and long-time center of campus activity, underwent partial renovation during the summer. The college's plant evaluation has increased from less than \$1,000,000.00 in 1957 to \$4,750,000.00. The operating budget for 1965-66 has been set at \$1,600,000.00.

Two department chairmen returned to the faculty after pursuing graduate studies for two years each; Professor L. L. Bishop, Jr., to the Department of Science and Mathematics, and Professor W. Calvin Dickinson to the Department of Social Science, a chairmanship to which he was recently elected. Dr. Ella J. Pierce, after serving for many years with distinction as chairman of the Department of English at Mars Hill College, became chairman of Chowan's Department of English, and Dr. Bela Udvarnoki, distinguished Hungarian Baptist Scholar and professor emeritus at Chowan, returned to the faculty to teach Sociology. There are five more faculty members for 1965-66 than there were for 1964-65.

Every faculty member at Chowan is an active church member, and continuous surveys of work in local churches and participation in community activities indicate that more than 90 per cent hold responsible offices in churches and community organizations. Eighteen faculty members pursued further graduate studies during the summer in colleges, universities, theological seminaries and in the biblical city of Jerusalem.

The indebtedness of Chowan College as of November 1, 1965, is as follows:

<i>Date</i>	<i>Description</i>	<i>Interest Rate</i>	<i>Amount Due</i>
12-1-59	Bond Issue-HHFA	3 1/8 %	\$ 222,000.00
12-1-62	Bond Issue-HHFA	3 1/2 %	517,000.00
12-1-63	Bond Issue-HHFA	3 5/8 %	760,000.00
11-9-63	Loan	5 1/2 %	299,000.00
Total Indebtedness			\$1,798,000.00
Less Sinking Fund Reserves.....			101,000.00
Net Indebtedness on Plant Facilities.....			\$1,679,000.00

The bonds are secured by first mortgage liens held by the Housing and Home Finance Agency of the Federal Government on three dormitories and the cafeteria-student union, constructed with such funds plus \$19,000.00 of pledged tuition revenues from all students. The loan is with three area banks: (Farmers Bank of Murfreesboro; Planters National Bank & Trust Company of Ahoskie; and Wachovia Bank & Trust Company of Raleigh), and was used to re-finance an existing dormitory for women and to phase out construction of Robert Marks Hall, the new classroom facility. Except for the latter loan, the entire outstanding indebtedness of Chowan College is represented by income-producing buildings and thus is self-liquidating.

Chowan College is making persistent efforts to serve Baptists and North Carolinians. Members of the Chowan College family continually appreciate the strong support of North Carolina Baptists which has immeasurably helped to increase the ministry of Chowan College to young people, the Baptist young people of North Carolina in particular. Every effort is made by Chowan College to solicit the interest of young people from Baptist churches affiliated with the North Carolina Baptist State Convention. Letters are frequently sent from Chowan College personnel to pastors regarding their prospective college students.

Surveys prove that Chowan graduates, undergirded for their tasks by the individual attention, friendly atmosphere and Christian spirit of Chowan College, continue to bring honor and recognition to this great old institution as they find places in the junior and senior years of colleges and universities throughout the eastern seaboard and as they find ready employment in virtually every walk of life.

c. GARDNER-WEBB COLLEGE

LLOYD C. BOST, *Chairman, Board of Trustees*E. EUGENE POSTON, *President of the College*

The 59th year of Gardner-Webb College began with a new calendar and a new system of registration. The calendar provides for completion of the first semester before Christmas holidays. Registration was done with a unit record system of data processing on IBM machines.

A total of 1190 students have enrolled for the fall semester. This total is broken down as follows: 1098 regular students, 32 special students, and 60 evening college students.

The total enrollment figures represent 58 counties of North Carolina, 14 states and the District of Columbia, and 2 foreign countries. The college has foreign students from Lebanon and Japan.

Last year Gardner-Webb graduated her first Negro student, Miss Joyce Watkins. Miss Watkins is now a student at the University of North Carolina in Chapel Hill.

The Gardner-Webb faculty, staff and administration number 78. There are 102 on the payroll, including maintenance force and cafeteria force. The Royster Memorial Hospital, which is a part of Gardner-Webb, has a staff of 54, including four doctors.

A brief review of the history of Gardner-Webb reveals that the Kings Mountain Association appointed a committee of five in the year 1905 to start a high school. With the help of the Sandy Run and the Gaston Associations, the school opened in 1907. The pressure of state-supported high schools led the Trustees to convert the high school to a junior college in 1928. The present Decade of Advance—1961-1971, has many goals, including a student body of 1000, a faculty of 75 members, and a fully accredited four-year college. The trustees and the administration feel that they must get ready for the four-year program in order to meet the demands and the needs of the area. They feel that the state-supported community junior college program will press the school into a four-year program.

Many significant developments have occurred at Gardner-Webb during the past school year. A total of 1994 applications were received. The admissions committee members had to turn away more students than they accepted. The college entered the 60th Anniversary Phase of the Decade of Advance. The trustees set a financial goal of \$1,125,000. The total amount paid and subscribed to date is over \$1,000,000. There are still several counties to be solicited. The goal will be exceeded. A new men's dormitory has been built and occupied. The Charles I. Dover Campus Center is under construction. This \$525,000 building will house a new cafeteria, a bookstore, a snack shop, a post office, a recreation area, a day student lounge, a private dining room, student publications rooms, and faculty offices. The swimming pool adjacent to the Bost Physical Education Building is being enclosed. Plans are being drawn for a chapel-

religious activities center, a classrooms building, a sports stadium, a new entrance to the college, and a bell tower. A new campus layout for the next 20-25 years is being drawn up. A dedication service is being planned for the A. T. Withrow Science Building, the Bost Physical Education Building, and the Lutz-Yelton Dormitory. These buildings have been named in honor of leading families of the area. The O. Max Gardner Building will soon be converted into a Fine Arts Center. Credit for the above-mentioned accomplishments must go to the board of trustees, the board of advisors, the faculty, the administration, the staff, and to Mr. R. Patrick Spangler, national general chairman of the 60th Anniversary Phase of the Decade of Advance. Governor Dan K. Moore, speaking at a Gardner-Webb Convocation this year, said about Mr. Spangler, "He is a young man in a hurry to get a job done." Mr. Spangler is a faithful member of the First Baptist Church of Shelby, North Carolina. He will be the key to Gardner-Webb's four-year college dream.

The highlight of the past year was a general Convocation held in March of 1965. Speakers included the Governor of North Carolina, the Honorable Dan K. Moore; the Honorable Julia Butler Hansen, Member of the U. S. House of Representatives from the State of Washington; Mr. D. W. Brosnan, President of the Southern Railway System; the Honorable Basil L. Whitener, member of the U. S. House of Representatives from North Carolina. The concluding service of the Convocation was an evangelistic service with Dr. Billy Graham scheduled as the central speaker. Sickness prevented Dr. Graham's being present and one of his associates, Dr. T. W. Wilson, brought the evangelistic message. Scores of people responded. Some accepted Christ for the first time. Others rededicated their lives or surrendered to full-time Christian service. Thousands attended the weekend Convocation and evangelistic service.

Even though Gardner-Webb is basically a liberal arts college, the school offers three additional programs—an evening college for adults, an IBM Data Processing School for regular college and evening college students, and an Associate in Arts Degree Nursing Program. The nursing program has already received accreditation. There is one male student in the nursing program. All of this is being done to meet the stated purpose of the college, which is "to develop quality Christian students who will think for themselves and who will dedicate their lives to God in the vocation of their own choice."

During the past year the college Endowment Funds increased \$128,508.64 through gifts, bequests and savings, and the plant fund assets increased \$489,716. At the present time the Gardner-Webb College Endowment Fund is valued at \$664,334.72. The physical plant is valued at \$3,070,368.46. As of July 31, 1965, Gardner-Webb had no capital or current indebtedness.

d. MARS HILL COLLEGE

WALTER R. CHAMBERS, *President, Board of Trustees*
HOYT BLACKWELL, *President*

The one hundred and tenth session of Mars Hill College has had a favorable beginning. The total enrollment of the current semester is 1,384. Of this number 752 are men and 632 are women. They come from 83 counties in North Carolina, 21 other states, 2 foreign countries, and the Canal Zone. There are 21 denominations represented, Baptists heading the list with 1,032.

During the past four years the college has added 27 teachers to its faculty, increasing the total to 81. Additional classrooms have been furnished; laboratories have been equipped as needed; an attractive practice house for the Department of Home Economics has been provided; the faculty housing situation has been greatly improved; and many other improvements have been made. Thus, the college has been enabled to enrich its curriculum and strengthen its academic program. The administration and faculty call upon the Baptists of North Carolina and all friends of Christian higher education to join in the endeavor to make of Mars Hill an excellent four-year college.

One of the more significant achievements of the college in recent years was that of obtaining membership in the Piedmont University Center, Inc., with headquarters at Reynolda House in Winston-Salem. The Center is comprised of 17 colleges in Piedmont and Western North Carolina. Among the numerous services which the Center provides are: a program of visiting scholars, art exhibitions, co-operative library services, financial aid for faculty members' study. Last spring the Center received a grant from The Fund for the Advancement of Education which made it possible for each member college to provide three scholarships of \$1,000 each to three different faculty members for five successive summers. The formula on which the grant was made is as follows: During the first year the grant provided \$800 and the college provided \$200 for each award. For the remaining four years the formula is \$700 and \$300, \$600 and \$400, \$500 and \$500, \$400 and \$600 respectively for each award. The purpose of this Faculty Study Program is to provide funds for faculty members to take refresher courses or to pursue advanced degrees.

The enlargement and development program continues to gain momentum. The new stadium was dedicated and used for the first time on homecoming day, October 9. Work on the new physical education-gymnasium building is progressing satisfactorily. Other urgent needs are an administration building, a dormitory for women, and a dormitory for men. Several cottages and other smaller buildings in which men are now being housed are becoming obsolete.

The Christian spirit which pervades the campus is a vital factor in the program of the college. This spirit is due in large measure to the Christian commitment of a loyal faculty and the maturity

of the students, a majority of whom come from homes where Christ is honored and the church is magnified.

As has been suggested already the college desires the confidence, the patronage, and the financial support of our Baptist people as well as that of its other friends.

The college has no financial indebtedness.

e. MEREDITH COLLEGE

CHARLES B. DEANE, *Chairman, Board of Trustees*

CARLYLE CAMPBELL, *President*

The total student enrollment for the year 1964-65 was 1,015, of which number 870 were regular classmates during the nine-month academic year. The registration by classes was as follows: 225 seniors, 171 juniors, 213 sophomores, and 261 freshmen. They came from eight foreign countries, 17 states, and 79 North Carolina counties. About 58% were Baptists, 86%, from North Carolina.

The auditor's report for the year ended June 30, 1965, showed a gross operating income of \$1,522,429.12; a net operating income of \$26,673.58. Total assets, with endowment funds listed at book value, were \$6,465,594.29. Gifts received within the fiscal year amounted to \$210,771.71.

Five members of the faculty and staff retired at the end of the year: Dr. E. F. Canaday, professor of mathematics; Miss Ellen Brewer, professor of home economics; Miss Jennie Hanyen, associate professor of home economics; Mrs. MaBelle Smith, assistant dean of students; Mrs. Martha J. Whilden, house director.

The 13th annual School of Christian Studies was held by the College on June 14-18, 1965, with the following guest lecturers participating: Professor John Bright, Union Theological Seminary, Virginia; President Herbert Gezork, Andover Newton Theological School; Professor Harmon R. Holcomb, Colgate-Rochester Divinity School; Mr. Robert Short, the Divinity School, University of Chicago.

For some months a joint committee of trustees and faculty, authorized by the Board of Trustees, has been studying plans for a badly needed library building, to cost approximately \$900,000. Approximately \$250,000 is in hand for this challenging project, and we must anticipate the generous assistance of friends so that construction may be begun promptly after plans for the building have been approved.

As of June 30, 1965, the total indebtedness of Meredith College amounted to \$907,000.00: (1) a loan balance of \$325,000.00 payable to the Wachovia Bank and Trust Company, carrying interest charges of 5% and to be liquidated by 1967; (2) a loan from the Housing and Home Finance Agency of \$582,000.00 on the new dormitory and infirmary, covering a 40-year period and carrying interest charges of 3 1/4 %.

The year 1965-66 has begun auspiciously, with an enrollment of 938 students as of October 1, 1965

f. WAKE FOREST COLLEGE

IRVING E. CARLYLE, *President, Board of Trustees*HAROLD W. TRIBBLE, *President*

Probably the most significant change in Wake Forest College during the 1965-66 school year will be a much-needed expansion of facilities in the Z. Smith Reynolds Library. This past spring the Mary Reynolds Babcock Foundation made a \$3,500,000 grant to the College. Income from the fund will be used solely for library improvements.

Stacks in the library already have been opened to all students, a departure from the restricted system of past years. Other significant changes being planned:

Expansion of the book capacity by two thirds, which includes equipping and opening two new stack areas.

Increased acquisition of holdings of books, periodicals and other research materials.

Conversion from the Dewey Decimal System to the Library of Congress System.

Another significant feature of the year is the \$11,758,746 budget which is an increase of almost \$1 million over the 1964-65 fiscal year. It is a pointed reminder of the responsibilities and challenges that lie before the College.

Enrollment this fall pushed a little higher although facilities already are heavily burdened. Enrollment is 2,955 compared with 2,880 last year. Broken down the enrollment is: 2,277 in the School of Arts and Sciences, 250 in the Bowman Gray School of Medicine, 186 in the School of Law, 125 in the School of Business Administration and 117 in the Division of Graduate Studies.

There are 693 freshmen. They were selected from among approximately 4,000 applicants.

One of the most interesting and, perhaps, most profitable activities on the campus this past summer was the College's first Summer Conference for Pastors. A five-day program of lectures, sermons, sermon criticism and recreation, the conference provided a better understanding between minister and academician and will be continued next year.

Following is an analysis of the College's outstanding loans as of June 30, 1965:

g. WINGATE COLLEGE

FULTON A. HUNTLEY, *President of the Board of Trustees*
BUDD E. SMITH, *President*

For the year 1964-65 the enrollment was 1,320, and for 1965-66 the enrollment is 1,486. Students come from nineteen states and five foreign countries. Fifty-seven percent are members of Baptist churches. One hundred and one members of the faculty and staff represent studies in more than one hundred colleges and universities in America and abroad.

The operating budget for 1965-66 is \$1,575,000.00. The capital budget is \$740,000.00. The average compensation for teachers (nine months) is sixty-eight hundred dollars. Fringe benefits amount to another sixteen percent.

During 1964-65 Wingate completed a dormitory for 120 young women, a dining hall to accommodate 1,200 resident students, an administration building, paved parking lots, new track, and several faculty offices. The Wingate campus is now valued at \$6,000,000.00. The indebtedness is shown below:

<i>Principal Balance</i>	<i>Date</i>	<i>Original Amount</i>	<i>Interest Rate</i>	<i>Purpose</i>	<i>Maturity</i>	<i>Security</i>
\$ 76,143	11-1-56	\$225,000	2¾ %	Girl's Housing	11-1-76	Dormitory
613,869	7-1-64	750,000	6 %	Dining Hall Student Housing	7-1-74	Dining Hall Dormitories

The trustee program enabling pastors and wives to take any courses offered at Wingate is still rendering service to the denomination. Twenty-two persons benefited last year. The North Dakota mission project for freshmen students is still active. A new program of Trustee Scholarships has been begun, and sixteen young people are recipients of awards ranging from one thousand to two thousand dollars each. The trustees have gained the interest of a very fine group of advisors and patrons. These groups are active and will mean much to the future of Wingate College.

Every employee of the college is keenly aware of the relationship between the Convention and the college. Each one pledges every effort to cooperate and promote an effective program of Christian Higher Education.

G. DIVISION OF CHRISTIAN SOCIAL SERVICES

1. Baptist Children's Homes of North Carolina

CARROLL C. WALL, JR., *President, Board of Trustees*
W. R. WAGONER, *General Superintendent*

The Baptist Children's Homes of North Carolina, Incorporated is your church ministering to human needs in the areas of care and development of children and family life. As a multi-service agency operating under Charter granted by the State of North Carolina in 1885, it now provides homes for children at Thomasville, Kinston, Pembroke, and Chapel Hill. In addition, care is offered in foster homes throughout the State and by means of Mother's Aid. Counseling services by skilled case work personnel are a vital source of strength both in aiding where there are cases of family break-

down and in seeking measures which may prevent family disintegration.

It is the fundamental purpose of the Homes to create a family setting in which children can grow and develop. This is being implemented by grouping children in family cottages and placing with them both a mother and a father figure as houseparents when possible.

Through the State Convention, North Carolina Baptists have indicated their desire to stay abreast with the needs of children and families and to continue to find and support the best procedures for ministering to them. Gratitude is expressed for the support these benevolent endeavors have received throughout the years. This has been accomplished by means of your participation in the Cooperative Program, the Thanksgiving Offering, Monthly Designations and special gifts. We shall continue to offer and to increase these services in direct proportion to the resources available. The 1964 Thanksgiving Offering was the largest in the history of the Homes, thus indicating your love of these helping ministries and your continuing desire to undergird and enhance them.

During the past year, bequests from two estates have made possible the erection of two much needed buildings on the Mills Home Campus—namely, the Margaret and J. Leland Sadler Memorial Library and the Robert M. Idol Child Development Center, an addition to the Mills Home Baptist Church.

The opening of the Child Development Center in September has made possible some essential expansion in the educational program of the Mills Home Church and is the facility for the operation of a week day program for preschool children in the areas of kindergarten, nursery school, and day care. The Center is now in position to offer a demonstration and instructional service to churches wishing to begin or strengthen work of this type with children.

After having worked for some time with satisfying results in the unit for boys needing specialized care at the Greer Home in Chapel Hill, it was felt that the time was right to secure a permanent location for this work and to establish a unit for girls. Within recent months, a home and twenty-one acre grounds have been secured and houseparents are now living there with a family of girls who are receiving medical services at North Carolina Memorial Hospital just as the boys do.

The development program and long range planning for the agency are now being coordinated and given impetus under the able leadership of two newly appointed officers: Roger E. Williams, Jr., Director of Development and Orville Scott, Editor of *Charity and Children*.

Opportunities for further participation in the child care ministry continue to present themselves to interested and dedicated individuals and families. A number of kinds of sponsorships to provide for Children's needs are available and there is a need for Christian foster homes in which dependent children can find the love and guidance that are essential for their maturing into happy and useful adults.

2. North Carolina Baptist Homes for the Aging

WILLIAM A. POOLE, *General Superintendent*

The day that North Carolina Baptists launched a ministry to the aging fourteen years ago was a good day indeed. Since that time four Homes for the Aging have come into being, and a fifth one is in the making. Many elderly people have been blessed by this compassionate ministry through the years, and today 160 people are in residence at Resthaven, and the Hayes Home in Winston-Salem, the Albemarle Home in Albemarle, and the Hamilton Home in Hamilton. When the proposed new Home at Yanceyville is completed, there will be capacity for 200. It is anticipated that construction will begin on the Yanceyville Home during 1966.

This labor of Christian love and nurture is ours together, and we could not operate without the concern, the prayers, and the financial support of our Baptist people. This financial aid from the churches comes to us through two very vital avenues—the Special Day Offering, received on the third Sunday of February each year, and the Cooperative Program. Special Day Offering receipts for 1965 were at an all-time high and amounted to \$97,045.79. Through these gifts we were able to supplement from 80% to 90% of our needy residents who could not be with us otherwise.

In view of the pressing and ever-increasing needs of the aging in our midst who seek our help, we hope that this vital support for our Homes from our churches will grow appreciably from year to year. The waiting list now is 175, and grows almost daily.

As the great heart of the Saviour yearns for all in the various areas of human need, we are grateful that He has commissioned us to include also a special ministry to the aged among us. We have responded to His plea, we are giving an answer to Him for these elderly people who are very dear to Him, and we pray that every church in our State Baptist Convention will be very careful to give increasing emphasis to this vital ministry.

3. North Carolina Baptist Hospitals, Inc.

Mr. CONRAD E. HAMILTON, *Chairman, Board of Trustees*
REID T. HOLMES, *Administrator*

The Trustees and Staff of the Hospital extend greetings to all messengers and other Christian friends attending this one hundred thirty-fifth Annual Session of the Baptist State Convention of North Carolina.

The North Carolina Baptist Hospital is a tangible expression of your concern for carrying forward the healing ministry which Jesus, by his example, gave a great and important place in his earthly ministry. Surely the thousands of out-patients and hospital in-patients and hundreds of students and religious workers who are annually housed or taught in this institution constitute a great outreach in this area of Christ's endeavor.

We are grateful for the annual Mother's Day Offering through

which our churches make direct offerings for the care of the sick who are poor and need financial help in paying for the cost of their care. The receipts from the Co-operative Program help to reduce long term debts of the hospital and also toward the purchase of additional equipment for the hospital. There is a great need for the expansion of these annual gifts because of increasing costs for personnel and supplies.

The expansion program which will provide an additional 200 beds, enlarged clinics and paramedical school facilities, is nearing the working drawing phase in preparation for bids in 1966. The Bowman Gray School of Medicine's expansion program is going along simultaneously. Preliminary estimates place the cost of expansion for both institutions at 22 million dollars.

Gifts to date and matching funds are expected to cover all except about 2 million dollars of this amount. The hospital Board of Trustees is requesting authority to borrow \$1,500,000 to be repaid over a period of 10 years from its share of the Cooperative Program receipts and other sources. The Medical School is also borrowing for its needs. About three-fourths of the project is hospital expense.

Building costs have risen considerably over original estimates and it is hoped that our final bids will be within the amounts now projected by our architects.

We wish to express our thanks to those citizens on the Board of Visitors of the Bowman Gray School of Medicine who have led our joint campaign so successfully and continue to be concerned over our needs. We are grateful to the faculty of the Medical School for their daily help in guiding the professional conduct of the hospital. Both of these groups give freely of their time and substance to the service and growth of the hospital.

We covet your prayers and seek the Lord's blessings on this work.

HIGHLIGHTS OF THE YEAR

Circulation increased more than 4,000 in the past year, one of the healthiest gains in several years. However, there are still 1,700 churches with no Recorder Club. Of the 1,200 churches which have clubs (four or more), there should be at least 100 more to put the *Recorder* in the budget as nearly 500 churches have done.

* * *

The directors appreciate the warm reception given Mr. C. W. Bazemore in his work as circulation associate and field representative. He is available to speak at Pastors Conferences, in local churches or in any meeting where more information is needed on the ministry of the *Biblical Recorder*.

* * *

The directors and staff deeply appreciate the many complimentary remarks about the ministry of the *Recorder*. Issues bringing special comment included the 32-page issue of the Southern Baptist Convention in Dallas, the four-color cover on the issue devoted to the Baptist Hospital Mother's Day Offering, the 24-page issue on the Baptist World Congress in Miami Beach, the special edition on State Missions (and the features and pictures preceding the offering September 19) and the Back-to-College issue. These issues took extra work on the part of the *Recorder* staff, but they were in keeping with the philosophy that the *Recorder* is dedicated to everything that Baptists do.

V. REPORT OF THE NORTH CAROLINA BAPTIST FOUNDATION, INCORPORATED

GORDON MADDREY, *Executive Secretary*

Assets of The North Carolina Baptist Foundation, Incorporated from June 30, 1964 to June 30, 1965 have risen to \$824,474.38. The assets of June 30, 1964 were \$728,233.47. This shows a net gain in assets during the last fiscal year of \$96,240.91. The increase in assets is due largely to an increase in the accumulated interest of the Graves and Bradsher Estates. Several investments from individuals of a small amount have been received and deposited to account for the remaining increase in our net gain.

Individuals and churches are making a memorial gift through the Foundation when a member or a loved one passes. This type

of memorial is becoming more and more popular with churches and individuals. One such memorial gift amounted to \$60.12. This may appear to be a rather small amount but when one considers that the returns on this investment will go to a certain church once each year for a particular cause, it would be very difficult to estimate the ultimate value of such a memorial. The Foundation seeks such memorial gifts and would be happy to help any church or individual set up such a memorial if they so desire.

It is of paramount importance that promotion of the endowment cause be continuous and vigorous. Some individuals will learn about long-range giving through our denominational literature, and others from personal contacts with friends. But by far the most effective channel of information in this area is the church. The two months designated by the North Carolina and Southern Baptist Conventions for such emphasis—January and September—afford an ideal opportunity for pastors and other church leaders to discuss endowment needs. The prudent use of printed material, supported by appropriate explanation from the pulpit, on these occasions can be of tremendous benefit. Any month of the year is a good time for a church to use “Treasures in Heaven” or “God’s Will Through Yours.” Both of these 16 MM sound films, which deal with stewardship of material possessions and will-making, are available from the Foundation office or Program Services.

A Christian Steward who is genuinely interested in the kind of giving that is perpetual can find many ways of doing so. Outright gifts of cash, life insurance, securities or real estate may be made. An increasing number of people who find it inadvisable to make outright gifts are creating living trusts from which they, or others, receive the income for life. Bequests in wills represent the major source of giving to Baptist work through the Foundation. We are grateful that numerous wills are being written by Baptists, many of which make provision for denominational interests. At the same time we are regretfully aware that a majority of Baptists in our State who die each year do not have a will. Regardless of the method used to do long-range giving, an individual has the privilege of stating which institution(s) or cause(s) will perpetually benefit from his generosity. Income from an undesignated gift or bequest helps all denominational efforts through the Cooperative Program.

This report would be incomplete without expressing on behalf of the sixteen Foundation trustees and executive secretary sincere thanks to all who are aiding this effort. Many of the gifts being made, trusts created, and wills written are directly traceable to the leadership of an enthusiastic pastor. We offer warm appreciation to every pastor, all church leaders, *Biblical Recorder*, our educational and benevolent institutions, State Convention and Association leadership, and numerous individuals. The continued, and increased, cooperation from all these sources assures accelerated progress in the future by The North Carolina Baptist Foundation, Incorporated.

VI. REPORT ON CONVENTION COMMITTEES

A. COMMITTEE ON MEMORIALS

Messengers assembled at this annual Convention session remember that many of our faithful ministers and lay leaders have finished their human pilgrimage during the year past and have gone to their eternal home. They have fought the good fight, they have run the race, they have finished their human task—to claim the promise of an everlasting home in the city whose builder is God.

A list of names, prepared by the statistician, will appear in the Annual. Both young and old have been called home in the past year from our Baptist ranks. All the names may not be at hand to enumerate in the Annual, but their names are inscribed in the Lamb's Book of Life. The Committee on Memorials recommends that their names be memorialized in the proper space in the Annual; that the Convention messengers stand in silent tribute for a few moments, and then be led in prayer in gratitude to God for their lives of service in our denomination in North Carolina.

B. REPORT OF PUBLIC AFFAIRS COMMITTEE

During this past year this Committee has spent considerable time studying various developments in the area of Church-State relationships. This effort has been made so that our Convention might remain alert to the swiftly changing issues in an area that is becoming more complicated than ever before. In this report, we address ourselves to three major issues in a desire to share with the Convention such insights as we have been able to achieve. Our first concern has been with the Church's relationship with the State in the Area of Privileged Communications as pertains to clergymen. Our second area of concern has been with regard to the Church's relationship with the State in the Area of the Acceptance of Federal and State Funds by Church-Related Institutions of Higher Learning. Our third concern has been with the Church's relationship to the State as it faces the events which are taking place in the Fourth Session of Vatican Council II. The following is thus submitted with a two-fold purpose: (1) To share information gathered after several months of inquiry; (2) To stimulate thought in such areas as are now uppermost in the Councils of present-day State-Church relationship.

SECTION I

PRIVILEGED COMMUNICATIONS

In the light of the 1965 Session of the North Carolina General Assembly with regard to the compelling of disclosure of confidential information by clergymen in court, the Public Affairs Committee

calls the attention of North Carolina Baptists to General Statutes of North Carolina 8-53.1 which reads as follows: "*Communications between clergymen and communicants.*" No clergyman, ordained minister, priest, rabbi or accredited Christian Science practitioner of an established church or religious organization shall be required to testify in any action, suit or proceeding, concerning any information which may have been confidentially communicated to him in his professional capacity under such circumstances that to disclose the information would violate a sacred or moral trust, when the giving of such testimony is objected to by the communicant; provided, that the presiding judge in any trial may compel such disclosure if in his opinion the same is necessary to a proper administration of justice.

The Committee further calls the attention of our Baptist people to a discrepancy in the law as regards the legal and medical professions on the one hand and the clergymen on the other in that a judge of the Superior Court only may compel attorneys and physicians to disclose confidential information, whereas the clergymen may be required to disclose it by any trial judge in North Carolina.

SECTION II

THE ACCEPTANCE OF FEDERAL AND STATE FUNDS BY CHURCH RELATED INSTITUTIONS OF HIGHER LEARNING

In the beginning, we want to thank the Baptist Joint Committee on Public Affairs, 200 Maryland Avenue, N. E., Washington, D. C., for the time and effort on their part in giving us guidance, and information pertaining to this specific area of concern. With the Ninth Annual Religious Liberty Conference having the theme, "Church, State, and Public Funds," the Joint Committee was able to share a considerable amount of information with us. For this we are most grateful.

Three developments within the past few years have tempered and softened the intransigent position taken by Baptists relative to the acceptance of tax levied support for their colleges and universities. First, and by way of irony, the Ecumenical Movement, from which Baptists have institutionally separated themselves, has breathed a new spirit of understanding and mutual acceptance both within the Protestant communions and between Protestantism and Catholicism and between Christians and Jews. As religious groups transcend their suspicions and competitive postures they tend to become relaxed toward the institutions and agencies of those groups. Many Roman Catholic thinkers, for example, are raising serious questions about the proliferation of parochial schools in a day when public schools are no longer inherently Protestant, and Catholics no longer face the cultural and civil disabilities that once confronted their immigrant forebears in this country.

In the second place a hard and honest look by scholars, educators and theologians at what is generally known as Christian education is modifying the doctrinaire attitude of denominations toward their

educational institutions. This seems to be true of Catholic writers who are subjecting specifically Catholic education to critical analysis and wondering about the desirability of placing their young people in cultural and spiritual enclaves, before releasing them to live in a pluralistic society. Protestant thinkers too have been raising questions as to the quality of specific Christian education. As Catholic thinkers are discovering that Catholic children, trained completely in parochial schools and Catholic colleges, do not today automatically grow up to become better or more loyal Catholics than those whose training has taken place from first grade through college in public supported institutions; so we Baptists might ask whether automatic spiritual or denominational superiority may be claimed by those, whose training beyond high school has taken place exclusively in Baptist schools of higher learning.

In the third place, religious communions are faced with a stern option which they may no longer disregard. With the current "breakthrough" in education, vast sums of money will now be provided to tax supported institutions. Church schools whose support comes entirely from denominations, foundations and private gifts, will be hopelessly outclassed within a few years. As the cost of education mounts, the communions must decide whether to refuse on principle any tax levied support, and therefore maintain increasingly inferior institutions, or to accept such support on an increasingly extended basis and continue to provide the highest quality education. It is not an easy choice. In the light of considerations above, however, the Public Affairs Committee, aware of the kind of education Baptists have provided for their own people and indeed for the state of North Carolina in the past, urges North Carolina Baptists to approach this matter with an open attitude as we earnestly seek that which is best for our Baptist Colleges. What we say about our schools and colleges also obtains with regard to other agencies of social service of the denomination such as our Orphanages and Homes for the Aging and Hospitals.

SECTION III

THE FOURTH SESSION OF VATICAN COUNCIL II

Baptists and all other non-Roman communions have followed with great interest the progress of Vatican Council II which is now in its fourth and most probably last session in Rome. We note that there have been certain positive achievements which will leave a permanent effect not only on the Roman Catholic Church but also throughout Christendom and indeed the world. Among these accomplishments are (1) there has come to light in the Catholic Church a new spirit which is indeed more important than explicit decrees and formulas; (2) because of the adoption of the decree on Ecumenism a new era in the relationship to other Christian churches, both practically and theologically, has been ushered in; (3) radical changes in the liturgy in keeping with the demands that have been made for this for some time have already been put into effect. These

changes include such things as congregational singing, turning the altar to face the people, the use of English and other languages in mass for Latin, and a renewed emphasis on preaching; (4) the Council in three sessions has avoided the making of dogmas and condemnations indicating a more temperate attitude in matters of theology. It is noteworthy that statements on Mariology and papal infallibility have not been in evidence; (5) problems not solved in the Council may hereafter be discussed openly and freely and realistically within the communion of the Catholic Church and in dialogue with members of other communions.

According to distinguished Catholic theologian, Father Hans Kung of the University of Tübingen, Germany, it is desirable and necessary that the Council in its final session achieve (1) an unequivocal position on religious freedom which means the adoption of an official statement calling for complete religious liberty for everyone everywhere, (2) a declaration on the Jews disavowing once and forever any and every sanction of oppression, persecution or superiority by the Christian Church. Dr. Kung's words are ominous and chilling: "The Nazi anti-semitism would not have been possible without the latent and, all too often, virulent anti-semitism of Christendom through the centuries"; (3) a positive attitude on birth control in which responsibility must be left with the individual who must form his own judgment concerning methods of birth control in accordance with his conscience and according to medical and psychological principles, (4) a new regulation concerning the question of mixed marriages in which marriages performed outside the Roman Church would be recognized as valid and which will mean the lifting of the corresponding excommunications and encouragements of Catholic baptism and upbringing and, (5) a serious reform of the Curia in the spirit of what the church calls collegiality which means the inclusion of bishops around the world in shared authority. The internationalization and decentralization of this powerful group which has held such power through the centuries will move the church from a monarchical toward a more democratic structure.

In light of the above, the Public Affairs Committee calls upon all Baptists to follow with prayer and Christian concern and yearning and goodwill the progress of our brethren in Christ who seek the leadership of the Holy Spirit in finding a genuine renewal of the faith. In the same Spirit we seek our own renewal.

C. REPORT OF THE CHRISTIAN LIFE COMMITTEE

The task assigned to the Christian Life Committee is indicated in the By-Laws of the Baptist State Convention of North Carolina as follows: "The committee shall study social problems and developments, shall keep our Baptist constituency informed in this area, shall formulate statements and programs designed to promote personal righteousness and social justice, and shall report to the Baptist State Convention in annual session."

During 1965 the Christian Life Committee has sought to give

Careful attention to the study of three areas of current concern and interest. These are: (1) The Church in the World; (2) Race and Class Stratification; and (3) Politics: Domestic and International.

I. THE CHURCH IN THE WORLD

The church, the organic body of Christ—the extension of his life in the world—divinely established and preserved, instrument of the divine purpose, is not “of” the world but is “in” the world. The church must not abandon the world and become isolated from life’s realities and the ministry to man’s real needs.

The church, in meeting man where he lives, must fit everyday experiences into the cosmic scheme. The church in the world deals with man, who has found longer life and better health, fantastic gadgets and luxuries, offers of material security, machines becoming taskmasters, freedom from toil, greater leisure and moral decline, herded life in crowded cities, pressure for educational and vocational achievement, and the worship of technology. These areas of man’s involvement are primary and necessary concerns of the church. The church’s expressed concern for these primary and absorbing interests of man makes Christ contemporary.

The church, in meeting man in his real needs, must deal effectively with the areas where corporate decisions are made and powerful forces which affect personal life are engaged. In these events on which epochs turn the church must exert an influence which gains the respect of Christians and non-Christians alike. To recover the image of the church as a reconciling and redeeming force in the affairs of men the church must deal realistically with the forces of commerce or industry and labor as they meet in collective bargaining; the movement of powers in the field politic as the state deals with international problems of war and peace; the involvement in race and class struggle; the recovery of family life and the revolution in education. In these areas the church must express a concern for man unsurpassed by the tangible concerns of a humanitarian democracy.

To accomplish this task the church must seek to transform provincial, small-scale individuals into Christians who are world citizens; must combat prejudice and intolerance with “the expulsive power of a new affection”; must foster humanitarian programs of social welfare and international relief; must minister to persons confused and wounded in complicated, tension-producing situations; and must proclaim the Christian faith to all mankind, evangelizing to save man from modern evils. From within the church must be changed from a preoccupation with the housekeeping duties of the planned program and the ceremonial service housed in stained-glass buildings to a vision of the church *in* and *part of* the world, meeting man in his needs and answering his dilemmas.

II. RACE AND CLASS STRATIFICATION

The committee wishes to commend the citizens of our state upon the lawful and orderly manner in which they have begun to adjust

to the new situation which is developing regarding Civil Rights. Christians have a responsibility to the state which involves obedience to the law (Romans 13:1-7). We urge all the people of the state, white and Negro, to pursue the cause of justice within the framework of responsible Christian citizenship.

Our particular concern is with the practice of the church. Facing the problem of distinctions between people within the church based not upon their relationship to Christ, but upon conditions of background and social mores, Paul wrote: "There is neither Jew nor Greek, there is neither slave nor free, there is neither male nor female; for you are all one in Christ Jesus" (Gal. 3:28).

The Baptist churches of North Carolina clearly reflect the mores of the communities in which they exist. Nearly all of our churches are made up of people from the same general cultural, economic, social and racial group. The sign outside the door of the church may read "Everyone Welcome," but most people know that *everyone* is not welcome. In virtually none of our churches are Negroes welcome. And while no white person is likely to be turned away from any of our churches, a white person who comes from an educational or cultural or economic level either significantly lower or significantly higher than that of the majority of people in a church is not likely to be completely accepted. He may be admitted to worship services or even to membership, but he may still be regarded as an outsider because he is not considered "our kind of people." Most of us, however, think that "kind" is determined by race, education, culture, and economics. Paul's statement in Galatians 3:28 insists, on the other hand, that within the church those factors lose their significance and that the thing that makes us of a "kind" is our common allegiance to God in Christ.

We urge our churches, therefore, to make it evident by official position and by actual practice that those distinctions of race and class which are sanctioned by social custom have no place within the church of Christ.

We are concerned that our churches, aware of the problems of actually maintaining an inclusiveness with regard to all people, nevertheless need specific guidance in the cultivation of contacts across racial and class lines. We are therefore asking the Christian Life Committee to devote detailed attention to this problem during the coming year.

This Committee notes with regret the continued activities of extremist organizations in the religious and political life of the state. We deplore any misappropriation of Christian terminology and symbolism for the propagation of ideals that are clearly unchristian. Moreover, we abhor the use of totalitarian means under the guise of pursuing democratic objectives. We are, therefore, unrelentingly opposed to the presence and activity of the Ku Klux Klan within our state. We are equally opposed to any other group which fosters bigotry and hatred. We urge our fellow Baptists to work through the churches of which they are members for the causes of justice, peace and social harmony.

III. POLITICS: DOMESTIC AND INTERNATIONAL

We recognize that although the church, in a sense, has a life of its own, it touches at every point the life of the world and cannot disassociate itself, even if it would. Religion is deeply involved in the patterns of political power in American government and in international affairs. This is not a matter of current choice; it is an incontestable fact of history. Religion is itself an expression of *power* and *influence* in personal and social life. Because religion is dynamic and comprehensive it is bound to affect all areas of our life, including our political life.

Further, we are aware that government of the people, by the people and for the people requires that democracy cannot be maintained unless American people assume an increasing role in political life. We therefore encourage our people to become involved in political life at the basic power center: the local precinct meetings. We believe that Baptists can exercise individual influence through the medium of the precinct. Through our involvement in precinct meetings we can come to know candidates and their policies on local issues. Moreover, the precinct structure affords an opportunity for persons to become educated politically as to the political structure of the community, county and state.

We Baptists have, on many occasions, expressed concern for the forgotten peoples of the world, many of whom live in our own communities. Inequities do exist among our peoples. These inequities are seen among those who do not or can not provide adequate incomes for their families; among those who are deprived of job and educational opportunities; and among those who are unable to read or write. We therefore pledge ourselves to the task of helping to alleviate the inequities by means at our disposal. The Economic Opportunity Act of 1964 seems to provide some channels for working on the solution to these problems. We will, therefore, exercise our freedom to accept responsibility to work locally on the problems of illiteracy, retraining persons for adequate jobs, keeping young people in school, and injustice in any of its manifestations.

This world, threatened by war and nuclear annihilation, seems strange and remote from the ideals of the Prince of Peace. In the light of the conflicts of our time we express the hope that Baptists will seize whatever initiative we can to foster peace. A part of the 1965 report of the Christian Life Commission of the Southern Baptist Convention seems quite relevant to us in the following affirmations: "(1) We purpose to keep keenly alive in our minds the . . . goal of peace . . . as we proclaim the gospel" of God's peace to all men. "(2) . . . We are determined to be creatively involved in helping to solve the pressing problems of prejudice, poverty, and injustice . . . so that we may have a firmer place on which to stand as we seek to work toward peace among nations. (3) The strategy of sabre-rattling and brinkmanship . . . will never solve the problems of world conflicts at their deeper levels and should not be considered as substitutes for Christian redemption and compassion.

(4) We pledge our moral, financial and political support to those leaders who responsibly positionize themselves . . . for peace. Realism reminds us that arms may have to be employed in the ultimate defense of freedom, but that peace with justice should always be a major goal of the world's political leaders. . . ." (1965 *Annual of the Southern Baptist Convention*, p. 246.)

We also purpose to keep clearly before us the importance of the United Nations organization in the search for world peace. We express our gratitude for the United Nations and for Secretary-General U Thant in his noble efforts to prevent hostilities and open warfare among the nations of the world.

D. HISTORICAL COMMITTEE REPORT

The accomplishments of the Historical Committee were largely effected this year through the efforts of Mr. John Woodard, who is our Director of the Baptist Collection. In June, Mr. Woodard prepared and mailed to all associational Historians and other interested individuals the initial issue of "The Newsletter." This publication will be for the purpose of informing our people concerning the activities of historical interest within the state. Any who desire to be on the mailing list should make your request known to him.

Further it should be emphasized that a church file system has been undertaken in the library of the Baptist Collection at Wake Forest College. A folder has been prepared for every Baptist church in the state. It is to be hoped that ministers and church historians will send to Mr. Woodard special bulletins, histories, clippings, photographs, or other materials which should be preserved in your church folder. In addition to the church file, there is also a biographical file for every Baptist minister within the state. All ministers who have not done so are requested to fill out and send one of the special biographical forms to the Director.

The work of microfilming continues and recently the records of the King's Mountain, the Bladen, and the Cabarrus Association

along with those of the Peachtree Baptist Church were preserved on microfilm.

At the Southern Baptist Historical Commission's meeting in April, Dr. Henry Stroupe presented a paper on the subject, "History and Biography." Because this was his last year on the Commission, Dr. Stroupe was presented a citation for the contributions which he had made to that group.

Our state committee held its meeting this year at the Baptist Building in Raleigh. During the session the accomplishments were pointed out and at the same time definite needs were made known. These needs will ultimately call for some additional appropriations from the Baptist State Convention. For example, we feel that one of our outstanding requirements is the complete indexing of our Baptist State Paper, *The Biblical Recorder*. Also more secretarial help is needed for our Director of the Baptist Collection. Already some student assistance is furnished him by Wake Forest College, but our Convention should contribute something for this purpose also. Needs for additional equipment in the office are being studied by a special sub-committee of our group.

Attention should be called to a new publication of the Historical Commission and the Southern Baptist Historical Society, called *Baptist History and Heritage*. This journal is available for \$1.25 a year and will be a source of valuable historical information. Through this journal and all other means, let us seek to preserve our Baptist story so that we can share it with the lives of all succeeding generations.

E. TRUSTEE ORIENTATION COMMITTEE

The committee was created by the Convention of 1958 and made responsible for "an annual orientation program for trustees, including the providing of a brief manual of instruction."

The committee of 1964 had projected a program for January 8, 9, 1965. Because of difficulties in both program and date, however, that meeting was postponed. The present committee was unable to find another date during the spring without some major conflict, and decided to concentrate its efforts on the meeting for 1966.

The conference will be held at the Jack Tar Hotel in Durham on

January 7 and 8, 1966. There will be a banquet on Friday evening with an address on the role of Christian social service institutions today. This will be followed by two discussion groups. One of these is planned for trustees of colleges and the other for trustees of the social service institutions. On Saturday at a breakfast for new trustees the emphasis will be on the relationship of the trustees to the denomination. The program on Saturday morning again includes discussion groups, and an address on the subject, "The Role of the College and the Role of the Denomination in Christian Higher Education."

The committee urges all trustees and personnel of our institutions to place high priority upon attending this conference and participating fully in it. The committee believes that the open and frank facing of duties and problems of trustees will add understanding and strength to the institutions served as well as to the denomination.

The committee is especially happy to report that an excellent manual for trustees of our colleges has been completed and will be available for distribution shortly. The manual was written by Ben Fisher, the Executive-Secretary of our Council on Christian Education. There remains a need for a similar manual for trustees of social service institutions.

F. REPORT ON COMMITTEE ON PLACE AND PREACHER

Your Committee on Place and Preacher met in Raleigh on October 5, and at that time gave careful consideration to the two invitations which had been received as sites for the annual session in 1967.

Notice was carried in the *Biblical Recorder* that the Committee would be happy to receive any invitation. Asheville and Raleigh responded, and for the interest expressed from both cities by individuals, government officials, business establishments, civic organizations, and the Baptist churches of the areas we would express our deepest appreciation.

Since it was noted that the Convention was entertained in Asheville in 1960 and a subsequent session was held in Raleigh in 1962, the Committee judged that it was appropriate to alternate the visits. It is, therefore, the Committee's recommendation that Asheville be chosen as the site for the annual session of the North Carolina Baptist State Convention in 1967.

Your committee further recommends that the Reverend R. F. Smith, Jr., pastor of the First Baptist Church of North Wilkesboro,

be asked to deliver the annual sermon in 1966, and that the Reverend Harold Killian, pastor of the First Baptist Church of Brevard, be chosen as the alternate preacher for the same year.

G. COMMITTEE OF 28

For many years after the adoption of the Cooperative Program, the Baptist State Convention subtracted all administrative and promotional expenses, before dividing the balance between State Mission, Colleges, Social Service Organizations and Southwide objects. During the years between 1925 and 1959 the percentage going to Southwide objects varied all the way from a low of 30% in 1931 to a high of 49% in 1926. Seldom did the percentage remain the same more than three or four years at a time. Thus in a sense, we have always adjusted to meet changing needs.

In 1959 we discontinued the practice of subtracting the administration and promotional expense before distribution, and the percentage to all objects, of course, was reduced. Southwide objects received 33% in 1960; 34% in 1961; 33% in 1962 and 34% in 1963. In 1964 they received 34% of the basic budget, with all over basic budget going to the colleges. This amounted to 32.08% of the total amount received for the Cooperative Program.

In 1959 the Committee of 25 presented their report, the following paragraph describes a "performance budget" which was later adopted as the plan for future budget planning for the Convention:

C. The Performance Budget.

1. "The performance budget concept is based upon the idea that each agency, institution or department would formulate its program, setting forth its objectives and presenting its requests for budget allocations on the basis of the dollar cost. The allocation actually recommended by the Budget and Finance Committee would then be based upon the validity of the request, its relation to other needs, and the capacity of the Convention to meet its total program. This provides two definite advantages over the percentage concept of budgeting in that, first, new needs may be considered other than at the expenses of existing programs; and second, allocations

may be adjusted upward and downward in more realistic relation to actual needs and costs." (Page 94, 1959 Baptist State Convention Annual.)

The Budget Committee faced the needs of the Convention this year. Among other things, it faced a necessity to amortize a student center program that was voted several years ago. This capital payment for student centers amounted to 2.19% of our total anticipated income. This would have to be absorbed in our budget, but they could not accomplish this without changing percentages of the 1965 budget.

We believe this is a well balanced budget. All causes have received dollar increases. Social service and southwide objects will receive dollar increases, but slight percentage decreases. The colleges will receive one-tenth of one per cent increase, and a total of \$82,000 increase.

Were it not for the 2.19% required for student centers, General Board Program would have had a decrease in percentage.

This budget indicates a strong interest in the welfare of our colleges, and an indication of a continuing desire to give them every possible support.

Because women are women and men are men, husbands, deacons and preachers have been known to speak lightly of some of the methods by which WMU members and organizations operate. But beneath many a flowered hat is a dedicated heart. High heels trip their way on many a mission of mercy. All feminine chatter is not frivolous. All telephone calls are not gossip. All meetings are not excuses to get out of the kitchen or away from the children. The number of places of leadership which women occupy in the church indicates their seriousness of purpose and their willingness to be used of the Lord to bring His Kingdom in. Woman's Missionary Union is one of these avenues of service. Its members are helping to make missionary churches.

Being an organization of the church, Woman's Missionary Union earnestly seeks to cooperate with the other organizations in *helping the church to fulfill its mission*. In 9,365 WMU organizations in North Carolina, 172,283 members are being urged to carry out the tasks assigned to them by their churches.

The primary task assigned to Woman's Missionary Union is to TEACH MISSIONS to the women and girls, and the little children in the Sunbeam Bands. This is done through various means. The biblical basis for missions is presented through planned Bible study for individuals and groups. Four specially prepared mission books, covering mission work around the world, are suggested for *study* annually, one each quarter. In January of this year 8 mission study institutes were held in various sections of the state, with state WMU personnel offering teaching suggestions for 9 books to 702 associational and local leaders who would go back to their churches to do the actual teaching. WMU members are urged to *read* mission books and missionary periodicals throughout the year. Each WMS organization must have at least 10 missionary programs annually. Most WMS and YWA organizations have 22 such programs a year, while numerous GA and Sunbeam Band organizations that meet weekly have as many as 50 specifically missionary programs to inform and inspire them to participate in missions.

In addition to mission study classes, programs and missionary

reading, state promoted *camps* and *conferences* give young people an opportunity to know missionaries personally by having them in their midst daily for a week. A total of 1,067 Junior and Intermediate GA members met 10 missionaries in six weeks of state GA camp. Thousands more had similar opportunities in associational mission camps. 598 members of Young Woman's Auxiliaries enjoyed associating with 6 missionaries at a week of YWA Camp at the North Carolina Baptist Assembly and a weekend House Party at Wake Forest College, while 9 girls took advantage of the special privilege to visit Home Mission work in several states and Mexico as they traveled by chartered bus to and from the YWA Conference in Glorieta, New Mexico, where many missionaries participated on the program and in discussion groups. Even the Sunbeams, boys and girls up to nine years of age, are studying missions in summertime Day Camps, conducted by their Associational Sunbeam Band Director or the leader from their local church. Here, too, missionaries are frequently present.

At the State WMU Annual Session in Greensboro in March 2,551 women heard 19 missionaries from ten countries present the challenge of world missions.

This year the Baptist World Congress in Miami in June afforded a unique opportunity to teach missions. North Carolina WMU gave \$3,500 to the Women's Department of the Baptist World Alliance to help defray the expenses to Miami of 6 international Christians from: Brazil, Jordan, Rhodesia, Peru, South Africa and Taiwan. One afternoon during the Congress the State WMU invited all North Carolina women attending the Congress to a reception honoring these international guests. 185 N. C. women had a chance at this time to meet some of the fruits of missions. Attendance of N. C. WMU members at the Congress was promoted by providing two chartered buses from Raleigh and Charlotte, by means of which 72 women visited Home Mission work from North Carolina to Miami and attended all sessions of the Congress.

More than 500 N. C. women were present at the Ridgecrest WMU Conference where they received firsthand knowledge of world missions from approximately 20 missionaries and were introduced to various means of making the teaching of missions in their local churches more effective. The associational WMU organizations also bring missionaries to many of their associational activities for women and young people.

The second task assigned to Woman's Missionary Union by the church is to **LEAD PERSONS TO PARTICIPATE IN MISSIONS**. This is motivated by the teaching of missions which creates awareness and concern. A God-given means of participating in missions is through *prayer*. Woman's Missionary Union stresses the ministry of intercession through encouraging its members to pray daily for specific world mission needs and workers, for which purpose a daily Calendar of Prayer is provided in all of its magazines. A person who follows this calendar and prays specifically, prays for every missionary under appointment by the foreign and home mission

boards, by name, at least once a year, on their birthdays, and the various fields in which missionaries serve are prayerfully remembered day by day as the missionaries are listed. It joins with other organizations of the church in recommending daily family worship in the home, for the good of the family and the extension of God's Kingdom. With the Brotherhood, it invites the participation of the entire church in the observance of two special weeks of prayer: for foreign missions and home missions. Woman's Missionary Union stresses the value of special prayer services for five days of each of these weeks and seeks the cooperation of the Church Council in keeping other meetings from being scheduled during these weeks. It also encourages prayer for State Missions following specially prepared program material for each WMU organization, setting forth specific state mission needs. Increasingly its members are joining with women of other Baptist bodies around the world in participating in November in the Baptist Women's Day of Prayer, for which program and prayer requests are provided by the Women's Department of the Baptist World Alliance. The State WMU executive board has made a two-day Prayer Retreat an annual custom, during which time board members unite in meditation and prayer for their own greater commitment to Christian witnessing. Associational and local organizations are provided with suggestions for similar Retreats and many are discovering their value to the individual and to the outreach of the entire church.

The sharing of material possessions is emphasized as an avenue through which every individual may participate in missions. The *giving* of the tithe through the church, the Christian use of the remaining nine tenths, the cooperative program as the life-line of support for world missions, and the joy of "love-gifts" beyond the budget are taught to and practiced by WMU members. An Honor Woman's Missionary Society, Young Woman's Auxiliary or Girls' Auxiliary must have at least half of its members tithing and all of its members making some contribution through the cooperative program. Free leaflets offering suggestions on "How A Woman Can Tithe" and "The Whole Family Tithing" are distributed in abundance in answer to requests from local churches, as are Stewardship Covenant Cards on which a woman places her signature below a pledge to "be a faithful steward of all the money entrusted to me," and keeps this card in her Bible as a reminder of this solemn vow. This year a stewardship book was suggested for study by WMS, YWA, and GA organizations. Suggested aids for the study of these books were offered by State WMU personnel in statewide institutes in January. The book suggested for WMS members was MY MONEY AND GOD, by Hastings. It is estimated that this book has been taught in more churches this year than any other book except the foreign mission book. In most instances it has been taught to both men and women. The state WMU stewardship director has been called upon to teach this book in 2 associational gatherings and 13 local churches, and to lead 17 conferences on stewardship. This indicates the desire of women to cooperate in the Baptist State

Convention's "Tithe Now" program and to fulfill its assigned task of leading people to participate in missions.

Following the Weeks of Prayer for foreign and home missions, North Carolina churches contributed \$1,186,759 to the Lottie Moon Offering for foreign missions and \$324,260 to the Annie Armstrong Offering for home missions. These offerings are promoted by Woman's Missionary Union and the Brotherhood. It is their united concern that they be churchwide offerings and that they include no portion of the tithe but represent a desire to go beyond the minimum in giving (the tithe) in an attempt to thank God for His manifold blessings by helping to make His love known to all people.

WMU members are vitally involved in *missionary service in the community*. These activities cannot be recorded statistically. The opportunities vary with the community. Literacy education has been a service channel for many WMS and YWA members over the state. This is a sustained service. The state WMS director has taught the Laubach method to countless groups of volunteer teachers. Thrilling letters are continuously being received from individual teachers whose private pupils have included all races, ages and faiths. The Bible and the personal witness of the teacher have led to many conversions and rededications, as well as rehabilitation and economic security as a result of learning to read and write. Many churches and some associations are waging steady battles against the distribution of pornographic literature on newsstands and through the mails, sale of alcoholic beverages, and businesses staying open on Sunday. Women and girls are establishing and serving in mission centers, child care centers, leading Bible Schools among minority groups, ministering to people of special need, distributing Christian literature, and personally witnessing to the saving grace of the Lord Jesus Christ.

The State WMU personnel works closely and in full cooperation with all of the departments of the Baptist State Convention, whose total mission is to help all of the churches to fulfill their total mission . . . to make Christ known. The WMU executive secretary, WMS director, YWA director, GA director and Sunbeam Band director travel over the state approximately three-fourths of their time, usually upon request, sometimes upon their own invitation, to seek to inspire, inform, train, and motivate leaders and members of local and associational WMU organizations to accept the responsibility and privilege that is theirs in this worldwide enterprise, and to invite others to become a part of it. A faithful and efficient office staff of four dedicated women distribute the supplies, handle the budget, answer much of the correspondence, listen to the questions, problems and good news of the numerous visitors to the office and those who telephone, and perform those services at the office which make it possible for the directors to be out of town.

In bringing to the attention of the convention various items of the report, Price referred to the special committee seeking to suggest help for the financial needs of the colleges, and called on James W. Cammack, Fayetteville, chairman of the Committee of 28, to bring

its report, which was contained in the Book of reports. Cammack referred to the work of the committee as an effort to interpret the basic needs of the seven Baptist colleges and to offer recommendations as to how our people may prove of greatest help to the schools (page 155).

22. Leon Spencer, Comptroller, reported on the financial achievements of the year, referring to the detailed analysis of receipts and their disbursement.

23. William A. Snyder, West Asheville, presented the first recommendations of the Board, dealing with the "Tithe Now" emphasis to be continued in 1966.

English Jones, Pembroke, presented the second recommendation, that dealt with the Cooperative Program basic budget of \$5,400,000 for 1966, and the adoption of a "Performance Budget" on a dollar basis instead of a percentage basis, previously followed.

24. John Davis, Murfreesboro, presented recommendation 3, asking for authority for the General Board to borrow an amount not to exceed \$50,000 for the purchase of land for a Baptist Student Union Center at East Carolina College.

25. Ben F. Broadway, Hamlet, offered the recommendation (No. 4) on proposed changes in Constitution and Bylaws. In addition to those printed in the Report, he included one dealing with Trustees of the Convention.

Constitutional Changes

ARTICLE VII. TRUSTEES OF THE CONVENTION

Changes proposed.

On line four after General Board add the words "Or executive Committee."

At the end of line eight, following the words General Board add these words "or executive Committee."

On page 23 (1964 Annual) line 9, after the words General Board, add the words "or Executive Committee."

Thus Article VII. Trustees of the Convention (as amended would read):

"The convention shall have three trustees who shall serve for one year and shall hold title to the property of the Convention, its General Board or *Executive Committee*. They shall execute obligations only in behalf of and as ordered by the Convention. They shall have the powers granted to the trustees of religious societies by the laws of the State of North Carolina, but subject always to the limitations imposed by this Constitution and by action of the Convention, its General Board or Executive Committee. They shall require the Treasurer of the Convention to give suitable bond, with corporate security and in adequate amount as determined by the General Board, and they shall cause such bonds to be safely kept. Failure on the part of the Treasurer to maintain such a bond in force for as long a period as ten days shall authorize the Trustees to remove him from office. The Trustees shall make full,

detailed reports to the annual sessions of the Convention and at other times if requested by the General Board. They shall safely keep the seal of the Convention and affix it only as authorized by the Convention, its General Board or *Executive Committee*. The seal shall be circular in form and shall bear the words:

"Trustees of the Baptist State Convention of North Carolina, Incorporated 1893."

and another to be added to Article IX of the Constitution.

ARTICLE IX. INSTITUTIONS AND AGENCIES OF THE CONVENTION

E. Any resolution or motion made on the floor of the Convention, affecting any institution or agency of the Convention, shall be referred to the Executive Committee or General Board for consideration and a report made back to the Convention.

26. Berry A. Williams, Masonboro, proposed two amendments to the Constitution and Bylaws:

The following changes in the proposed amendment of Article V of the Constitution is hereby offered. (The first sentence of the article to read as follows): The Convention shall convene annually on the Second Monday in November at 7:00 p.m. (Balance of article to read as proposed by the Constitution Committee.)

Article II of the by-laws is hereby amended as follows:

The 2nd sentence of the Article is changed to read: "Vacancies occurring in Committees between sessions of the Convention shall be filled through appointment by the Convention President."

27. Rexford Campbell, chairman Committee on Committees, read the names of the Resolutions Committee: Dr. Claude U. Broach, Chairman, Charlotte; Paul Tugman, Mars Hill; Howard Holly, Burgaw; Rev. C. R. Hinton, Albemarle; Dr. English Jones, Pembroke; S. C. Ray, Greensboro; Mrs. J. Kyle Graybeal, Cary; Rev. Redden Thames, Lake View, S. C.; Rev. Frank Crumpler, Monroe; Rev. Wilson Padgett, Shelby; Moody Bridges, Rutherfordton; Weston P. Hatfield, Winston-Salem; Fred Barnes, Mocksville; Howard J. Dawkins, Concord.

These were elected.

28. Mrs. Delores Poovey, Belmont, sang "The Holy City" (Adams) before the presentation of the President's Message.

29. The subject of President Ford's message was "Let Us Go Forward." After reviewing the structure of the Convention, with its officers and committees, he directed attention to the work of the General Board and its annual report to the Convention. The ministry of the social service institutions and the seven Baptist colleges was commended, and tribute paid to friends of other religious faiths for their support of these institutions. In referring to the matter of government aid to these institutions, he indicated that the question may have to be faced again; that it may be that, within the framework of law, every liberty we acclaim may be protected

in our class-rooms, with cooperation with government agencies a part of the program. He called attention to the fact that convention trustees are elected to run the institutions. Ford expressed the belief that a new day was about to dawn for North Carolina Baptists, unless we neglected our spiritual revival, without which our institutions and the Convention structure would fail.

30. The benediction for the morning session was pronounced by Gordon E. Scruggs, Leicester.

TUESDAY AFTERNOON—NOVEMBER 16, 1965

Session Theme: "The Lord hath done great things for us, whereof we are glad" (Psalm 126:3).

31. Following the organ music by H. Max Smith, Joseph O. Stroud led the congregation in the singing of "To God Be the Glory." The convention was then led in prayer by H. Gordon Weekley, Charlotte.

32. John Lawrence, presiding, introduced Gomer Lesch, Director of Denominational Relations, Sunday School Board, to discuss the work of the Board. Lesch called particular attention to the new Growth Plan, which is built on the Adult Thrust, and is suited to the involvement of all church organizations, and to the Life and Work Curriculum, aimed at correlating the lesson course materials of the different organizations, to be available October 1, 1966.

33. Guy S. Cain, secretary of the Annuity Department of the State Convention, spoke to the report, which is included in the Book of Reports. Then he introduced Baynard Fox, of the Annuity Board, Dallas, Texas. Fox called attention to the fact that, first of all, this was a spiritual ministry, witnessing to the reality of our concern. He also pointed out that it was a growing ministry, characterized by changes adapted to the needs of the day.

34. English Jones, chairman, presented the Report of the Committee on Social Services. W. R. Wagoner, superintendent Children's Homes, Thomasville, moved the adoption of the report as recorded in the Book of Reports. Adopted.

Coite Jones, chairman of the trustees for the Homes for the Aging, Raleigh, called attention to the new building program planned for another Home at Yanceyville. Report adopted.

W. K. McGee, Winston-Salem, moved adoption of the Report of the Baptist Hospital. Adopted.

35. Howard Ford, presiding, introduced the second worship period of the day. Dr. Adams in his message called attention to the relevance of the Bible for our faith, our fellowship, and our future. The congregation sang "Come We that Love the Lord," and the convention choir, "Lift Up Your Voice, Ye Christian Folk" and "I Have Come From the Darkness."

36. Under the head of miscellaneous business, the President recognized several members of the Winter Park Church, Wilming-

ton, who had faithfully served during the two years of his presidency of the Convention.

37. Eugene Poston, Boiling Springs, President, asked permission for Gardner-Webb College to borrow up to \$350,000 to supplement the campaign being waged for the erection of a chapel-religious activities center, a new classroom building, and an athletic stadium. This was referred to the Committee on Resolutions.

Resolution Concerning Borrowing of Money by Gardner-Webb College

Gardner-Webb College is in a successful campaign for capital funds and has over \$1,000,000 (one million) in cash and pledges at the present time. To meet the immediate needs of students presently on campus, it is necessary to build a new chapel-religious activities center, a new classroom building and an athletic stadium. In order to meet these needs the college requests permission to borrow a maximum of \$350,000 (three hundred fifty thousand) and the Trustees submit the following resolution:

Whereas, the college is conducting a successful campaign for capital funds exceeding \$1,000,000 (one milion), and

Whereas, these funds will be collected over a period of three to five years, and

Whereas, a chapel-religious activities center, a new classroom building, and an athletic stadium are needed immediately.

NOW, THEREFORE, BE IT RESOLVED by the Baptist State Convention of North Carolina in session in the City of Charlotte, North Carolina

1. That the Board of Trustees of Gardner-Webb College be authorized and empowered by the Baptist State Convention of North Carolina to borrow a maximum of \$350,000 (three hundred fifty thousand) for the construction of the above named buildings.

2. That it is the intention of the Board of Trustees of Gardner-Webb College to borrow only those funds that are pledged in the present campaign.

3. That the repayment of this loan be made as soon as possible from funds to be received from pledges and gifts over a period of three to five years in the capital funds campaign of 1965 and other funds committed to this purpose.

4. That no part of any indebtedness which may be incurred by Gardner-Webb College under the authority of this resolution shall in any respect be deeded or held to be the indebtedness or obligation of the Baptist State Convention of North Carolina, nor shall the General Board assume any responsibility whatever for the repayment of such loan or any interest thereon.

38. Claude O'Shields, Wilmington, chairman of the Committee on Radio and Television, presented the following resolution, which was adopted.

Resolution for Baptist State Convention of North Carolina

Whereas, the Broadcasters of North Carolina and the Nation have repeatedly recommended, through their various associations, that Radio and Television Stations observe the highest standard of ethics in their programming, and that they further discharge their civic and moral responsibilities in the community or communities in which they are to be heard, and

Whereas, the vast majority of the Radio and Television Stations have complied laudably with the recommendations, and

Whereas, that compliance has included praiseworthy devotion to constructive public service programming, and

Whereas, the Broadcasters, each year provide public service time without charge, for the broadcasting of religious programming for all Faiths, and especially the Radio and Television Commission of the Southern Baptist Convention and the Baptist State Convention of North Carolina, and

Whereas, the commercial value of this time would total into countless millions of dollars, and

Whereas, the Radio and Television Commission of the Southern Baptist Convention has emphatically stated "it would rather be silenced forever on the Airways than to see even one station forced to schedule our programs," and

Whereas, the Radio and Television Commission has further stated "the broadcaster's choice in the matter of programming must remain inviolable . . . or every freedom we enjoy is in jeopardy."

BE IT THEREFORE RESOLVED that the Baptist State Convention of North Carolina commend the Broadcasters of North Carolina for the notable contribution they have made to the communities they serve, and to the state as a whole.

BE IT FURTHER RESOLVED that copies of this instrument be forwarded to the Federal Communications Commission, the National Association of Broadcasters, and to all Radio and Television Stations of North Carolina.

39. L. J. Morriss, Raleigh, secretary of the Visual Aids Department of the Convention, moved the adoption of the following resolution, which was adopted.

Resolution for Baptist State Convention of North Carolina

Whereas, this year marks the 25th anniversary of "The Baptist Hour," Southern Baptist Convention radio worship service, and

Whereas, the Radio and Television Commission of the Southern Baptist Convention now produces 22 different programs per week for nearly 2,000 radio and television outlets in 50 states and 35 foreign countries, and

Whereas, a majority of these stations provide public service time

without charge to the Southern Baptist denomination, the commercial value of which will exceed 3½ million dollars in 1965, and

Whereas, the Radio and Television Commission of the Southern Baptist Convention, representing some 33,000 churches and more than 10 million members, and

Whereas, the vast majority of these stations have operated with a high degree of responsibility with the public interest as their principle concern,

SO BE IT RESOLVED, that the Baptist State Convention of North Carolina go on record as congratulating the Radio and Television Commission on 25 years of Christian ministry and religious communications through radio, and commend the agency on its constant stand of opposition to threats to the religious freedoms which Baptists hold so dear.

40. Dennis Hockaday, Durham, made the following motion, which was passed unanimously.

At the request of the members of the First Baptist Church, Durham, of which the Rev. C. Nixon Royal was a member at the time of his death, of the members of the Angier Avenue Baptist Church which he served as pastor for many years, and by resolution of the messengers to the Yates Baptist Association, I present the following motion:

"In gratitude to God for the faithful service of forty (40) years as a pastor of North Carolina churches, during which time he served as President of the North Carolina Baptist Pastors' Conference, served three times as a member of the General Board, and also as a member of various committees of the Convention,

"That the 1965 Annual of the North Carolina Baptist State Convention be dedicated to the Rev. C. Nixon Royal, and that his picture and biographical sketch be included in the annual."

41. Roberts C. Lasater, chairman Committee on Arrangements, urged messengers who needed to have announcements made, to have them placed on the blackboard as far as possible.

42. Ken Bryant, director Camp Ridgecrest for Boys, spoke briefly concerning the importance of the camp for boys of our churches.

43. Ernest C. Upchurch, secretary Church Development Department of the Baptist State Convention, spoke of the outstanding work of the churches in winning the Church Achievement Awards. Twenty-seven, the greatest number for one year, were presented to representatives of the churches by General Secretary Crouch. The names of the churches follow:

44. Aubrey L. Tomlinson, Louisburg, chairman of the Council on Christian Education, called attention to the report in the Book of Reports, and moved its adoption. Adopted. He then called on Ben Fisher, secretary of the Council, who in turn recognized the presidents of the seven Baptist colleges in the state.

General Secretary Crouch asked Hoyt Blackwell, retiring President of Mars Hill College (1938-1966), and Carlyle Campbell, retiring President of Meredith College (1939-1966) to come forward. Speaking appreciatively of their outstanding service in the field of Christian education, he presented to each a silver bowl as the gift of the Convention. The audience stood in honor of these distinguished educational leaders.

Attention was directed to the publication of the Manual for Trustees, the Baptist Education Study Task, and the Council Self-Study.

45. The convention joined in singing "I Love Thy Kingdom, Lord."

46. Roberts C. Lasater introduced Garner C. Taylor, pastor Concord Baptist Church of Christ, Brooklyn, N. Y., a church of more than 11,000 members, and vice-president of the Progressive National Baptist Convention (Negro). Taylor spoke of the problem of human relations as one of the great matters that embarrass our country, placing upon us the burden of conscience. The church, he declared, has a deep stake in this, for these problems must be matched by the gospel of Christ. Too long the church has been the echo of the customs of the people. It has the responsibility

to shape their behavior and to lead the way in behalf of the needy. Nothing, the speaker said, other than a full committal to Jesus Christ can bring about what is needed and set our society right. With reference to our origin, we all come from God; with reference to our present, we must recognize the worth of every human soul; with reference to our future, we must retain a reverence for our destiny.

47. The session came to a close with Paul A. Breedlove, Bryson City, pronouncing the benediction.

TUESDAY EVENING—NOVEMBER 16, 1965

Session Theme: "I will build my church; and the gates of hell shall not prevail against it" (Matthew 16:18b).

48. President Ford announced the hymn, "When I Survey the Wondrous Cross," after the singing of which by the congregation, W. Wilbur Hutchins, Sanford, led in prayer.

49. C. Gordon Maddrey, secretary, moved the adoption of the report on the Baptist Foundation as found in the Book of Reports. Carried. He presented Peyton Brown, Raleigh, trustee of the Foundation, who spoke appreciatively of its work.

50. W. P. Crouch announced a telegram from Porter Routh, S. B. C. Executive Secretary, with the news that today the goal for the Cooperative Program had been reached, and that the remainder received through December 31, would be divided two-thirds for foreign missions and one-third for home missions.

51. C. U. Broach, chairman of the Resolutions Committee, reported favorably on the requests to borrow by Gardner-Webb College, Chowan College, Campbell College, the Wake Forest Medical School and the N. C. Baptist Hospital, and the request of the General Board to borrow for a student center at East Carolina College, Greenville. He moved the adoption of the report. Seconded. It was carried on the first vote without objection registered.

52. An outstanding feature of the program of the day was the presentation of the drama, "Future Investments," by the Dramatics Department of Campbell College, under the direction of Dan Linney. This was prepared to give atmosphere and setting for the "5-Year Program of Spiritual Growth," and received high commendation on all sides.

53. The choir of the First Baptist Church, under the direction of William E. Jarvis, sang "Onward, Ye Peoples" (Sibelius).

54. The Convention sermon on "Witnesses Unto Him" was delivered by Carl E. Bates, First Baptist Church, Charlotte. The preacher chose to read from Acts 1:1-8. He introduced his discourse by saying that we stand as a remnant in this day, and asked several questions that stem from that. What is to be our role in this hour? What our message, and the approach we are to

take, and what the chance of success? To these questions he declared that the answer was to be found in the biblical revelation.

1. The witnesses of the first century faced their day with a realism devoid of cynicism. So do we need to face ours, which is a pagan world.

2. The Christians of the first century were sure of just two things: a personal experience of the grace of God and a convincing assurance that He had called them to a commitment of their all to Christ.

3. Christians of the first century knew how to communicate to those who knew not the gospel in a manner difficult to understand. We must learn their secret. To do that, we must have colleges that are Christian.

4. They confirmed their faith by their lives.

5. They were willing to make any sacrifice necessary to get their message across.

6. The Christians of the first century were characterized by a militant optimism.

At the close of the sermon Dr. Bates dismissed the congregation with prayer.

WEDNESDAY MORNING—NOVEMBER 17, 1965

Session Theme: "Ye Shall be Witnesses unto me both in Jerusalem, in all Judea and in Samaria, and unto the uttermost parts of the earth" (Acts 1:8b).

55. Max Smith at the console presented an organ recital as the messengers assembled for the second morning's session.

56. The devotions included the singing of "Jesus Shall Reign" by the congregation, and of "Shall We Gather at the River?" by the convention choir. This was followed by prayer led by R. W. Kicklighter, Elizabeth City.

57. President Ford presented Thomas Bland, Wake Forest, chairman of the Christian Life Committee, to read the report, found in the Book of Reports (p. 148). Roger Jackson suggested the inclusion of "all people" to replace "white and Negro" in Section II. Bland approved the deletion of the words "white and Negro." On motion previously made by the chairman, the report was thus unanimously approved.

58. Wendell G. Davis, Charlotte, was recognized to present the Christian Action Committee's report. He in turn introduced D. P. McFarland, chairman of the Christian Action League of N. C. McFarland referred to eighteen elections on ABC stores during the year, with ten losses and eight victories for the "drys." He urged a total educational program against alcoholism. Report adopted.

59. Donald G. Myers, Reidsville, chairman of the Committee on

Public Affairs, was recognized. He presented Gordon Conklin, Kinston, who read the report and moved its adoption (p. 145).

Henry B. Stokes, Tryon, spoke to the report, urging the convention messengers to keep open minds concerning matters in the report, especially with regard to the acceptance of federal funds by church-related institutions of higher learning.

60. H. L. Ferguson moved to amend the report to accept Section I as information; to delete Section II because it was voted on a year ago; and to delete Section III because it would weaken our Baptist witness.

61. On announcement that time had expired for this discussion, Julius H. Corpening, Durham, moved an extension of time five minutes. Carried.

62. Warren Carr, Winston-Salem, speaking on the motion to amend, questioned the consistency of the amendment to bind this convention by the action of that of a year ago.

63. H. L. Ferguson, on a point of personal privilege, agreed that the action of one convention was not binding on that of another, but insisted that such an action ought to carry weight in the deliberations.

64. Wendell Davis expressed his opinion that the second and third sections, dealing with the acceptance of federal and state funds, and reference to the actions of the Vatican Council II, should be deleted.

65. A motion to extend the time five minutes was defeated.

66. The motion to delete sections 2 and 3 was then put by the president and carried.

67. A motion to adopt the first section of the report was carried.

68. At this point the time set for a worship period was announced. The choir sang "Holy, Lord of All" (Sanctus) and "Arise and Shine, O Zion Fair" (Coggins). Dr. Theodore F. Adams read from John 8:28-36, and announced as his subject, "Making the Most of Our Freedom." He declared that freedom is costly to keep and costly to lose — a precious thing. "Freedom is not a gift; it is a trust," the speaker said. There is such a thing as freedom for religion, freedom from religion, freedom in religion, freedom of religion, and freedom through religion. The highest freedom for the Christian is that he may become the servant of the Most High.

69. The hour for the election of President of the Convention having arrived, President Ford, ineligible for re-election, opened the floor for nominations. Howard G. Dawkins, Concord, nominated Carl E. Bates, Charlotte. Ray Hodge, Durham, nominated Tom M. Freeman, Dunn. Neil J. Armstrong, High Point, nominated E. W. Price, Jr., High Point.

70. A motion to close nominations carried, and the tellers proceeded to collect the ballots.

71. The Committee on Enrolment announced that at this time 2,748 messengers and 417 visitors, or a total of 3,165 had been enrolled.

72. Claude U. Broach, chairman Committee on Resolutions, moved the adoption of the resolution presented yesterday by John Ryberg, Smithfield, concerning the Ku Klux Klan, with slight alterations for brevity's sake. Same was adopted.

Whereas the Baptist witness in world missions and evangelism is based upon faithfulness to uncompromising Christian morality, and

Whereas the Baptist message seeks to be true to the Biblical truth which proclaims the inherent worth of every individual and every man's need for Christian community that is born of creative good will, and

Whereas the recent crisis in social justice has been widely aggravated by the Ku Klux Klan, which presumes to preach racial prejudice and ill will under the guise of the Cross of our Lord Jesus Christ, and

Whereas many of our own people are in need of encouragement to stand and be counted among those who would represent the Christian law of love in the total community of life,

BE IT THEREFORE RESOLVED that we, the messengers to this 135th annual session of the Baptist State Convention of North Carolina, meeting in Charlotte on November 16 and 17, 1965, do hereby affirm our sincere convictions as follows:

(1) That we decry the bigotry, prejudice, intolerance and ill will which characterize the Ku Klux Klan in its treatment of social and economic problems, and that we protest the Klan's perverted use of the Christian Cross, thus making the symbol of eternal love into a symbol of contemporary hate.

(2) That we give all encouragement and commitment to the ideals of love and creative good will which our Christian heritage would teach us to practice; that we salute Dr. W. R. Grigg and the Department of Interracial Cooperation for their outstanding labor to effect and maintain communication and understanding among all Baptists in North Carolina; that we salute Editor Marse Grant and the *Biblical Recorder* for courageous journalism in the area of human rights; that we commend the constructive influence of State government which, under Governor Dan K. Moore, has continued the meaningful program of Good Neighbor Councils, thereby encouraging a climate of good will.

73. E. W. Price, Jr., President of the General Board, recognized different members of the Executive Committee to present different recommendations of the report.

William A. Snyder presented Recommendation No. 1 on the "Tithe Now" continued emphasis. Carried.

74. English Jones presented the recommendation concerning the budget.

Nane Starnes, Asheville, offered an amendment concerning the "Performance Budget," that we reaffirm our determination to give no less than 33½ per cent to southwide causes (as set forth on page 94, item 3, of Convention Annual of 1959), that this principle apply to the 1966 budget, and that we authorize the General Board to follow out this by applying it to the "overage" of the budget.

On motion, the president was uncertain about the vote.

Starnes then changed his motion so that one-third of the gross income go to southwide causes (without limiting the percentage to the "overage" received).

Maynard Mangum, Elizabeth City, moved that the redistribution of any "overage" be left to the Executive Committee of the General Board. Carried.

On vote on the original motion concerning the budget, the convention voiced its approval.

75. Ben F. Broadway, Hamlet, moved the adoption of the proposed change in Article VI (under the third recommendation of the General Board).

A. G. Ferris, Concord, opposed it.

Gilbert Pierce, Kannapolis, expressed his opposition, because he felt the messengers to the convention should retain the right to elect the officers of the body.

R. F. Mayberry, Rutherfordton, moved that this change be tabled. The motion was lost.

Nane Starnes moved the previous question. This was carried.

The vote was then taken on the suggested change in Article VI. The recommendation was lost.

76. Motion to extend the time for the discussion of the report on recommendations of the General Board ten minutes was carried.

77. Ben Broadway presented the proposed change in Article X concerning debts. Carried.

78. Broadway then began recommendations concerning changes in the Bylaws by calling attention to Article I. The sentence, "The President of the Convention shall appoint a Parliamentarian who will serve at the discretion of the President," was stricken from the recommendation because of previous action relating to Article I of the Constitution.

J. M. Bulman, East Spencer, Parliamentarian, objected to the change from Kerfoot's "Parliamentary Law" to Robert's "Rules of Order."

John Lawrence thought Kerfoot's language archaic, and that the adoption of Robert's "Rules of Order" by the Southern Baptist Convention set a good precedent.

The vote on the recommendation of the General Board's suggestion to change to Robert's "Rules of Order" was carried.

79. L. J. Morriss, Secretary, Department of Program Services, presented a detailed and informational motion picture on the various phases of work supported by the Baptist State Convention in North Carolina, called "The Heartbeat of State Missions."

80. Donald R. McIntyre, Sulphur Springs Church, Alexander County, dismissed the messengers at the close of this session.

WEDNESDAY AFTERNOON—NOVEMBER 17, 1965

Session Theme: "Let there be no strife, I pray thee, between me and thee . . . for we be brethren" (Genesis 13:8).

81. Following a brief period of organ music and the singing of "O For a Thousand Tongues to Sing," W. J. Stephenson, Salisbury, led in prayer.

82. With President Ford in the chair, Roberts Lasater, for the Committee on Arrangements, indicated that a half-hour had been allotted at the beginning of this session for continued discussion on the proposed amendments of the General Board.

83. E. W. Price, Jr., president General Board, presented Ben Broadway, who brought the proposed change in Bylaws, Article I, Section E, concerning the Parliamentary. Inasmuch as the action of the morning had resulted in approving Robert's "Rules of Order" in place of Kerfoot's "Parliamentary Law" by the vote of 801 to 654, the change to Robert's "Rules of Order" will be noted in the Bylaws.

84. The recommended change in "Duties of Committees" (Article II of Bylaws) was adopted.

85. John Lawrence presented the proposed amendments to the Bylaws concerning "Meetings" (Article V of Bylaws) and "Amendments" (Article XIII of Bylaws). These were adopted.

86. Article VII. "Amendments to Bylaws" and Article II. "Duties of Committees" were amended as proposed by the General Board.

87. John Lawrence called attention to the proposed amendment made by Berry Williams that the Convention meet on Monday after the second Sunday in November, and stated that the author of the proposed change had withdrawn it.

88. Ben Broadway presented resolution concerning change in Constitution in Article VII on "Trustees of the Convention" (cf. Section 25 of Annual). It was adopted.

89. Broadway also brought up proposed change, made at the same time yesterday, concerning "Institutions or Agencies of the Convention" by adding another section to Article IX E. of the Constitution. Bulman opposed this on the ground that resolutions or motions of the trustees should not be referred to the Executive

Committee or General Board, but should be decided by the Convention. The proposed amendment was lost.

90. J. C. Cammack moved the adoption of the report of the "Committee of 28." Passed. Appreciation was also expressed concerning the work of this committee.

91. J. M. Bulman presented the following amendment to Article XI. "Miscellaneous" of the Constitution. As it was not presented the first day, it could not be acted upon; but the proposal was referred to the Executive Committee on motion of J. Felix Arnold, Enfield.

ARTICLE XI. MISCELLANEOUS

E. As much time as given for the presentation of a report shall be allowed for discussion of same from the floor.

92. Berry Williams presented proposed amendment to the By-laws, Article II "Duties of Committees," as introduced yesterday. Adopted.

93. Rexford Campbell, West Jefferson, Chairman Committee on Committees, presented the following report, which was adopted.

99. The ballot on the selection of the vice-presidents was then announced, with English Jones receiving 695 votes, and M. M. Goss, 551.

102. Joe Sanders, Oteen, nominated James M. Bulman to succeed himself as Parliamentarian. William A. Snyder nominated Nane Starnes. At the request of Starnes, his name was withdrawn by Snyder. Bulman was elected by acclamation.

103. William W. Finlator, asking to speak on a matter of personal privilege, tried to interpret the article relating to Vatican Council II in the report of the Committee on Public Affairs. This had been deleted in the morning session.

104. Warren Carr, Winston-Salem, asked to speak as a matter of personal privilege, and questioned the consistency and correctness of H. L. Ferguson's statement concerning his opposition to Section II of the same report, dealing with the acceptance of federal and state funds by church related institutions.

105. Ferguson repeated some of his remarks, indicating that he had been misinterpreted.

106. Parker McLendon, Elkin, moved that the Committee on Arrangements provide place for the address of Lowell Spivey, omitted from the morning session on account of lack of time. The motion passed.

107. Greetings were read by the secretary from Mr. and Mrs. Claude F. Gaddy and from the South Carolina Convention. The secretary also introduced Miss Ruth Williams, who with Mrs. Frances Campbell, was assisting with the minutes.

108. T. L. Sasser, Reidsville, chairman Committee on Memorials, read the list of the ministers who had died during the year, and H. B. Anderson, Durham, led in prayer.

109. The report of the *Biblical Recorder* was presented and ably discussed by Roger Branch, associate to the editor.

110. Thomas Holloway, Richmond, spoke about the notable work of the American Bible Society.

American Bible Society

"God's Word for a New Age" is the theme for the 150th Anniversary of the American Bible Society to be observed in 1966. It is also the theme of a program of missionary advance in which national Bible Societies throughout the world are seeking to provide greatly increased quantities of Scriptures urgently needed for mission work around the globe.

People must have the Bible because it presents Jesus Christ, the one hope of men and nations.

Each person must have the Bible in his own language because it speaks to his heart as no other language can speak.

In most countries, people cannot afford even the cost of printing the Scriptures.

During 1964 the American Bible Society:

rejoiced that some part of the Bible has been published in 1,232 languages; the full Bible in 235, a Testament in 290 more, a Gospel or other complete book in 707 more — but counted over 1,000 more languages in which not one book of the Bible has yet been published.

gave almost a million Scripture volumes for distribution by Chaplains to our Armed Forces and Veterans' Hospitals, as a vital link between the home churches and men in service.

continued special programs in Latin America for training laymen in Scripture distribution in their own communities and planned for similar work in Southeast Asia, India and Africa.

distributed a record total of over 48 million Scripture volumes in 492 languages, in more than 130 countries — with almost half the total going to other countries — and continued in the task of greatly increasing its annual distribution to meet urgent worldwide needs.

Southern Baptists Support the Work:

Because the Bible Society serves mission work — and Southern Baptist missionaries depend on the Society for Scriptures they need for their people — Southern Baptists believe in the missionary importance of giving to the American Bible Society.

In 1964 Southern Baptist churches gave \$190,334 to the American Bible Society and ranked first among all denominations. Gifts from all churches in the U.S.A. totaled \$1,186,960.

The help of every Southern Baptist church is needed. Southern Baptist churches can continue to lead — if every church will give. Has your church given this year? Here are suggestions, based on what many churches are now giving:

Every church can give at least these amounts each year:

Smaller churches	\$10 to \$ 60
Larger churches	\$60 to \$300
Great city churches	\$300 to \$600 or more

Please send gifts to your Baptist state office marked "for the American Bible Society."

111. President Ford recognized H. Max Smith, organist, and expressed appreciation for his fine service at the organ, and for that of Joseph O. Stroud in arranging and directing the music program of the convention.

112. Preceding Dr. Adams' closing message, the convention choir sang "Wondrous Love" (Sacred Harp) and "The Lord's Prayer," and the congregation joined in the hymn, "Majestic Sweetness." Dr. Adams presented "A Spiritual Yardstick," which he had re-

ceived from another years ago. It is based on the Beatitudes and may be compared verse by verse (Matthew 5:3-11).

1. How humbly do I stand before Almighty God? (v. 3)
2. How sensitive am I to the misery and need of mankind? (v. 4)
3. How well do I keep my God-given powers disciplined and under self-control? (v. 5)
4. How earnestly do I seek to know and do the right? (v. 6)
5. How frequently and how graciously do I extend a helping hand to those who need me? (v. 7)
6. How closely am I in tune with spiritual values? (v. 8)
7. How well am I learning the art of getting along with other people? (v. 9)
8. How ready am I to endure hardship and to suffer for Christian ideals? (vv. 10, 11)

113. L. J. Morriss called attention to the biography of J. C. Pipes, entitled "A Man Called Pipes," soon to be released by the press. Afterwards he presented Claude O'Shields to report for the Committee on Television Ministry. O'Shields called attention to the great expansion of the work of broadcasting Baptist programs. The discussion was continued by Morriss, who expressed thanks to the stations that had been producing "Light Unto My Path" and moved the adoption of the following report.

Annual Radio and Television Report

North Carolina Baptists have not been slow in the use of mass media for the proclamation of the gospel. During the past year, special radio programs were prepared for associational use on State Missions and in support of the Mother's Day Offering for the Baptist Hospital. Also, the Department produced the network broadcast of the annual Choir Festival from Wake Forest College. Recently the Department of Program Services produced for television and church use the 16mm sound motion picture, "The Extra Dimension," on Christian higher education, especially Gardner-Webb. This film is currently being shown by several North and South Carolina stations.

Some five years ago, the Department of Program Services began the production of the continuing weekly series "Light Unto My Path." This series has been telecast without break by six major North Carolina stations and two stations outside the state, which gives us complete saturation of the state. This weekly series is produced in sign language, designed to reach the deaf, the aging, the ill and unchurched. The response to this series by network stations has been most rewarding.

We wish to express to all cooperating stations of our state, and especially to the television stations who serve as partners in Christ in televising "Light Unto My Path," our deepest appreciation. To WLOS-TV, Asheville; WBTV, Charlotte; WFMV-TV, Greensboro;

WRAL-TV, Raleigh; WECT-TV, Wilmington; and WNCT-TV, Greenville. Also our appreciation to WTVC-TV, Chattanooga, Tennessee and WIS-TV, Columbia, South Carolina which help provide full coverage for our state. Appropriate recognition for these invaluable services will be made by the department to each station's administration at a later date.

Our special appreciation to WRAL-TV, Raleigh, not only for telecasting the series but for providing both production time and production crews at no cost to the Convention. The series is being sponsored also by associations and conventions of at least ten other states with a total of 18 outlets at no cost to the North Carolina Convention.

We wish to express our appreciation for the services of our missionary cast which includes Mrs. Art Fore, Mrs. Donald Miller, Mrs. A. J. Sutter, Miss Sylvia Grubbs, Sandra Greenhill, Jimmy Ringgold, Neal Peyton, Jerry Potter, Claud Bowen and James F. Heaton, who have dedicated themselves in a special way to the declaration of the gospel through this program.

The ministry of North Carolina Baptists through mass media effectively reaches more than a quarter million people in this state each week.

Please pray for the continuation of this Cooperative Program ministry.

Morriss also introduced Jerry Potter and Neal Peyton, missionaries to the deaf.

114. C. U. Broach brought a final report of the Committee on Resolutions, approving the requests for borrowing by Gardner-Webb College, Chowan College, Wake Forest for the Bowman Gray Medical School, Campbell College, the North Carolina Baptist Hospital, and the Convention for BSU expansion at East Carolina College. (The last, Recommendation 3 of General Board). The report was adopted.

Report of Committee on Resolutions

Whereas this year marks the 25th anniversary of "The Baptist Hour," Southern Baptists Convention radio worship service, and *Whereas* the Radio and Television Commission of the Southern Baptist Convention now produces 22 different programs per week for nearly 2,000 radio and television outlets in 50 states and 35 foreign countries, and

Whereas a majority of these stations provide public service time without charge for these programs and for broadcasting of religious programming within the various communities, and

Whereas the vast majority of radio and television stations within this state have complied laudably with standards for serving the public interest, as set forth by their own agencies and by the Federal Communications Commission.

BE IT THEREFORE RESOLVED

(1) That the Baptist State Convention of N. C. congratulate the Radio and Television Commission on its 25 years of Christian ministry and religious communication, and

(2) That the Baptist State Convention commend the Federal Communications Commission for its efforts in the public interest, and

(3) That the Baptist State Convention commend the Broadcasters of North Carolina for the notable contributions they have made to the communities they serve and to the State as a whole.

Report of Resolutions Committee

Your Committee on Resolutions recommends that the Convention express its deep appreciation to the following:

1. To the pastors and churches of Mecklenburg Association for their hospitality to all Convention messengers.

2. To the Convention Arrangements Committee, and especially to its Chairman, Roberts C. Lasater, for a well-conceived and helpful program.

3. To President Howard Ford and other officers for their fair consideration in handling the procedures of the Convention.

4. To the newspapers, radio, and television stations for coverage given in presenting news of the Convention to the public at large.

5. To all special guests, the Convention Choir, and especially to Dr. Theodore F. Adams for contributions to our program.

6. To the staff of Ovens Auditorium for their efforts to make our Convention comfortable, and our visit to Charlotte a pleasant one.

7. To the pages who rendered various services during sessions of the Convention.

8. To the First Baptist Church, the Pritchard Memorial Baptist Church and the St. John's Baptist Church for local arrangements in pre-Convention and related meetings.

115. O. T. Binkley, President Southeastern Baptist Theological Seminary, recognized Claude Howse, who represented the New Orleans Seminary, and presented President Robert E. Naylor, Southwestern Seminary, to speak on the subject, "The Church Faces Our World Through the Seminaries." The speaker declared that of approximately 125 approved and associate seminaries in the United States, about 25 per cent were Southern Baptist. He then made these remarks: 1. The churches face our world today, because theological education is involved in the issues before us now; 2. We must recapture the concept of a called ministry; and 3. We face the world in our seminaries through trained men who speak for God.

116. This session was brought to a close with the benediction by Eugene B. Gaskins, Bladenboro.

Wednesday Evening—November 17, 1965

Session Theme: "The field is the world" (Matthew 13:38). "Whom shall I send and who will go for us? . . . Here am I; send me" (Isaiah 6:8).

117. H. Max Smith led in a closing organ program before the Convention reconvened.

118. After the singing of "O Worship the King," led by Joseph O. Stroud, the body was led in prayer by Dr. Lin Fincannon, Elkin.

119. The final enrollment of the convention was reported by Charles Coffey as 2815 messengers and 543 visitors, for a total of 3,358.

120. The recording secretary read messages received from the Arkansas and Mississippi conventions.

121. Orville Scott, Thomasville, moved that the recording secretary, the general secretary, and the president of the convention perfect the journal. Motion passed.

122. President Ford called attention to the presence at different times during the sessions of Mr. and Mrs. John Williams; former president of the convention, J. C. Canipe; former general secretary-treasurer, M. A. Huggins; and O. L. Sherrill, inter-racial representative of the Baptist State Convention and the General Baptist Convention.

123. Secretary Crouch expressed for the convention appreciation to Howard Ford for his wise and faithful leadership during the two years of his presidency, and to Mrs. Ford for her generous assistance during this period.

124. Mrs. W. K. McGee, first vice-president, was recognized and presided over the closing part of the session.

125. The report of the Woman's Missionary Union was presented and briefly discussed by Mrs. A. Leroy Parker, president of the W.M.U. of North Carolina. Adopted.

126. E. Lowell Spivey, secretary of the Division of Missions of the Convention, spoke on "The Now and the Next in North Carolina Missions." In referring to the "Now," he pointed out a ministry to the deaf, a TV ministry, military transients, minority racial groups, the General Baptist Convention, Fruitland Baptist Institute, Seminary Extension Centers, and other work being carried on. Pointing to "Our Next," he spoke of the population explosion, juvenile delinquency, metropolitan expansion, and the revolution in racial relations, and declared that against the idea of self-preservation,

we must place self-denial, and that "the Christian churches must extend themselves or become extinct."

127. The Campbell College choir, under the direction of Paul M. Yoder, presented two anthems: "Sing Praises" (L. Stanley Glarum) and "Thou Who Wast God" (K. K. Davis).

128. "New Emphases in World Missions" was the theme for the Home and Foreign Mission program. W. A. Mitchiner, Oxford, member of the Home Mission Board, directed the first part of the hour, and recognized the following missionaries, who spoke briefly on the work they were carrying on: Ned Baity, military personnel in North Carolina; Larry Bryson, missionary to the Cherokee Indian reservation; Albert Lamm, missionary to North Dakota; Mrs. Wilson Norwood, Patterson Avenue Mission, Winston-Salem; Jerry Potter, missionary to the deaf; Roy Smith, mountain missions in North Carolina; and Ernest C. Upchurch, Church Development program in the state.

129. Jerry Marsh, secretary of the Hospital Chaplaincy, Home Mission Board, spoke on "New Trends in Home Missions," calling particular attention to an institutional mission program and a personalized ministry.

130. The congregation then joined in singing "We've a Story to Tell to the Nations."

131. Mrs. W. A. Mitchiner, Oxford, member of the Foreign Mission Board, directed the second part of the program dealing with "New Trends in World Missions" and recognized the following, who spoke briefly of their fields of labor: Stella Austin, Nigeria; Mr. and Mrs. Troy Bennett, East Pakistan; Mr. and Mrs. Otis W. Brady, British Guiana; Harry Goble, Guam; Virginia Miles, Indonesia; Marian Phillips, Nigeria; Mr. and Mrs. Cloyes Starnes, Korea; and Faye Tunmire, Philippines.

132. Dr. Frank K. Means, Richmond, secretary to Latin America, discussed the topic, "What is Happening in Foreign Missions?" Prefacing his address by calling attention that there were forty-three missionaries of North Carolina in Latin America, he pointed out ten important suggestions.

1. Missionary heroism can be found today wherever emergencies exist.

2. Methods and emphases are being re-examined and re-evaluated.

3. Missionary outreach is being extended in new areas.

4. Major victories are taking place on many fronts in evangelism. (In the 1965 evangelistic crusade in Brazil, probably there have already been 80,000 converts, and 200 new Baptist churches may be established.)

5. Mass communications are being used more extensively than ever.

6. More ministers and lay leaders are appearing among the nationals.

7. University students are increasingly the object of our attention.

8. Ministries of healing and social work are being multiplied and intensified.

9. Commendable progress is noted in missionary recruitment; but this must be increased.

10. God's power is at work; but we need to experience it at home and abroad as never before.

133. President Ford presented to the Convention its newly elected President, Carl E. Bates, Charlotte, and Mrs. Bates and their daughter Judy.

134. The sessions of the 135th annual session of the North Carolina Baptist State Convention came to a close with the pronouncement of the benediction by President Howard J. Ford, Wilmington.

Statistical Reports

Associational and Convention Activities

Prepared by The Department of Statistics and Survey

TED W. WILLIAMS, *Secretary*

MRS. LAFATA LUSK, *Office Secretary*

The following information was supplied by the clerks of the eighty (80) Baptist Associations in North Carolina. We greatly appreciate the faithful service they have rendered in compiling the statistical data. These reports are based on the associational year, and the financial figures are not the same as those based on the calendar year reported by our Convention business office.

Items marked (*) give latest data available.

Churches not reporting:

(1) First year not reporting—previous year's report will be carried, except for baptisms, additions by letter, number of missions operated by church, and Vacation Bible School enrollment.

(2) Second consecutive year not reporting—latest total membership only will be carried. (This year latest available resident membership and Sunday School enrollment were also carried.)

(3) Third consecutive (and subsequent) year not reporting—no figures carried, but will be counted as a church. (A church will be counted until verification is received from the association that a subject church has been disaffiliated from said association.)

Location (Item 2)

(Number which most nearly describes church location)

1. Open Country.
2. Village (Under 500 Pop.).
3. Town (500-2,499 Pop.).
4. City (2,500-9,999 Pop.).
5. Downtown Area in City of 10,000 Pop. or More.
6. Neighborhood Area in City of 10,000 Pop. or More.
7. Suburban Area of City With 10,000 Pop. or More.

AUDITOR'S REPORT

Auditor's Statement

EXECUTIVE COMMITTEE OF THE
GENERAL BOARD OF THE
BAPTIST STATE CONVENTION OF NORTH CAROLINA
RALEIGH, NORTH CAROLINA

Gentlemen:

We have examined the balance sheet of the Baptist State Convention of North Carolina as of December 31, 1965, and the related statements of income and changes in fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. The statements, which are a part of this report, show the condition of the General, Education and Social Service Institutions Funds at December 31, 1965, and the results of the income and expenses for the year then ended. The statements of the North Carolina Baptist Assembly, the Fruitland Baptist Camp and the Fruitland Baptist Bible institute cover the operations for the period of twelve months ended December 31, 1965, and, in addition, give a reconciliation of cash. The funds shown as sent direct are taken from reports received by the Convention and were not otherwise verified by us.

All recorded cash receipts were found to be promptly deposited in the bank and disbursements were supported by cancelled checks, invoices or other evidence, with expenses properly classified. Our examination did not disclose any evidence of irregularities and we believe the funds have been carefully and honestly handled and accounted for.

In our opinion, the accompanying balance sheet and statements of income and expenses and fund balances present fairly the financial position of the Baptist State Convention of North Carolina at December 31, 1965, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to such organizations, applied on a basis consistent with that of the preceding year.

Respectfully submitted,
A. T. ALLEN & COMPANY
Certified Public Accountants
